a) Continue business attraction and retention incentive efforts to retain, expand and import businesses to El Dorado County. - Reach out to targeted business sectors for relocation to the County. - Reach out to local business for expansion incentives. - Develop business clusters and Geographically-Targeted Economic Development Areas if deemed feasible.

This should be removed from the Strategic Plan and stop lobbying corporations to come to our county. Retain and support our LOCAL mom and pops and cottage industries. These are the businesses that represent what El Dorado County is all about, unless you are truly trying to turn us into Fresno, Bakersfield, or the Inland Empire.
