Subject Item 33 BOS 12/14/10

History:  This message has been replied to.

Jim:

I may not make it back in time for this item and wanted to provide with this email, to be placed in the record. I am representing the Ramsey's the developer for Eastwood Park.

I support staff's recommendation regarding the clarification of section 7.5 of the Guidelines for the RIF. I understand that if staff's recommendation is adopted, that this clarification to the guidelines will be administered by the Director of DOT regarding any other cost reimbursement policy consistent with section 7.1 of the guidelines.

Subject BOS Agenda Item 33.

December 14, 2010

BOS Item 33. 10-1177

Clarification of Section 7.5 "County of El Dorado Department of Transportation Guidelines for Road Impact Fee / Traffic Impact Mitigation Fee Reimbursement Projects"

Dear Jim & Members of the Board of Supervisors:

As Jim and I discussed this morning (before this Item 33 was continued to the afternoon Agenda), we are in favor of DOT's two recommendations regarding clarification of the guidelines for reimbursement projects.....as long as we maintain the ability to bring a specific project before the Board that may require deviation from and/or modification of these guidelines.

Sincerely,
Barbara "Bobbie" Lebeck, P.E.
