This Area Plan is hereby submitted to the California Department of Aging for approval. The Governing Board and the Advisory Council have each had the opportunity to participate in the planning process and to review and comment on the Area Plan. The Governing Board, Advisory Council, and Area Agency Director actively support the planning and development of community-based systems of care and will ensure compliance with the assurances set forth in this Area Plan. The undersigned recognize the responsibility within each community to establish systems in order to address the care needs of older individuals and their family caregivers in this planning and service area.

FISCAL YEAR 2023-2024 AREA PLAN UPDATE

The El Dorado County Area Agency on Aging (AAA), Planning and Service Area (PSA) 29, developed the 2023-2024 Area Plan Update, the final update to the annual 2020-2024 Area Plan for Senior Services. As required by the federal Older Americans Act and in accordance with direction from the California Department of Aging (CDA), the 2023-2024 Area Plan Update is developed for submittal to CDA. The Annual Update provides the mechanism through which the AAA reports on modifications to the Area Plan as necessary to accommodate changing service needs as well as increases or decreases in grant funding levels and availability of other resources. The Update details the status of annual objective accomplishments and discusses the impact of activities undertaken during the third fiscal year of the 2020-2024 planning cycle.

The information provided by CDA in the Population Demographic Projections by County and PSA for Intrastate Funding Formula (IFF) report, the 60+ senior population in El Dorado County continues to steadily increase from 2020 to 2023. The largest increase was from 2020 to 2022. The 60+ decreased between 2022 and 2023, however, the total 60+ population was still above the 2020 level. The table below details the changes in the demographics for PSA 29.

Demographics	2020	2021	2022	2023	Change from 2020 to 2023
Population 60+	59,128	61,438	63,507	60,827	2.87%
Non-Minority 60+	51,790	54,005	49,027	52,062	0.53%
Minority 60+	7,338	7,433	14,480	8,765	19.45%
Low Income 60+	4,880	5,375	5,290	5,365	9.94%
Medi-Cal Eligible 60+	4,592	4,724	5,386	5,868	27.79%
Geographic Isolation 60+	16,600	16,600	16,600	16,600	0.00%
SSI/SSP* 65+	823	814	842	851	3.40%
Population 75+	17,647	18,206	20,284	17,099	-3.11%
Lives Alone 60+	8,930	9,675	9,930	10,130	13.44%
Non-English Speaking	605	460	485	320	-47.11%

*Supplemental Security Income/State Supplementary Payment

Reviewing the demographic data above, the number of seniors meeting the criteria for need based programs continues to increase. The percentage of low-income seniors has increased by 9.94% over the last four years, the percentage of Medi-Cal eligible seniors has increased significantly by 27.79%, and the percentage of SSI/SSP eligible seniors increased 3.4%.

The table also identifies 16,600 seniors 60+ living in geographic isolation, which may be misleading due to the nature of our County. The California State Plan on Aging defines geographic isolation as rural areas compared to urban highly densely settled core areas. El Dorado County only contains two cities, Placerville and South Lake Tahoe. Many areas of the County are rural areas but not necessarily isolated areas.

El Dorado County has a myriad of services available to low-income seniors. These include In-Home Supportive Services (IHSS), Multipurpose Senior Services Program (MSSP), Housing Choice Voucher Program (HCV), Low Income Home Energy Assistance (LIHEAP) and Weatherization Programs, Senior Legal Services, Family Caregiver Support Program, Senior Nutrition Congregate and Home Delivered Meals. The Information and Assistance Program can provide appropriate referrals for seniors, disabled and low-income individuals to these programs and others within the community by evaluating their unique needs and helping them make informed decisions about needed community-based programs and available support services.

The non-English speaking senior population is decreased by 47.11% from 2020. The Area Agency on Aging will continue to meet the needs of the non-English speaking population; the Information and Assistance Program has Spanish speaking assistance available Monday through Friday from 7:00am to 4:00pm. Program Staff also have access to interpreters and translation services to assist with languages other than English and Spanish.

Local statistics suggest that older adults in El Dorado County are an increasing demographic group, reflecting that older adults are “aging in place.” Examples of this are in the 75+ population which increased 25.49%, as well as seniors living alone which increased 13.36% from 2019 to 2022. The number of seniors who are 75+ years old has decreased 3.11%. The number of individuals living alone has increased 13.44%. The AAA implemented the new Fall Prevention Program in 2022 which provides grab bars, ramps, shower chairs, etc. to enhance the in-home safety of older adults. The COA Committee, Aging in Place, will focus on this area.

After experiencing a significant increase in the 60+ minority population which increased 119.56% from 2019 to 2022 the non-minority. In 2023, the total number of non-minority individuals 60 years and older has decreased 19.45% over 2020, however, there is a significant decrease from 2022 to 2023. The AAA will continue to provide high quality services to all older adults in the community.

SIGNIFICANT ACCOMPLISHMENTS FISCAL YEAR 2022-2023

Programs and activities have slowly returned to in-person operations. Effective February 28, 2023, the COVID-19 State of Emergency was declared over by the Governor Gavin Newsom.

AAA and Senior Program staff reconfigured many programs and significant accomplishments were achieved by the El Dorado County AAA during the last year of the 2020-2024 planning cycle. These accomplishments and activities demonstrate the AAA's commitment to assess the needs of older adults, adults with disabilities, and their caregivers in the community and make responsive improvements to enhance the service delivery system. These accomplishments include:

Re-Opening of El Dorado Hills Senior Nutrition Site

During the COVID-19 pandemic, the El Dorado Hills Congregate Dining Site was closed. Safety issues in the parking lot of this site, prevented the Senior Nutrition Program from providing drive-thru take-out meals. On March 1, 2023, a grand re-opening event was held at the El Dorado Hills Congregate Dining site. This was attended by 25 seniors and their guests. This nutrition site has developed a small group of regular diners. It is anticipated that this number will grow with the addition of activities at the El Dorado Hills Senior Center.

Re-Opening of The Clubs Older Adult Day Services in El Dorado Hills

After a two-year closure, the Placerville location of The Club Older Adult Day Services re-opened on March 21, 2022. The initial attendance was very small but has continued to steadily increase. Masks, social distancing and other COVID protocols are in place. Clients must reserve the dates they wish to attend. The Clubs accept ambulatory clients with Dementia, Alzheimer's, Parkinson's, and other conditions. Our second site in El Dorado Hills was re-opened on March 6, 2023.

Bilingual Services Available Through the Information and Assistance Program

Of those community members seeking services who are non-English speakers, Spanish continues to be the predominant language spoken. Bilingual services for Spanish speaking older adults and their families are available Monday through Friday, 7:00am – 4:00pm through the Information and Assistance Program. The Home Energy Assistance Program (HEAP) appeared on Buenos Dias Sacramento hosted on Univision channel to promote our HEAP programs. This resulted in a significant increase of inquiries from the El Dorado County Spanish speaking individuals who, if appropriate, were referred to our Older Adult Programs.

Fall Prevention Program

Balance can be affected by the aging process and falls are the cause of many hospitalizations of the older adult population. The Dignity at Home Fall Prevention Program was created in the Winter of 2021 and continued through March 31, 2022. During this time, 27 unduplicated adults 60 years and older were assisted with 211 units of service. The services included: In-Home Assessments, Grab Bars, Handheld Shower Heads, Handrails, Shower Seats, Bathmats, Toilet Seats with Safety Frames, Threshold Modifications (i.e., ramps, widened entryways), and Medication Management items. A Quality Assurance Survey was conducted with the majority of individuals served reporting excellent service. After a brief hiatus, the Fall

Prevention Program has been re-activated with a dedicated Program Assistant. The AAA is addressing the waiting list for this program and looking forward to serving more older adults with this much needed program. Since the program was re-activated in February 2023, over 50 older adults have been issued service orders for Fall Prevention equipment and there are additional 27 older adults on the waiting list for services.

Robotic Pets

The Ombudsman Program received funding specifically for Robotic Pets. With funding, the Ombudsman purchased 110 robotic pets (70 cats and 40 dogs). All of the robotic pets imitate the sounds of real animals:

- Cats meow and purr, and move its legs, ears, head and torso in reaction to touch.
- Dogs bark when spoken to, wags its tail, nuzzles, turns its head toward sound, and its heart beats when petted.

This project was initiated to combat loneliness and social isolation in individuals living in local long-term care facilities. The Robotic Companion Pets Project is a person-centered approach to increasing engagement and enhancing meaningful interactions, explicitly focusing on serving long-term care residents with dementia who may be lonely or socially isolated. Ombudsman representatives will be working with long-term facility management to identify residents who would benefit from a robotic pet.

The goal is to distribute the robotic pets to identified residents by June 30, 2023. The impact of these robotic pets to the resident's quality of life will be assessed through the administration of the UCLA Loneliness Scale to a sampling of project recipients and through feedback from Ombudsman representatives and facilities staff.

Senior Legal Services

The Senior Legal Services Program is one of the AAA's most popular programs and consistently serves over 650 unduplicated seniors per year for in-person appointments and responds to approximately 5,500 phone calls. Seniors may have multiple in-person appointments during the year. Senior Legal Services has been staffed with one attorney, one paralegal, and one legal secretary. Appointments are often three to six months out depending upon the type of assistance needed. Assistance is provided with legal issues relating to Consumer/Finance, Family, Health/Community Based Care, Housing such as Landlord/Tenant and Evictions, Income Maintenance and Individual Rights which includes Elder Abuse/Neglect/Exploitation, Advanced Health Care Directives, Estate Planning/Wills/Trusts, and Financial Power of Attorney. The AAA received additional funding from the California Department of Aging for the Senior Legal Services Program and has hired another limited-term full-time attorney with the goal of reducing the wait time for appointments and other assistance.

Accomplishments of the Commission on Aging (COA)

The COA is an integral part of the AAA and assists in the development and completion of many of the goals and objectives contained within the Area Plan. In addition to the Area Plan goals and objectives, highlighted below are several COA accomplishments during Fiscal Year FY 2021-2022 and planned activities for FY 2022-2023.

COA Liaison with Law Enforcement

The Commission on Aging has appointed a Commissioner to be the liaison with local law enforcement. This Commissioner has been instrumental in supplying the El Dorado County Sheriff's Office and substations with the monthly Senior Times Newsletter and brochures on the AAA Senior Programs. As a result, all Sheriff's vehicles have a supply of brochures that can be distributed, as appropriate, to individuals in the community. It is also a future goal to provide this information to the Placerville Police Department, Fire Departments and CalFire.

Election of New California Senior Legislature (CSL) Representatives

The COA elected two new representatives (Senate and Assembly) for the California Senior Legislature. Both Commissioners have participated in the orientation and are actively involved, including meeting with California Legislators and jointing the Rural Caucus. The CSL representatives provide the Commission with valuable information regarding upcoming legislation directly affecting older adults.

Affordable/Age Friendly Housing

The Affordable/Age Friendly Housing Committee has been very active in the community. Committee members monitor local housing projects and comments on projects as appropriate to highlight the needs of seniors including single story homes with wider doorways and hallways. The committee is also seeking a seat on the upcoming County Housing Task Force.

Triple-A Councils of California (TACC)

TACC's mission is to promote communication and collaboration among local Area Agency on Aging (AAA) advisory councils, and key state partners, educate through the exchange of information, ideas, trends and models of service delivery, advocate on issues of concern in local/state planning processes; and strengthen the effectiveness of local advisory councils. The COA representative regularly attends the quarterly meetings and provides information regarding El Dorado County Senior Services to other TACC members. Information from across the State of California is also shared with the COA.

Outreach

The Outreach Committee continues to participate in community events promoting and advocating for the senior services provided within El Dorado County for a total of 14 events in calendar year 2022. The Outreach Committee is working to establish a relationship with the El Dorado County Fire Safe Councils to partner with them for outreach efforts to the senior communities within the Fire Safe Council's service area. A Spanish speaking special advocate to the Commission and a member of this committee is bringing senior services information to the Latino population.

Section 7: Public Hearings

Due to COVID-19 and the State of California's Shelter-in-Place Order, the Public Hearing for the 2020 – 2024 Area Plan was held as a Zoom meeting in conjunction with the Commission on Aging meeting. An overview of the goals and objectives developed as a result of the community needs assessment were presented at the public hearing to solicit public input and ensure opportunities for older adults to provide oral and written testimony to the development of the Plan.

In June 2020, the public notice for the 2020 - 2024 Area Plan was posted in the Mountain Democrat Newspaper and the on-line newspaper in the South Lake Tahoe area.

The following must be discussed at each Public Hearing conducted during the planning cycle:

1. Summarize the outreach efforts used in seeking input into the Area Plan from institutionalized, homebound, and/or disabled older individuals.
The Long-Term Care Ombudsman was a key participant in the development of goals and objectives in the Area Plan. The Commission on Aging distributed copies of the Needs Assessment Survey to various agencies throughout the county. The Needs Assessment was also distributed to all home delivered meal participants. Unfortunately, due to COVID-19 additional outreach efforts were not conducted.

² A translator is not required unless the AAA determines a significant number of attendees require translation services.

³ AAAs are encouraged to include individuals in LTC facilities in the planning process, but hearings are not required to be held in LTC facilities.

Area Plan Update (APU) FY 2021-2022

COVID-19 restrictions remained in place during FY 2021-2022 update period, and it was not deemed safe to hold an in-person public hearing with institutionalized, homebound and/or disabled individuals. The Public Hearing for the APU was held virtually in conjunction with the Commission on Aging.

6. List any other issues discussed or raised at the public hearing.

There was a concern regarding Objective 4.1, Explore the feasibility of creating a Volunteer Coordinator position within HHSA. It was noted that this is very needed due to the high number of volunteers utilized within HHSA. A Volunteer Coordinator is needed to be the central point of contact, tracking volunteer applications, process required documents, and record volunteer hours.

FY 2021-2022 Area Plan Update: The Commission on Aging requested two additional accomplishments (Rack Cards and the Disaster Preparedness HAM Radio Program) be added to the Commission on Aging accomplishments.

FY 2022-2023 Area Plan Update: The Commission on Aging requested the several additional accomplishments be added to the update. (Outreach Committee Objectives, Communication with Board of Supervisors, Creation of Systems to Enhance the Provision of Services to the Remote Areas of the County and Discussions with the City of South Lake Tahoe Regarding the Development of a New Senior Center).

The Commission on Aging also discussed 211 and the Vital Health Refrigerator Magnets and the Senior-of-the Year.

FY 2023-2024 Area Plan Update: There were several questions and discussions regarding the following: the accuracy of the demographics which did not fit into the trend compared to previous years, plans for the Senior Shuttle; its transportation radius and destinations and if it will be made ADA accessible, the number of original countywide needs assessments and the percentage response rate, how the Area Plan addresses and connects with the Master Plan on Aging, other

State policies and legislation, performance measures and metrics on how the AAA services improve the quality of life for older adults in the community, and the support of the community for senior programs and activities.

No additional comments or questions were received at the June 22, 2023 Public Hearing which was held in South Lake Tahoe.

7. Note any changes to the Area Plan which were a result of input by attendees.
There will be no changes to the Area Plan as a result of the Public Hearing.

FY 2021-2022 Area Plan Update: The additional Commission on Aging Accomplishments will be added to the Significant Accomplishments Fiscal Year 2020-2021 section.

FY 2022-2023 Area Plan Update: The additional Commission on Aging Accomplishments will be added to the Significant Accomplishments Fiscal Year 2021-2022 Section.

There will be no changes to the FY 2023-2024 Area Plan Update.

Section 9: Area Plan Narrative Goals and Objectives

The Area Plan outlines the strategies the AAA will use to achieve its top priority issues. The Plan includes five goals, each encompassing strategic objectives that focus on the AAA's response to identified needs of older adults and caregivers. The planning process seeks to improve the lives of our most vulnerable people in need, to build on the County's capacity to provide comprehensive aging and disabled services, and to use allocated resources effectively and more efficiently. The plan serves to educate and inform the public, service providers, and local officials. It also guides aspects of AAA decision-making and budget development.

The 2020-2024 Area Plan Update was developed with a particular focus on improving the efficiency and effectiveness of the planning and delivery of a continuum of aging services. Through the implementation of this plan, the AAA seeks to provide far-reaching education and understanding of the choices and opportunities that exist to enhance the quality of life of El Dorado County's older residents. The five goals and 31 objectives of the four-year plan, have been updated with their 2022-2023 status.

COVID-19 has presented many challenges to the way the AAA has historically provided services and required modifications to our existing programs and services to safely provide services to our seniors. As development and implementation of organizational activities evolve, revisions will be made as necessary in response to the ever-changing landscape of our community and the persons we serve.

The 60+ Year Old Population ... the Other Gold in El Dorado County celebrates successful aging in our community and provides direction to the AAA and Commission on Aging in addressing the identified needs of older adults and their caregivers. We are confident that our coordination across service systems will continue to make El Dorado County a desirable place in which to live and age with dignity.

PSA 29

Goal # 1

Goal: Outreach			
Rationale: The Area Agency on Aging (AAA) offers many services within the Planning Service Area (PSA) that can be of benefit to many seniors. In order to maximize the awareness and usage of programs, effective outreach is necessary. This will enhance the ability of older adults to make decisions regarding appropriate and available services.

Section 9 - Area Plan Narrative Goals and Objectives

PSA 29

Goal # 3

Goal: Emergency Preparedness

Rationale: El Dorado County is a rural county in Northern California and is subject to extreme cold in the winter and extreme heat in the summer. In addition, because of its rural nature, the county is predisposed to wild fires, mudslides and floods. The PG&E Planned Power Outages have affected the seniors within the communities, especially in the more remote areas.

List Objective Number(s) ____ and Objective(s) [Refer to CCR Article 3, Section 7300 (c)]	Projected Start and End Dates	Title IIIB Funded PD or C ⁷	Update Status ⁸
<p>3.1 Distribute Public Safety Power Outage preparedness information and CodeRED Information during the spring, summer, and fall months. Assist older adults in signing up for CodeRED notifications in the event of an emergency (earthquakes, evacuations, etc.) in El Dorado County.</p> <p>Measurement: Number of Assistance with Sign-Ups</p> <p>-----</p> <p>CodeRED awareness was published in the Senior Times newsletter and flyers were distributed to home delivered meal clients and Home Energy Assistance Program (HEAP) clients. Due to COVID-19, in-person sign up assistance was not provided.</p> <p>-----</p> <p>CodeRED awareness continues to be promoted. In-person assistance to sign up is dependent upon the status of COVID-19 and the comfort level of seniors to meet in-person..</p> <p>-----</p> <p>This objective is revised. PSPS information, as well as emergency weather preparedness is posted on Facebook on an as needed basis. El Dorado County's CodeRED Emergency Alert System was replaced with Smart911. At that time, the El Dorado County Office of Emergency Services (OES) conducted public information and outreach on a mass scale. All residents that were signed up for CodeRED were automatically transferred to the new Smart911 system.</p> <p>-----</p> <p>Public Safety Power Outage Outreach information was disseminated directly through Senior Nutrition packets. Additionally, PG&E conducted significantly more direct outreach to their customers than the prior year through TV ads, direct mailers, and press releases.</p>	7/1/20-6/30/24		<p>New</p> <p>-----</p> <p>Continued</p> <p>-----</p> <p>Continued</p> <p>-----</p> <p>Completed</p>

As a result, the AAA saw a significant decrease in calls concerning the PSPS in Summer of 2022 than in prior years.			
<p>3.2 Provide CDA approved Emergency Non-Perishable Meals to all home delivered meal participants when conditions warrant and/or when there is an advance notice of a power shut-off</p> <p>Measurement: Number of emergency meals distributed</p> <hr/> <p>In anticipation of summer and fall PSPS events, Senior Nutrition distributed 802 non-perishable meals through our Take-Out Meal program and 1,006 non-perishable meals to our home delivered meal clients. During January 2020, a total of 73 meals were distributed to our Take-Out meal clients and 792 were provided to our home delivered meal clients. The AAA will continue to monitor the weather, emergency situations, and PSPS events and provide emergency non-perishable meals as appropriate.</p> <hr/> <p>El Dorado County experienced two disasters during 2021. The Caldor Fire which occurred in August and the heavy snow storm which occurred at the end of December. Senior Nutrition was proactive on both occasions, providing 511 non-perishable meals to our Take-Out Meal clients and 443 non-perishable meals to our home delivered meal clients.</p> <hr/> <p>When advanced notice of inclement weather is received, the Senior Nutrition program will provide Emergency Non-Perishable Meals to home delivered clients who will be impacted.</p>	7/1/20-6/30/24		<p>New</p> <hr/> <p>Continued</p> <hr/> <p>Continued</p> <hr/> <p>Completed</p>

Goal # 4**Goal: Volunteering, Civic Engagement, Community Collaboration**

Rationale: The Older Adults Needs Assessment identified Volunteering as an area of interest for many seniors. The majority of our senior programs would not be as robust without the assistance of volunteers. It is important that seniors are engaged in their communities and feel that they are needed and relevant.

List Objective Number(s) ____ and Objective(s) [Refer to CCR Article 3, Section 7300 (c)]	Projected Start and End Dates	Title IIIB Funded PD or C ⁹	Update Status ¹⁰

If appropriate, volunteers would be assigned to specific programs and work directly with the program supervisor.</p> <p>Measurement: Number of volunteers</p> <p>-----</p> <p>Many of our volunteers are seniors. The COVID-19 pandemic resulted in many of volunteers no longer being available. Staff, community agencies and groups, such as El Dorado Transit and the National Charity League, stepped up to volunteer in the Senior Nutrition Program, delivering meals, packing grocery boxes, working in the food line preparing meals, etc. The AAA has also recruited 60 new volunteer home delivered drivers. I&A recruited one new volunteer along with community outreach efforts with the local Hands4Hope organization who packed outreach letters for I&A and provided handwritten notes to seniors who received grocery boxes. Outreach is conducted on a continuous basis.</p> <p>-----</p>	7/1/20-6/30/24		<p>New</p> <p>-----</p> <p>Continued</p> <p>-----</p>

<p>The AAA continues to recruit volunteers, primarily for the Nutrition Program. Between January 2021 and June 2021, 41 individuals signed up to volunteer and between July 2021 and March 2022, 44 individuals signed up to become volunteers for the AAA programs.</p> <hr/> <p>Volunteers are key to the success of the AAA. The AAA continues to recruit and sign-up volunteers for the various AAA programs. <p>4.3 LTCOP will conduct recruitment activities and schedule training to increase the number of State-Certified Ombudsman volunteers from 7 to 10 by 6/30/2021. LTCOP will add five (5) new training topics to its local curriculum for certified Ombudsman volunteers by 6/30/2021.</p> <p>Measurement: Number of LTC Volunteers and the number of certification training topics</p> <hr/> <p>Due to limited staffing, this objective was partially completed and activities are continued into the next planning cycle, FY 2021/2022. Five (5) new training topics including infection control, communication and advocacy during a crisis, trauma-informed advocacy, compassion fatigue, and effects of social isolation have been developed for its local volunteer certification curriculum. The long-term care facility visitation restrictions imposed during the COVID-19 pandemic limited Ombudsman services to remote resident advocacy. The focus of the program has shifted to resumption of in-person facility visitation rather than volunteer recruitment.</p> <hr/> <p>Four new volunteers were recruited and completed the State certification curriculum by 3/31/22. Through a collaborative effort with San Luis Obispo and San Diego Long Term Care Ombudsman Programs, virtual certification training was provided and instrumental in satisfying the state curriculum training requirements. Volunteer resource constraints during the COVID-19 pandemic have delayed community training services. Several volunteers decided to leave the program due to operational changes and personal or family members' health concerns. The focus of the program shifted to the resumption of in-person facility visits and the recruitment and training of new volunteers.</p> <hr/> <p>Revised and activities continue into the next planning cycle (FY 2023-2024). Bi-annual community trainings have been delayed. TITLE IIIB and Title VIIA:**LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES****2020–2024 Four-Year Planning Cycle**

As mandated by the Older Americans Act, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of enhancing the quality of life and care of residents.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

Outcome 1. The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. [OAA Section 712(a)(3),(5)]

Measures and Targets:

A. Complaint Resolution Rate (NORS Element CD-08) (Complaint Disposition). The average California complaint resolution rate for FY 2017-2018 was 73%.

1. FY 2018-2019 Baseline Resolution Rate: Number of complaints resolved ____ + Number of partially resolved complaints ____ divided by the Total Number of Complaints Received <u>78</u> = Baseline Resolution Rate ____% FY 2020-2021 Target Resolution Rate <u>62.82%</u>
2. FY 2019-2020 Baseline Resolution Rate: Number of complaints resolved <u>21</u> + Number of partially resolved complaints <u>0</u> divided by the Total Number of Complaints Received <u>37</u> = Baseline Resolution Rate <u>57%</u> FY 2021-2022 Target Resolution Rate <u>57%</u>
3. FY 2020-2021 Baseline Resolution Rate: Number of complaints resolved <u>46</u> + Number of partially resolved complaints ____ divided by the Total Number of Complaints Received <u>104</u> = Baseline Resolution Rate <u>44%</u> FY 2022-2023 Target Resolution Rate <u>70%</u>

4. FY 2021-2022 Baseline Resolution Rate: Number of complaints resolved <u>67</u> + Number of partially resolved complaints <u> </u> divided by the Total Number of Complaints Received <u>83</u> = Baseline Resolution Rate <u>81</u> % FY 2023-2024 Target Resolution Rate <u>80</u> %
Program Goals and Objective Numbers: <u>4.3, 4.4, 4.5</u>

B. Work with Resident Councils (NORS Elements S-64 and S-65)

1. FY 2018-2019 Baseline: Number of Resident Council meetings attended <u>55</u> FY 2020-2021 Target: <u>16</u>
2. FY 2019-2020 Baseline: Number of Resident Council meetings attended <u>22</u> FY 2021-2022 Target: <u>22</u>
3. FY 2020-2021 Baseline: Number of Resident Council meetings attended <u>20</u> FY 2022-2023 Target: <u>25</u>
4. FY 2021-2022 Baseline: Number of Resident Council meetings attended <u>19</u> FY 2023-2024 Target: <u>20</u>
Program Goals and Objective Numbers: <u> </u>

C. Work with Family Councils (NORS Elements S-66 and S-67)

1. FY 2018-2019 Baseline: Number of Family Council meetings attended <u>1</u> FY 2020-2021 Target: <u>1</u>
2. FY 2019-2020 Baseline: Number of Family Council meetings attended <u>0</u> FY 2021-2022 Target: <u>0</u>
3. FY 2020-2021 Baseline: Number of Family Council meetings attended <u>0</u> FY 2022-2023 Target: <u>1</u>
4. FY 2021-2022 Baseline: Number of Family Council meetings attended <u>0</u> FY 2023-2024 Target: <u>1</u>
Program Goals and Objective Numbers: <u> </u>

- D. Information and Assistance to Facility Staff** (NORS Elements S-53 and S-54) Count of instances of Ombudsman representatives' interactions with facility staff for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by telephone, letter, email, fax, or in-person.

1. FY 2018-2019 Baseline: Number of Instances <u>154</u> FY 2020-2021 Target: <u>200</u>
2. FY 2019-2020 Baseline: Number of Instances <u>328</u> FY 2021-2022 Target: <u>328</u>

4. FY 2021-2022 Baseline: Number of Instances <u>103</u> FY 2023-2024 Target: <u>200</u>
Program Goals and Objective Numbers: _____

- E. Information and Assistance to Individuals** (NORS Element S-55) Count of instances of Ombudsman representatives' interactions with residents, family members, friends, and others in the community for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by: telephone, letter, email, fax, or in person.

1. FY 2018-2019 Baseline: Number of Instances <u>512----</u> FY 2020-2021 Target: <u>240</u>
2. FY 2019-2020 Baseline: Number of Instances <u>392</u> FY 2021-2022 Target: <u> </u>
3. FY 2020-2021 Baseline: Number of Instances <u>524</u> FY 2022-2023 Target: <u>525</u>
4. FY 2021-2022 Baseline: Number of Instances <u>434</u> FY 2023-2024 Target: <u>400</u>
Program Goals and Objective Numbers: <u> </u>

- F. Community Education** (NORS Element S-68) LTC Ombudsman Program participation in public events planned to provide information or instruction to community members about the LTC Ombudsman Program or LTC issues. The number of sessions refers to the number of events, not the number of participants. This cannot include sessions that are counted as Public Education Sessions under the Elder Abuse Prevention Program.

1. FY 2018-2019 Baseline: Number of Sessions <u>9</u> FY 2020-2021 Target: <u>2</u>
2. FY 2019-2020 Baseline: Number of Sessions <u>2</u> FY 2021-2022 Target: <u>2</u>

Program Goals and Objective Numbers: <u> </u>

G. Systems Advocacy (NORS Elements S-07, S-07.1)

One or more new systems advocacy efforts must be provided for each fiscal year Area Plan Update. In the relevant box below for the current Area Plan year, in narrative format, please provide at least one new priority systems advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year. The systems advocacy effort may be a multi-year initiative, but for each year, describe the results of the efforts made during the previous year and what specific new steps the local LTC Ombudsman program will be taking during the upcoming year. Progress and goals must be separately entered each year of the four-year cycle in the appropriate box below.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, state-wide, or even national in scope. (Examples: Work with LTC facilities to improve pain relief or increase access to oral health care, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies

to improve LTC residents' quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.) Be specific about the actions planned by the local LTC Ombudsman Program. Enter information in the relevant box below.

FY 2020-2021

FY 2020-2021 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)

Effective March 16, 2020, the State Ombudsman directed Ombudsman representatives to refrain from conducting facility visits. LTCO representatives will continue to resolve complaints, protect rights, and promote access to services for residents before, during, and after emergencies, including the COVID-19 crisis. Ombudsman representatives provide remote advocacy services by regularly contacting facilities, residents, resident representatives, families, and resident councils by phone, Skype, and window visits.

FY 2021-2022

Outcome of FY 2020-2021 Efforts:

Ombudsman representatives resumed unannounced indoor visits to long-term care facilities regardless of positive COVID-19 cases in April 2021. They coordinated with facility staff to work in accordance with the facility's screening protocols and policies. All representatives, paid or unpaid, were required to provide evidence of vaccination status, undergo weekly SARS-CoV-2 diagnostic screening testing, complete a symptom self-assessment and affirmation, and wear appropriate personal protective equipment to provide services in long-term care settings.

FY 2021-2022 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)

FY 2022-2023

Outcome of FY 2021-2022 Efforts:

Long-term care facilities essentially shut their doors in an effort to curb coronavirus entry and spread, suspending communal dining and other resident activities. As vaccinations increased throughout 2021 and the rate of COVID-19 deaths in facilities declined, restrictions loosened, allowing some facilities to provide for more visitation and communal activities. However, re-engaging residents who were experiencing increased rates of depression or decreasing physical disabilities caused by extended isolation during the lockdown provided problematic for many facilities. LTCO representatives informally inquired about two topics pertaining to activities when provided the opportunity at monitoring visits: the resumption of communal activities in the facility and participation in activities. It was determined that in general, the majority of facilities were not only resistant to resuming communal activities to pre-pandemic levels, but also to allowing indoor visitation. Many residents interviewed desired increased opportunities for social interaction but were constrained by the facility's stringent infection prevention protocols.

FY 2022-2023 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)

Advocacy to resolve systemic problems with discharge and transfer actions at the individual facility level. Complaints regarding facility-initiated transfers and discharges continue to be one of the top complaints. Skilled nursing facilities are required to provide notices to the Long-Term Care Ombudsman of all facility-initiated discharges/transfers. During closed record review, notices are reviewed to determine if the notice requirements are met and date comparisons are made of notification requirements and addressed with appropriate facility staff.

FY 2023-2024**Outcome of 2022-2023 Efforts:****FY 2023-2024 Systems Advocacy Effort(s):** (Provide one or more new systems advocacy efforts)

Initiate a special project to combat loneliness and social isolation in individuals living in local long-term care facilities. The Robotic Companion Pets Project is a person-centered approach to increasing engagement and enhancing meaningful interactions, explicitly focusing on serving long-term care residents with dementia who may be lonely or socially isolated.

By June 30, 2023, ensure the distribution of 110 robotic pets to identified residents of long-term care facilities via the Robotic Pet Project and assess the impact of the project through the administration of the UCLA Loneliness Scale to a sampling of project recipients and through feedback from Ombudsman representatives and facilities staff.

Outcome 2. Residents have regular access to an Ombudsman. [(OAA Section 712(a)(3)(D), (5)(B)(ii)]

Measures and Targets:

A. Routine Access: Nursing Facilities (NORS Element S-58) Percentage of nursing facilities within the PSA that were visited by an Ombudsman representative at least once each quarter **not** in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

1. FY 2018-2019 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>5</u> divided by the total number of Nursing Facilities <u>5</u> Baseline <u>100</u> % FY 2020-2021 Target: %

3. FY 2020-2021 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>0</u> divided by the total number of Nursing Facilities <u>4</u> = Baseline <u>0</u> % FY 2022-2023 Target: 100%
4. FY 2021-2022 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>4</u> divided by the total number of Nursing Facilities <u>4</u> = Baseline <u>100</u> % FY 2023-2024 Target: 100%
Program Goals and Objective Numbers: _____

B. Routine access: Residential Care Communities (NORS Element S-61) Percentage of RCFEs within the PSA that were visited by an Ombudsman representative at least once each quarter during the fiscal year **not** in response to a complaint. The percentage is determined by dividing the number of RCFEs in the PSA that were visited at least once each quarter not in response to a complaint by the total number of RCFEs in the PSA. NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no RCFE can be counted more than once.

Program Goals and Objective Numbers: _____

C. Number of Full-Time Equivalent (FTE) Staff (NORS Element S-23) This number may only include staff time legitimately charged to the LTC Ombudsman Program. Time spent working for or in other programs may not be included in this number. For example, in a local LTC Ombudsman Program that considers full-time employment to be 40 hour per week, the FTE for a staff member who works in the Ombudsman Program 20 hours a week should be 0.5, even if the staff member works an additional 20 hours in another program.

1. FY 2018-2019 Baseline: <u>.8</u> FTEs FY 2020-2021 Target: <u>1.2</u> FTEs
2. FY 2019-2020 Baseline: <u>.8</u> FTEs FY 2021-2022 Target: <u>1.2</u> FTEs

4. FY 2021-2022 Baseline: Number of certified LTC Ombudsman volunteers <u>11</u> FY 2023-2024 Projected Number of certified LTC Ombudsman volunteers <u> </u>

Program Goals and Objective Numbers: <u>7</u>

Outcome 3. Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2016, Section 712(c)]

Measures and Targets:

In the box below, in narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Resource System (NORS) data reporting.

Some examples could include:

- Having Ombudsman Program staff and volunteers regularly attend NORS Consistency Training provided by the OSLTCO
- Hiring additional staff to enter data
- Updating computer equipment to make data entry easier
- Initiating a case review process to ensure case entry is completed in a timely manner

The LTCOP will address data input procedures by conducting an evaluation of the overall work flow to determine standard processes and actions for managing complaints and grievances. Certified ombudsman volunteer representatives will be recruited and trained to assist in timely data entry of their investigative activities.

TITLE VIIA ELDER ABUSE PREVENTION
SERVICE UNIT PLAN OBJECTIVES

Units of Service: AAA must complete at least one category from the Units of Service below.

Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title III E Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.

NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Caregivers Served by Title III E** – Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title III E of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. Older Americans Act Reauthorization Act of 2016, Section 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.
- **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and exploitation.

- **Educational Materials Distributed** –Indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Number of Individuals Served** –Indicate the total number of individuals expected to be reached by any of the above activities of this program.

**HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP)
SERVICE UNIT PLAN
CCR Article 3, Section 7300(d)**

MULTIPLE PSA HICAPs: If you are a part of a multiple-PSA HICAP where two or more AAAs enter into an agreement with one “Managing AAA,” to deliver HICAP services on their behalf to eligible persons in their AAA, then each AAA must enter State and federal performance target numbers in each AAA’s respective SUP. Please do this in cooperation with the Managing AAA. The Managing AAA is responsible for providing HICAP services in the covered PSAs in a way that is agreed upon and equitable among the participating parties.

HICAP PAID LEGAL SERVICES: Complete Section 3 if your Master Contract contains a provision for using HICAP funds to provide HICAP Legal Services.

STATE & FEDERAL PERFORMANCE TARGETS: The Administration for Community Living (ACL) establishes targets for the State Health Insurance Assistance Program (SHIP)/HICAP performance measures (PMs). ACL introduced revisions to the SHIP PMs in late 2016 in conjunction with the original funding announcement (ref HHS-2017-ACL-CIP-SAPG-0184) for implementation with the release of the Notice of Award (Grant No. 90SAPG0052-01-01 issued July 2017).

The new five federal PMs generally reflect the former seven PMs (PM 2.1 through PM 2.7), except for PM 2.7, (Total Counseling Hours), which was removed because it is already being captured under the *SHIP Annual Resource Report*. As a part of these changes, ACL eliminated the performance-based funding scoring methodology and replaced it with a Likert scale comparison model for setting National Performance Measure Targets that define the proportional penetration rates needed for improvements.

Using ACL’s approach, CDA HICAP provides State and Federal Performance Measures with goal-oriented targets for each AAA’s Planning and Service Area (PSA). One change to all PMs is the shift to county-level data. In general, the State and Federal Performance Measures include the following:

- PM 1.1 Clients Counseled ~ Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM) ~ Number of completed PAM forms categorized as “interactive” events
- PM 2.1 Client Contacts ~ Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts ~ Percentage of persons reached through events categorized as “interactive”
- PM 2.3 Medicare Beneficiaries Under 65 ~ Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts ~ Percentage of one-on-one interactions with “hard-to-reach” Medicare beneficiaries designated as:
 - PM 2.4a Low-income (LIS)
 - PM 2.4b Rural
 - PM 2.4c English Second Language (ESL)

- PM 2.5 Enrollment Contacts ~ Percentage of contacts with one or more qualifying enrollment topics discussed

AAA's should demonstrate progress toward meeting or improving on the Performance requirements established by CDA and ACL as is displayed annually on the *HICAP State and Federal Performance Measures* tool located online at:

https://www.aging.ca.gov/Providers_and_Partners/Area_Agencies_on_Aging/#pp-planning.

(Reference CDA PM 17-11 for further discussion, including current HICAP Performance Measures and Definitions).

For current and future planning, CDA requires each AAA ensure that HICAP service units and related federal *Annual Resource Report* data are documented and verified complete/ finalized in CDA's Statewide HICAP Automated Reporting Program (SHARP) system per the existing contractual reporting requirements. HICAP Service Units do not need to be input in the Area Plan (with the exception of HICAP Paid Legal Services, where applicable).

Explain any **"No"** answer(s):

Six members are appointed by the County Board of Supervisors, two members are appointed by the two chartered cities within the county. The remaining six are appointed by the Commission.

Briefly describe the local governing board's process to appoint Advisory Council members:

When a vacancy occurs, it is advertised in the local newspapers and on the Commission website. Interested parties are asked to complete an application and are also interviewed by the Commission Membership Committee and the Director of the Area Agency on Aging. The chosen applicant(s) are nominated by the Membership Committee and approved by the Commission.

2020-2024 Four-Year Area Planning Cycle

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2020 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)] ¹²

CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at:

https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-gg

1. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? 30%
2. Specific to Legal Services, has there been a change in your local needs in the past four years? If so, please identify the change (include whether the change affected the level of funding and the difference in funding levels in the past four years).

As a result, in the growing senior population within our PSA, we have seen an increase in the number of clients in low-income categories and increase in the number of clients with issues related to reverse mortgages and consumer debt.

3. Specific to Legal Services, does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services?

Not Applicable—AAA and LSP are both part of the El Dorado County Health & Human Services Agency (HHSA). An agreement is not necessary. LSP is a program that is operated directly by the AAA.

4. Does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priorities issues for legal services? If so, what are the top four (4) priority legal issues in your PSA?

The LSP is a program operated and housed within the AAA. The LSP was involved in the creation of the Area Plan Goals and Objectives and several questions on the Needs Assessment were directly related to the LSP. The LSP meets monthly and collaborates with the other supervisors of the AAA programs. Outreach presentations are often held at the local senior centers.

5. Specific to Legal Services, does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population?

The AAA includes the LSP in the development of various surveys and provides information regarding available LSP services to clients of other AAA programs. The LSP is a part of the AAA and brochures contain information on all programs. Referrals, as appropriate, are made within the many AAA programs including the LSP.

6. Specific to Legal Services, what is the targeted senior population and mechanism for reaching targeted groups in your PSA? Discussion:

Our target population is low-income and/or low-competency seniors who cannot afford private legal services and/or who would be easily taken advantage of in the private marketplace due to diminished capacity. Other targeted populations include low-income minority individuals and caregivers. Mechanisms for reaching these populations include pamphlets, and public announcements, articles in newsprint, public seminars and workshops, county website, flyers posted in public spaces, and referrals through other public and private programs and agencies.

7. How many legal assistance service providers are in your PSA? Complete table below.

Fiscal Year	# of Legal Assistance Services Providers
2020-2021	1
2021-2022	1
2022-2023	1
2023-2024	1

8. What methods of outreach are Legal Services providers using? Discuss:

See #6 above.

9. What geographic regions are covered by each provider? Complete table below.

Fiscal Year	Name of Provider	Geographic Region covered
2020-2021	a. Senior Legal Services b. c.	a. All of El Dorado County b. c.
2021-2022	Senior Legal Services	All of El Dorado County
2022-2023	Senior Legal Services	All of El Dorado County
2023-2024	Senior Legal Services	All of El Dorado County

10. Discuss how older adults access Legal Services in your PSA and whether they can receive assistance remotely (e.g., virtual legal clinics, phone, U.S. Mail, etc).

Seniors can access legal services in a variety of ways through the Senior Legal Services program:

- a. *Call and make appointment: Appointments can be at the program office in the Placerville Senior Center, or at one of several outlying facilities from El Dorado Hills to South Lake Tahoe. Appointments are also arranged in senior's homes, hospitals and care homes. Only emergency in-person appointments were provided during the COVID-19 stay-at-home order.*

- b. Legal services available by phone via phone appointment. Phone appointments were the primary type of appointments provided by Senior Legal Services during the COVID-19 stay-at-home order.*
 - c. Free workshops and seminars featuring attorneys and located around the county. Workshops are also provided via Zoom.*
 - d. Self-help pamphlets and handouts available for clients.*
11. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA. Discuss (please include new trends of legal problems in your area):

Financial fraud and abuse, restraining orders, landlord and tenant issues, consumer law, debt, foreclosures, planning for incapacity, Medi-Cal, Medicare, Social Security and SSI, real property and wills and trusts.

12. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. Discuss:

Major barriers include:

a. transportation - El Dorado is a very large and rural county that extends from the Sierra foothills to South Lake Tahoe. Weather and transportation are a problem. Public transportation is limited. Attorneys currently travel to South Lake Tahoe and El Dorado Hills, homes, hospitals, and care facilities.

Strategies to overcome this barrier include expanding and promoting our phone appointments, and increasing the locations where attorneys travel to provide services—areas such as Pollock Pines, Georgetown, and Fairplay.

b. language - El Dorado County has a limited but growing ESL population that infrequently access legal services for a variety of reasons.

Strategies - We have interpreters available and are currently working with LAAC (Legal Aid Association of California) to expand our written materials to offer information in a variety of languages. We are also planning on printing our brochure in Spanish and distributing it throughout the county.

c. underserved communities -

1. LGBT community.

Strategies - We have already increased outreach by preparing and posting legal information of particular interest to the LGBT population. We are training our staff to increase their sensitivity regarding gender-neutral language and are discussing ways to make the office environment more welcoming to cultural diversity.

2. Residents of skilled nursing facilities, residential care facilities, mobile home parks—they all have special rights and protections under the law.

Strategies - Create information brochures summarizing rights and referring to Senior Legal Services and Ombudsman programs for assistance and advocacy.

13. What other organizations or groups does your legal service provider coordinate services with?
Discuss:

Being a county program, we have access to and work closely with many other county agencies: Adult Protective Services, Public Guardian, Long Term Care Ombudsmen, Family Caregiver Support Program, Information and Assistance, housing, law enforcement, county supervisors, mental health, MSSP, HICAP, IHSS, Senior Health Education program, Senior Nutrition program.
