Subject: Ordinance 5186

Dear Board of Supervisors—

As a resident of (city) I am opposed to Ordinance 5186. It appears to be invasive to my privacy, places undue financial hardship on homeowners (who do not have financial means to address fire safety) and will negatively affect future home sales. Please vote no on this ordinance. Please develop a plan that works with your community and does not punish us or invade our privacy.

Thank you ,
Kartik Bhatt
