Dear Board Members,

The County has invested tens of millions of dollars improving the Missouri Flat interchange so that it would be possible to bring some retail sales tax dollars and jobs in to our county. The retailers in the immediate area bring in substantial sales tax revenues that we spend largely on public safety services. Missouri Flat Road is the gateway to our South County Wine Country.

The agenda item before you states, "

The purpose of this Agreement for Services 6586 is to specifically support number one above, the development of a short-term congregate Navigation Center site on the Perks Court property."

Please do not attempt to attract a large number of the homeless to this area. There is a high likelihood "the navigation center" will hurt commerce in the very area that we have invested so heavily to increase commerce.
