The agenda item states.....

"Authorize the HHS Director, or designee, to administer said agreement and subsequent amendments that do not increase the maximum dollar amount or term of the Agreement, contingent upon approval by County Counsel and Risk Management, "

The way this agenda item is currently worded, it is my understanding that Daniel could delegate to anyone in HHS the authority to execute a contract amendment that would change the location from Perks Court to say Coloma or EDH. Can't we tighten this up a little?

Maybe the amendments should be approved by the HHS Director and the CAO?

It is my opinion that the current agenda item is way too loosely worded.
