We are Edward Fong and Heather Rutherford at 1595 Player Drive. We object to the request for variance application V23-0001 Agenda Item 23-2032 Atkinson to be heard on 15 November 2023. Structure as proposed is inappropriate for the surrounding environment.

We will not be able to attend the meeting in person or via zoom tomorrow. We are dentists and could not reschedule patients in need of treatment especially at this time of the year.

Please contact us at this email or at 916-296-4460 if you have any questions or concerns. Thank you.
