VOLUNTEER EXPERIENCE

JDRF, Pacific Northwest

Outreach Volunteer – T1D Connections Program

JDRF T1D Connections Program Outreach Volunteers play the lead role in building relationships with newly diagnosed families/individuals – welcoming, supporting, guiding, and connecting them to the larger T1D community and JDRF. In this role, the volunteer is a support, educator, and connector as well as a steward of what will hopefully become a dedicated relationship between the newly diagnosed and JDRF. This will be accomplished through relationship building activities, both proactive and reactive throughout the first twelve months of the assigned families'/individuals' diagnosis, e.g. making an introductory phone call, sending monthly emails, personally inviting them to join chapter events, and identifying opportunities for further engagement as advocates, volunteers and fundraisers.
