To El Dorado County Board of Supervisors,  
cc: Neda West, County Mental Health Director  
cc: Christine Kondo-Lister, County Mental Health Deputy Director  
cc: Sophie Cabrera, Project Lead  
cc: MHSA Project Management Team

It has come to my attention that on May 17th, El Dorado County Board of Supervisors will hear comments and take action on a proposal initiated by the El Dorado County Mental Health Division titled the "The Innovation Work Plan". Unfortunately, El Dorado Hills (EDH), with the highest population in the county, is not included! The proposal provides funding for "Health Navigators" to identify needs and coordinate services in South Lake Tahoe, Placerville, and Georgetown, but not El Dorado Hills. It is noted that El Dorado Hills is included in the "Western Slope". However, much like Georgetown, EDH is too far (18 miles) to realistically benefit from services provided in Placerville. El Dorado Hills needs to be identified specifically as a target population so that it can receive funding for these vital health services.

Therefore, I highly recommend that the Innovation Work Plan be amended to address the disparity in services provided per capita. According to the 2010 census EDH has 42,108 and Cameron Park 18,228 (totaling 60,330), six times the Placerville population of 10,389, almost three times the S. Lake Tahoe population of 21,403 and 25 times the Georgetown population of 2,367! This gross inequity must be addressed by physically placing at least one Full-Time "Health Navigator" in EDH to serve this end of the county. (The Plan currently calls for 2 positions to be located in South Lake Tahoe and 2.2 positions to be located in Placerville.)

Sincerely,  
Shannon Hoff

It has come to my attention that on May 17th, El Dorado County Board of Supervisors will hear comments and take action on a proposal initiated by the El Dorado County Mental Health Division titled the "The Innovation Work Plan". Unfortunately, El Dorado Hills (EDH), with the highest population in the county, is not included! The proposal provides funding for "Health Navigators" to identify needs and coordinate services in South Lake Tahoe , Placerville , and Georgetown , but not El Dorado Hills. It is noted that El Dorado Hills is included in the "Western Slope". However, much like Georgetown , EDH is too far (18 miles) to realistically benefit from services provided in Placerville . El Dorado Hills needs to be identified specifically as a target population so that it can receive funding for these vital health services.

Additionally, we highly recommend that the Innovation Work Plan (and other Mental Health Plans) be amended to address the disparity in services provided per capita. According to the 2010 census EDH has 42,108 and Cameron Park 18,228 (totaling 60,330), six times the Placerville population of 10,389, almost three times the S. Lake Tahoe population of 21,403 and 25 times the Georgetown population of 2,367! This gross inequity must be addressed by physically placing at least one Full-Time "Health Navigator" in EDH to serve this end of the county. (The Plan currently calls for 2 positions to be located in South Lake Tahoe and 2.2 positions to be located in Placerville .)

Why do I believe this is important? As the Executive Director of the the Vision Coalition of El Dorado Hills, I am a strong supporter of the hard work of Chris Kondo-Lister, Deputy Director, and Neda West Director. We have been working hard as well to support their efforts by obtaining community assessment information needed for policy decisions, and by writing and receiving federal and foundation grant funds that we manage. In the last year alone, we have held Town Hall meetings on Mental Health and Behavior Health, Underage Drinking, Prescription Drug use, and Capacity Building. At each meeting we receive recommendations from the community. Each meeting shows a need for services and suggestions for services. As our representatives on the Board of Supervisors, we appreciate that you and our Mental Health Director and Deputy Director, have attended many of our community events and meetings. I apologize that I cannot attend every County Mental Health meeting, however my community liaison, Della Clavere, and I have attended many of them over the last 4 years.

**In summary: I and many of our coalition members in El Dorado Hills oppose the Innovation Plan, unless amended. I spoke by phone with Sophie Cabrera, (Project Lead for the Innovation Workplan for El Dorado County, who indicated and that it was not intentional to omit El Dorado Hills as a target community for these services and that she is willing to make the needed amendments. I plan to attend the meeting on May 17 and would like to speak before the board and get your support to make the needed amendments to the plan.**

**If you have any questions, please give me a call or email message.**

**Sincerely,**
