[Regarding Item: 22-1764](#)

"Planning and Building Department, Code Enforcement Division, recommending the Board receive a presentation on Code Enforcement activities and procedures."

In reference to what seems a fairly new activity of demanding fees and penalties on current homeowners for what they say was unpermitted work by previous owners. Some charges referenced by the county go back to 2 or 3 previous ownerships. It's my understanding that these department records did not exist prior to about 1965. Plus, I hear, building permits prior to 1970 were lost by the building department. Hopefully, the presentation will include implementing an "Amnesty Program " similar to what Placer County and other counties have done to resolve these issues.

Thank you for your time and consideration, Bud Zeller.
