THIS AGREEMENT, made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and PlaceWorks, Inc., a corporation duly qualified to conduct business in the State of California, whose principal place of business is 3 MacArthur Place, Suite 1100, Santa Ana, California 92707 (hereinafter referred to as "Consultant");

RECITALS

WHEREAS, County has determined that it is necessary to obtain a consultant to assist its Planning and Building Department with the preparation of the Housing Element Update for 2021 through 2029;

WHEREAS, Consultant has represented to County that it is specially trained, experienced, expert, and competent to perform the special services required hereunder, and County has determined to rely upon such representations;

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable state and local laws;

WHEREAS, County has determined that the provision of such services provided by Consultant are in the public's best interest and that these services are more economically and feasibly performed by outside independent Consultants as well as authorized by El Dorado County Charter, Section 210(b)(6) and/or Government Code Section 31000;

NOW, THEREFORE, County and Consultant mutually agree as follows:

ARTICLE I

Scope of Services: Consultant agrees to furnish personnel, equipment, and services necessary to assist in the preparation of the Housing Element Update for 2021 through 2029. Services shall include, but not be limited to, those tasks as identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof.

Unless otherwise indicated, receipt of this executed Agreement is Consultant's Notice to Proceed with the work specified herein, with the exception of Task 18. A Notice to Proceed will be issued for Task 18 if County determines this work is required. No payment will be made for any work performed prior to the effective date of the Agreement.

This Agreement also includes a Project Contingency, as subsequently identified during the course of work under this Agreement by County's Contract Administrator, related to the Scope of Work as identified in Exhibit A. The Project Contingency may supplement or modify the Scope of Work as identified in Exhibit A, hereto.

The specific services for the Project Contingency shall be determined at a meeting or telephone conference between Consultant and County's Contract Administrator, or designee, to discuss the needs, applicable standards, required deliverables, specific Consultant staff and any necessary permits on a task-by-task basis. Within an agreed timeframe as determined by County's Contract Administrator, following the meeting or telephone conference, Consultant shall provide County's Contract Administrator with a written scope of work, a schedule including a list of tasks with completion dates, a target completion date for the overall scope of work, and a not-to-exceed cost itemization to complete the work, which shall require written approval, authorization, and written notification to proceed from County's Contract Administrator, prior to commencement of the work. No payment will be made for any Project Contingency performed prior to approval.

If a submittal or deliverable is required to be an electronic file, Consultant shall produce the file using Microsoft (MS) Office applications (specifically, MS Word, MS Project, and MS Excel). Signed reports shall be submitted in Adobe portable document format (PDF). All deliverables shall be submitted in language, format, and design that are compatible with and completely transferable to County's computer and that are acceptable to County's Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator.

All of the services included in this Article and Exhibit A are the responsibility of Consultant unless specifically described as a task or item of work to be provided by County.

ARTICLE II

Term: This Agreement shall be effective upon final execution by both parties hereto and shall expire three (3) years thereafter.

ARTICLE III

Compensation for Services: For services provided herein, including any deliverables that may be identified herein, County agrees to pay Consultant upon the satisfactory completion and County's acceptance of work, in arrears. Payment shall be made within forty-five (45) days following County's receipt and approval of itemized invoices identifying the services rendered.

For the purposes hereof, the billing rates shall be in accordance with Exhibit B, marked "Rate Schedule," incorporated herein and made by reference a part hereof. The rates listed in Exhibit B may be adjusted once annually with thirty (30) days advanced written notice from Consultant to County's Contract Administrator and shall require written approval and acceptance by County's Director of Planning and Building prior to the new

rates becoming effective. The rate increase shall not exceed three percent (3%) annually. Any rate increases authorized by County's Director of Planning and Building shall not increase the total not-to-exceed amount of the Agreement.

Reimbursement for mileage and/or travel (i.e., overnight lodging, meals, parking, airfare, bridge tolls, and other per diem expenses) expenses for Consultant shall not exceed the rates to be paid to County employees under the current Board of Supervisors Travel Policy at the time the mileage and/or travel expenses are incurred. There shall be no markups allowed on mileage and/or travel expenses for Consultant.

Other direct costs, including overnight delivery charges and costs associated with the purchase of data from outside data sources, shall be invoiced at Consultant's cost, without markup, for the services rendered. Any invoices that include direct costs shall be accompanied by documentation to substantiate Consultant's costs for the services being billed on those invoices.

For the purposes of budgeting the Tasks in Exhibit A, the billing amounts for each Task are identified in Exhibit C, marked "Cost Proposal*," incorporated herein and made by reference a part hereof. In the performance of the scope of services to be provided under this Agreement, Consultant may request to reallocate the expenses listed in Exhibit C among the various Scope of Work Tasks, Optional Task, Direct Costs, and Project Contingency identified therein, subject to County Contract Administrator's prior written approval. In no event shall the total not-to-exceed amount of the Agreement be exceeded.

The total amount of this Agreement shall not exceed \$113,862, inclusive of all costs, taxes, and expenses.

Itemized invoices shall follow the format specified by County and shall reference this Agreement number on their faces. Consultant shall attach copies of any progress reports required under the provisions of ARTICLE V, Progress Reports, herein, that relate to the services being billed, as backup documentation to any invoices submitted for payment under the terms of this Agreement. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices. Invoices shall be mailed to County at the following address:

County of El Dorado
Planning and Building Department
2850 Fairlane Court
Placerville, California 95667
Attn.: Anne Novotny
Planning Manager

or to such other location as County directs.

In the event that Consultant fails to deliver, in the format specified, the deliverables and progress reports required by this Agreement, County at its sole option may delay the

payment for the period of time of the delay, cease all payments until such time as the required deliverables or progress reports are received, or proceed as set forth below in ARTICLE XIV, Default, Termination, and Cancellation, herein.

ARTICLE IV

Taxes: Consultant certifies that as of today's date, it is not in default on any unsecured property taxes or other taxes or fees owed by Consultant to County. Consultant agrees that it shall not default on any obligations to County during the term of this Agreement.

ARTICLE V

Progress Reports: Consultant shall submit written progress reports to County's Contract Administrator at intervals that are commensurate with the requirements of the items of work and tasks being performed and based upon a mutually agreeable schedule. At a minimum, Consultant shall submit progress reports once per month. The reports shall be sufficiently detailed for County's Contract Administrator to determine if Consultant is performing to expectations and is on schedule, to provide communication of interim findings, and to afford occasions for airing difficulties or special circumstances encountered so that remedies can be developed. County's review of these reports will ensure that Consultant's work meets a level of acceptability as determined by County's Contract Administrator, and Consultant shall be required to modify its work as necessary to meet that level of acceptability as defined by County's Contract Administrator. Progress reports shall include the total number of hours worked by Consultant and shall include descriptions of the tasks and work performed, including a description of any deliverables submitted during the reporting period and the anticipated tasks, work, and deliverables proposed for the subsequent reporting period. Any invoices submitted by Consultant for payment under the terms of this Agreement shall include copies of the progress reports that relate to the services being billed on those invoices.

ARTICLE VI

Ownership of Data: Upon completion or earlier termination of all services under this Agreement, ownership and title to all reports, documents, plans, maps, specifications, estimates, compilations, photographs, videos, and any and all other materials or data produced or obtained as part of this Agreement will automatically be vested in County without restriction or limitation on their use, and no further agreement will be necessary to transfer ownership to County. If County desires to reuse any documents or other deliverables, including electronic media, pertaining to the project prepared by Consultant, County may do so, but if such documents or other deliverables are reused by County for any purpose other than that for which such documents or deliverables were originally prepared, or if County causes such documents or deliverables to be altered without Consultant's written consent, such reuse shall be at County's risk. Copies may be made for Consultant's records, but shall not be furnished to others without written authorization from County's Contract Administrator. Such deliverables shall be deemed works made for hire and all rights in copyright therein shall be retained by County. Consultant shall furnish County all necessary copies of data, including data stored in electronic format, needed to complete the review and approval process of the services and deliverables provided under this Agreement.

ARTICLE VII

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE VIII

Consultant to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Consultant shall act as Consultant only to County and shall not act as Consultant to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Consultant's responsibilities to County during the term hereof.

ARTICLE IX

Confidentiality: Consultant shall maintain the confidentiality and privileged nature of all records, including billing records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Consultant, and all Consultant's staff, employees, and representatives, shall not use or disclose, directly or indirectly at any time, any said confidential information, other than to County's Planning and Building Department for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE X

Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE XI

Independent Contractor/Liability: Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, associates, and subcontractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Consultant shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees.

ARTICLE XII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XIII

Audit by California State Auditor: Consultant acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code § 8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records, and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XIV

Default, Termination, and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (Time to Cure), then such party shall be in default. The Time to Cure may be extended at the discretion of the party giving notice. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the Time to Cure has expired. In the event of termination, County reserves the right to take over and complete the work by contract or by any other means.

- B. Bankruptcy: This Agreement, at the option of County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
- C. Ceasing Performance: County may terminate this Agreement immediately in the event Consultant ceases to operate as a business or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part upon seven (7) calendar days' written notice by County without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates, as set forth in the Notice of Termination provided to Consultant, and for such other services which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise.

Said notice shall become part of this Agreement upon acknowledgment in writing by County's Contract Administrator, and no further amendment of the Agreement shall be necessary provided that such change of address does not conflict with any other provisions of this Agreement.

ARTICLE XVII

This duty of Contractor to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XVIII

In the event said insurance coverage expires at any time or times during the term of this Agreement, Consultant agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of term of the Agreement, or for a period of not less than one (1) year. New certificates of insurance are subject to the approval of Risk Management and Consultant agrees that no work or services shall be performed prior to the giving of such approval. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.

- M. Consultant's obligations shall not be limited by the foregoing insurance requirements and shall survive the expiration of this Agreement.
- N. In the event Consultant cannot provide an occurrence policy, Consultant shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- O. The certificate of insurance shall meet such additional standards as may be determined by the contracting County department, either independently or in consultation with County's Risk Management Division as essential for protection of County.

Consultant shall assess current and potential housing programs to recommend future programs that will support County's housing objectives.

TASK 8: HOUSING GOALS, POLICIES, PROGRAMS, AND QUANTIFIED OBJECTIVES

Consultant shall work with County staff to update goals, policies, programs, and quantified objectives (pursuant to Government Code Section 65583 et seq.) to address identified housing needs and constraints based on the effectiveness and continued appropriateness of existing housing element programs, information received through public outreach, the analysis of constraints, and findings from the needs assessment. The programs shall be structured to implement stated goals and policies and to produce quantifiable objectives. Programs shall describe specific steps for implementation and measurable outcomes and shall identify a time frame, responsible department, and funding sources. Programs will address:

- All new State requirements since adoption of the existing Housing Element.
- Consistency and compliance with the rest of the General Plan elements and community goals.
- Development controls and regulatory incentives.
- Working to provide housing opportunities for all residents.
- Fair housing programs.
- Sources of affordable housing funding.
- Preserving and improving existing affordable housing.
- Facilitating development of adequate housing and infrastructure to meet the needs of low and moderate income households in keeping with the regional projected housing needs allocation.

Deliverable(s):

- Completed Administrative Draft Housing Element Update shall include Tasks 3-8

TASK 9: HOUSING ELEMENT STEERING COMMITTEE MEETINGS

Consultant shall conduct an appropriate community outreach program which may include the preparation of presentations, handouts, and media for posting on County's website, as well as conducting public workshops in compliance with State law. The community outreach program shall include a Housing Element Steering Committee that will meet once per month for the entire project schedule. The Steering Committee shall provide input on key housing issues facing County and potential policy approaches. Consultant shall also review all draft documents prior to review by the Planning Commission and Board. Consultant envisions these meetings as being open to the public, providing opportunity for public comment as another means to encourage broad

community participation. Consultant shall attend, present, and participate in two (2) housing Steering Committee meetings.

Deliverable(s):

- Attendance for two (2) people at two (2) Steering Committee meetings
- One (1) reproducible copy, one (1) electronic copy (in MS Word), and one (1) electronic copy (in PDF) of workshop materials and summary
- Response to public comments

TASK 10: COMMUNITY/STAKEHOLDER WORKSHOPS

Consultant proposes to hold three (3) public workshops, throughout County, to encourage broader community engagement and address the unique housing issues facing different areas of the county. The workshops could take place early in the process to get input on housing issues and potential policy solutions, or the workshops could be held once the Public Review Draft Housing Element is published to get feedback on the proposed policies and programs. Consultant shall assist with preparing workshop materials, including an email announcement and flyer advertising the workshops, informational posters/boards and/or a PowerPoint presentation, and a summary report of community feedback.

Consultations: Consultant proposes conducting consultations and two (2) stakeholder roundtable meetings with identified stakeholders and any other community members identified as information resources. Interviews may be held over the phone, in person, before or after community meetings. This task allows for consultations with 5-8 stakeholders.

Deliverable(s):

- Attendance for two (2) people at three (3) public workshops throughout the County
- Attendance for two (2) people at two (2) stakeholder roundtable discussions
- Community/stakeholder workshop materials/summary

TASK 11: PLANNING COMMISSION AND BOARD MEETING AND WORKSHOPS

Consultant shall attend one (1) Planning Commission workshop and one (1) Board workshop to review and solicit feedback on the Public Review Draft Housing Element prior to submitting the Housing Element to HCD. For each meeting, Consultant shall prepare a staff report and PowerPoint presentation summarizing the Housing Element update process, key policy changes, and recommendations of the Housing Steering Committee. Consultant shall request authorization from the Board for staff to submit the

Housing Element to HCD for the mandated 60-day review period. Following review by HCD and preparation of the Final Housing Element, Consultant shall attend adoption hearings with the Planning Commission and Board to present the Final Housing Element and other amended General Plan elements, as applicable. Consultant shall prepare a PowerPoint presentation for each hearing.

Deliverable(s):

- Planning Commission and Board Study Session PowerPoint presentation and materials
- Planning Commission and Board Public Hearing PowerPoint Presentations on Housing Element and Final Housing Element

TASK 12: ADMINISTRATIVE DRAFT HOUSING ELEMENT

Consultant shall incorporate the components described in Tasks 3-8 (Housing Element Preparation) into a comprehensive, formatted administrative draft Housing Element, which shall be submitted to County staff for review and comment in accordance with the project's schedule. Any outstanding data from County shall be incorporated into the draft Housing Element during County staff's review. Consultant requests a single set of consolidated County comments on the administrative draft.

Deliverable(s):

- One (1) reproducible copy, one (1) electronic copy (in MS Word), and one (1) electronic copy (in PDF) of the Administrative Draft Housing Element

TASK 13: PUBLIC REVIEW DRAFT HOUSING ELEMENT

Consultant shall revise the Administrative Draft to incorporate staff's comments and submit the Draft Housing Element for County staff distribution to HCD, the Board, the Planning Commission, and the general public for review and comment.

Deliverable(s):

- One (1) reproducible copy, one (1) electronic copy (in MS Word), one (1) electronic copy (in PDF), and twenty (20) hard copies of the Draft Housing Element

TASK 14: HCD SUBMITTAL AND REVISION OF DRAFT HOUSING ELEMENT

Consultant shall prepare a Final Draft Updated Housing Element in response to comments from HCD, responsible agencies, County staff, Planning Commission, Board, and the public. Consultant's staff is able to meet with HCD staff as needed.

Consultant shall serve as the County's liaison to HCD, and activities shall include:

- Submittal of the draft Housing Element to HCD (60-day review).
- Meetings and/or conference calls with County staff and HCD staff to discuss comments.
- Address additional public comment as necessary
- Incorporating HCD's requested revisions.
- Submission of the final draft to HCD for review and approval (90-day review).
- Responses to HCD.

Upon determination of compliance by HCD of the Final Draft Housing Element, Consultant shall submit the Final Draft Housing Element for distribution to the Planning Commission and the Board for final adoption at corresponding public hearings.

Deliverable(s):

- One (1) electronic copy (in MS Word), one (1) electronic copy (in PDF), and twenty (20) bound copies of the Final Draft Housing Element
- Public comments

TASK 15: ENVIRONMENTAL REVIEW

The appropriate level of California Environmental Quality Act (CEQA) analysis will depend largely on the extent of rezoning needed to meet the Regional Housing Needs Allocation (RHNA). County has identified enough sites to meet the proposed RHNA allocation. If other changes to the zoning code resulting from the project could trigger more in-depth CEQA, it is more likely that the impacts of those changes could be addressed by explaining existing development requirements, demonstrating compliance with State or federal law, or pointing to the provisions included in the zone change itself (e.g., site development requirements and findings for approval).

This scope assumes two (2) different options for CEQA compliance: Addendum or Mitigated Negative Declaration. While an exemption is technically possible, most agencies avoid attempting an exemption for a general plan amendment. Consultant shall conduct a review to determine if an exemption is appropriate.

Consultant shall assist with the SB-18 and AB-52 process to ensure timely consideration of the project regardless of the level of CEQA analysis. Consultant shall draft a letter to the Native American Heritage Commission (NAHC) to receive the list of tribes, and draft invitation to consultation for those tribes that have notified County. After County review, the letters should be placed on County letterhead and any consultation should include County staff. Consultant can assist with the consultation if requested by

the Tribes, however this type of project usually receives no response, or a phone call to conclude the process.

In preparing the Addendum, Consultant shall evaluate the changes to the Housing Element, compare the impacts to the original environmental document, and discuss each of the CEQA findings in relation to the new element. The Addendum is a short document that would accompany the Housing Element during the adoption process and would be prepared if the project impacts would not substantially worsen a previously identified impact or create a new significant impact.

TASK 15.1: ADDENDUM

The existing Housing Element was adopted by the County in 2013 using a Negative Declaration prepared for the 2013-2021 Housing Element. If the extent of change to the Housing Element is minor, Consultant shall evaluate whether an Addendum to the 2013-2021 Housing Element Negative Declaration document would be appropriate. Given the amount of time that has elapsed since preparation of the original document, and the changes to the environmental process that have occurred since then, an Addendum may not be appropriate.

TASK 15.2: INITIAL STUDY/MITIGATED NEGATIVE DECLARATION

More than a checklist, the initial study (IS) is the table of contents for the substantial evidence, and the discussion needed to prove that environmental impacts are less than significant. Consultant shall tier off appropriate certified environmental documents and streamline the discussion to focus on the proposed project. If needed, technical studies shall address the CEQA checklist questions, and all mitigation measures shall be proportionate to the project impact and fully implementable by County.

Process for Mitigated Negative Declaration

1. Work with County to determine if there is another certified environmental document, or documents, that the IS can tier from. The initial study can tie together a series of certified or adopted documents and demonstrate the analysis in those documents to address the potential impacts. This is useful for region-wide application of policies.

2. Prepare an IS following an approved County format or Appendix G of the CEQA Guidelines. The IS shall include a narrative discussion of the setting, anticipated impact, and the means by which existing policies or programs shall fully address the impact. Technical studies assumed at this level of analysis are regional in nature and would reflect changes in the regulatory environment rather than direct impacts of the

project. Examples of this can include more robust monitoring resulting from the AB-52 or SB-18 Tribal consultation, or adherence to local or regional mitigation strategies. At this level there is an assumption in which mitigation included in the IS can fully mitigate impacts below County threshold for all impacts resulting in a negative declaration (ND) or mitigated negative declaration (MND).

3. Review and edit the draft IS with County based on County's recommendations. Consultant requests a single set of consolidated County comments on draft documents.

4. Prepare the public review draft of the IS with supporting materials. This involves all the requisite notice of intent forms, and State clearinghouse forms. Consultant shall provide twelve (12) paper copies of the draft document with the Housing Element and any technical information on a CD or USB Thumb Drive. Consultant shall also ensure that all documents are suitable for posting.

5. Response to comments on the document. While not required by CEQA, County typically requires a written response to comments received on environmental documents. Consultant shall draft the responses and work with County staff to refine the final document prior to the public meeting.

6. Work with County staff to prepare the resolution adopting the document and assist with a summary of the CEQA process for the staff report material. Consultant shall attend the adopting hearings to answer questions on the CEQA process.

7. Draft the Notice of Determination to be filed with County Recorder Clerk and the State Clearinghouse, ending the CEQA process and starting the 30-day appeal period.

Assumptions:

- A. Mitigation measures can reduce impacts below County impact thresholds.
- B. Minimal or no technical analysis (e.g., traffic, air quality, greenhouse gas [GHG], energy, noise, model runs)

Deliverable(s):

- Complete environmental review analysis and appropriate CEQA process and documents.

TASK 16: SB 18 AND AB 52 CONSULTATIONS

In Task 15, Consultant shall draft a letter for placement on County letterhead to NAHC for a tribal contact list in accordance with SB 18. Based on the list from the NAHC, Consultant shall draft letters to each of the tribes inquiring whether they want consultation. Simultaneously, Consultant shall also send letters to any tribes that have notified County that they wish to be consulted as part of AB 52 process. As consultation for AB 52 and Section 21080.3.1 of CEQA is a government-to-government process, it must be initiated by the local government agency, and cities are usually represented at the consultation(s). Consultant shall facilitate and attend the consultation(s). Pursuant to SB 18, tribes identified by NAHC shall receive a written letter notifying them of the proposed project and asking if they wish to consult; tribes who notified County under AB 52 shall also be notified of the project and asked if they desire to consult in accordance with AB 52 and Sections 21080.3.1 and 21080.3.2 of CEQA. Following the consultation meeting (or conference call), Consultant shall provide the written results of consultation and a record for the environmental documentation showing that AB 52 consultation has been completed. Completion of the AB 52 process is needed prior to circulation of the document for public review. Completion of the SB 18 process is needed prior to taking action on the project.

Deliverable(s):

- Draft letter to NAHC
- Draft letters to identified tribes
- Documentation of consultations
- Written results of consultation, including closure of AB 52 consultation

TASK 17: FINAL ADOPTED HOUSING ELEMENT

Upon adoption of the Final Draft Housing Element by the Board, Consultant shall prepare a final adopted version with the date of adoption prominently displayed on the front cover and throughout the document to distinguish it as the official document from other versions of the Housing Element. The Housing Element shall be distributed to HCD, County Departments, and other stakeholders. Consultant shall assist County in achieving State certification of the Housing Element after adoption by the Board and perform all tasks necessary to obtain HCD certification.

Deliverable(s):

- One (1) electronic copy (in MS Word), one (1) electronic copy (in PDF), and twenty (20) bound copies of the adopted Final Draft Housing Element.

TASK 18 (OPTIONAL): ANALYSIS TO DETERMINE DISADVANTAGED COMMUNITIES (SB 244)

Task 18.1 Initial Analysis to Determine Disadvantaged Communities

Consultant shall complete an initial review to determine whether any disadvantaged communities exist in the unincorporated area of County which meet the requirements of SB 244 (Wolk, 2011). SB 244 defines a disadvantaged unincorporated community (DUC) as a place that contains ten (10) or more dwelling units in close proximity to one another; is either within a county sphere of influence, is an island within a city boundary, or is geographically isolated and has existed for more than fifty (50) years in an unincorporated area; and has a median household income that is eighty (80) percent or less of the statewide median household income.

Optional Task 18.1 Deliverable:

- Consultant shall conduct an analysis to address the requirements of SB 244. Following preliminary analysis, County staff will make final recommendations to Consultant on the list of DUCs to fully analyze if any are identified

Task 18.2 Complete Analysis of Identified Disadvantaged Communities

Based on Consultant's initial review, additional analysis may need to be completed. If such analysis is necessary, Consultant shall complete the following:

- Identify any DUCs, and prepare a map identifying any such areas.
- Review water, wastewater, stormwater drainage, and structural fire protection needs in unincorporated communities with ten (10) or more dwellings, and analyze financing mechanisms that could feasibly be used to extend services to those communities.
- Identify options for financing alternatives that could make the extension of services to these communities financially feasible.
- Work with County staff to determine whether County is in the process of or will in the near future lose any territory to annexation that could be impacted by SB 244.
- Work with County to determine whether any local developers may be impacted by the annexation piece in this part of the statute. If developers are impacted, Consultant shall notify the identified developers.

Consultant shall conduct an analysis to address the requirements of SB 244 and prepare a memo for County staff to present at a public hearing to address the requirements.

Optional Task 18.2 Deliverable:

- Consultant shall prepare a memo analyzing whether the identified DUCs are underserved by infrastructure or services. If SB 244 analysis determines there are underserved disadvantaged communities in the unincorporated County, an amendment to the General Plan Land Use Element or other relevant elements shall be necessary to comply with SB 244.

Task 18.3: Amendment of the Land Use Element

Once Consultant has completed the analysis in Task 18.2, Consultant shall either: (1) determine that an amendment to the Land Use Element is required; or (2) conclude that no targeted SB 244 Land Use Element amendments would be necessary. If it is determined that an amendment is required, Consultant shall work with County staff to prepare policies to be included in the Land Use Element or other applicable General Plan elements and shall provide suggested funding sources to address the identified service or infrastructure deficiencies identified.

Optional Task 18.3 Deliverable:

- If requested by County’s Contract Administrator, Consultant shall prepare a memo containing policies to amend the Land Use Element or other applicable General Plan elements as well as potential funding sources to address the needs identified in the Task 18.2 memo to address the requirements of SB 244.

Consultant shall not undertake any services under this Task without the express written approval of County’s Contract Administrator.

Project Contingency

This item provides for unanticipated services or costs necessary to successfully complete the project. Services may include, but are not limited to:

- Additional Meetings.
- Additional data collection or analysis.
- Board requested tasks.
- Additional Board presentations.

Consultant shall not undertake any services under Project Contingency without the express written approval of County.
