11/08/2010 11:03 AM

Lisa Butler, a volunteer with the El Dorado County Historical Museum asked me to forward this letter to the Board of Supervisors since she was unable to attend last Wednesday's BOS meeting and read it out for the record.

Thank you.

Mary Cory  
El Dorado County Historical Museum

El Dorado County Board of Supervisors  
Placerville, CA

Dear Board:

The potential loss of \$50,000 to the El Dorado County Historical Museum's 2011 budget rocks the close-knit group of museum volunteers and historical organizations that continually nurture this precious resource through times of economic hardship. Because of their dedicated efforts, the museum consistently provides a strong sense of pride in our county's past as well as a unique destination for travelers who eat in local restaurants and by local merchandise.

The El Dorado County Historical Museum defines and interprets the character of El Dorado County. It houses the comprehensive history of our county and offers locals and visitors an engaging connection with the past. While its museum base responsibly keeps its doors open to the public, continued budget cuts send a strong message of devaluation for the archives and artifacts they protect and the services they offer to the public.

We all want to see El Dorado County as a county that nurtures its creations and takes pride in its historical institutions even during this tough economic environment. By cutting funds and threatening closure of the museum, we will deprive future generations of the unique history this remarkable community holds.

Don't make the museum a fatal casualty during this economic downturn. Please take the opportunity to promote, protect and support this valuable local and national resource. We implore to reconsider the proposed cuts and refrain from such an unfortunate miscalculation.

Sincerely,

Lisa M. Butler  
Research Volunteer  
El Dorado County Historical Museum

Subject El Dorado County Board of Supervisors

To: El Dorado County Board of Supervisors,

Subject: "CAO Recommendation for 2011-2012 Budget Reductions."

It might be to late to stop Ms. Erbe-Hamlin's two stage plan of asking the Board to reduce the budget by cutting the funding of the total General Fund contribution to the Senior Day Care Center. If I am to late and the cut has happened...it is a sad day. The Senior Day Care Center provides resources and information to the community that is vastly needed.

Please do not eliminate the total General Fund contribution to the Senior Day Care Center.

Thank you for your time,  
Angela Chuculate  
Skilled Activity Director

Subject El Dorado Trail

We want to voice our support for the development and maintenance of trails in El Dorado County, especially the El Dorado Trail. The Board of Supervisors are to be commended for their efforts that have resulted in the development of the current sections of trails and it is of great importance that these efforts continue. Even now when funds are scarce, we need to find ways to continue this work. The value and benefits of trails have been cited numerous times so I will not repeat them now. We request that you support this endeavor for the benefit of all of the County's residents and visitors. Thank you for your consideration.

Bob and Anna Moger

Re: Western Slope Animal Shelter Project

Dear Ladies and Gentlemen:

We understand the difficult budget challenge facing the Board of Supervisors as you consider methods of addressing the General Fund Operating Budget structural deficit projected for 2011/12 and beyond. According to County budget analysts, unless sustainable, on-going cuts are made, next year's \$11 million operating deficit continues to grow in 2012/13 and beyond.

We urge you to retain Western Slope Shelter project funds for the Shelter project and not use these "one time" capital funds to address the County's on-going operating budget deficit. The permanent shelter is clearly needed. The Board's action in July to move the project forward in a phased approach was the right course of action. Using the capital project funds saved in prior years for a needed community asset does not solve the structural operating budget deficit. Instead, it merely buys a little time while creating future problems by stripping resources from a needed, planned project with no hope of accumulating those resources again.

Thank you for your consideration.

Sincerely,

A. Bruce Dickson

Subject funding cuts to DHS

You mean that staff with no longer receive a paycheck and live comfortably off the fact that elderly people have to grovel for a hot meal? Coincidentally I just had to call APS about a 71 year old friend of mine living in a house full of garbage waist deep. I tried to shovel my friend out but could not do it all myself. Also coincidentally this woman's daughter works at the El Dorado Care Home and will not lift a hand to help her mother, however she has allowed her mother to supplement her income and manages to live way above her means. APS tells me that their services are "voluntary". What that means is that if APS can alienate any party into refusing then APS can collect their paycheck, do nothing and go home. APS is really very good at this. DHS trains them well. No, sorry, we won't grovel. Go home, do not pass go and no paycheck for DHS. It is not a "right" to divert prescription narcotics in exchange for work. It is not a "right" to pick fights between the few of us who are trying to help someone elderly and are not getting paid for it. Find someone else with morals to run these programs. The trade-offs are worse than ugly.
