Supervisor Knight -

The Department of Transportation respectfully requests that item 20 on the Board of Supervisors agenda for the meeting of February 14 be continued to the February 28 Board meeting. This is the item for Board acceptance of the HOV project in El Dorado Hills.

My staff and I believe the work is complete, but Caltrans informed us this morning that they want to perform one more walk through of the project before the project is accepted. Unless Caltrans comes up with something brand new about which we are unaware, we should be set for BOS acceptance at the February 28 meeting.

Please feel free to contact me if you have any comments or questions.

Thank you -
