Brenda,

I have reviewed the request and find that a fireworks display at the Cold Springs Country Club would be substantially consistent with the facility's Special Use Permit (S74-98).

Subject Request for Fireworks

Roger,

Our office has received a request to place an item on a Board agenda to request the waiver of the County Ordinance and allow for a firework display on September 24, 2011, at the Cold Springs Golf and Country Club.

On behalf of Supervisor Briggs I request your review of the zoning and Special Use Permit for this location and confirmation that the firework display is a permitted activity at this location.
