

Revisions to the El Dorado County Parks and Trails Master Plan  
Generated by Board of Supervisors Hearing March 13, 2012

Page	Revision
18	<u>Further policies under Objective 9.2.2 direct the County to evaluate and pursue ownership of Federal, State and other lands as the opportunities arise when such lands are appropriate and needed for public recreation use.</u>
21	The <b>El Dorado County River Management Plan (2001)</b> deals exclusively with whitewater recreation activities on the South Fork of the American River from Chili Bar Dam to Salmon Falls Road. <u>The River Management Plan (RMP) provides direction on management of whitewater recreation and addresses multiple issues including environmental protection, user experience, and safety. Recommendations in this Master Plan pertaining to whitewater and other river recreation activities and related facilities need to be consistent with the direction provided by the River Management Plan. Implementation and management of whitewater recreation facilities are not addressed in this Master Plan due to the specialized nature of the activity and the existence of the River Management Plan to address that activity in a focused fashion. However, this Master Plan does examine the strategic role of whitewater and other river recreation activities and related facilities in the overall vision for parks and trails in El Dorado County.</u>
44	El Dorado County is responsible for managing and maintaining six existing public recreation facilities and owns land targeted for <del>three</del> <u>four</u> additional parks.
51	The El Dorado Irrigation District (EID) provides water to over 100,000 residents as well as commercial and agricultural users in <del>of</del> western El Dorado County via an extensive system of water storage, treatment, and delivery facilities.
52	<u>EID also leases the 3-acre Bass Lake Park and Sellwood Field on Serrano Parkway to the El Dorado Hills CSD.</u>
54	The 18-hole Apple Mountain Golf Resort and Bass Lake Golf Course with 18-hole and 9-hole options are <del>is</del> the only courses that <del>is</del> are open to the public.
56	The Eldorado National Forest is managed <u>by</u> the U. S. Forest Service and offers numerous recreational opportunities including campgrounds, fishing, swimming, hiking trails, biking, equestrian trails, motorized trails, <u>white water rafting, hunting, rock climbing, target shooting,</u> day use areas, and campgrounds.
59	<u>Every year, the National Pony Express Association holds a re-ride along the route to reenact the historic mail delivery between Sacramento, California and St. Joseph, Missouri.</u>
59	Where the trails pass through federal lands, as in the <del>El Dorado</del> <u>Eldorado</u> National Forest, the federal land manager oversees recreational uses.
Appendix B	Deleted Bass Lake (Sellwood) Field from Cameron Park CSD inventory.
