B. Criteria for TBS Eligibility

Once the youth is identified as meeting the requirements for eligibility, the County MHS then determines the need for TBS based upon the following criteria:

1. The youth is receiving other specialty mental health services; and
2. The clinical judgment of the mental health provider indicates that it is highly likely that without the additional short-term support of TBS that:
3. The youth will need to be placed out-of-home, or into a higher level of residential care because of the youth's behaviors or symptoms, which jeopardize continued placement in the current facility.
4. The youth needs this additional support to transition to a home or foster home or lower level of residential placement. Although the youth may be stable in the current placement, a change in behavior or symptoms is expected and TBS are needed to stabilize the youth in the new environment.

C. Goals of the Program

1. To assist children in maintaining in their current placements, in avoiding placement in a more restrictive setting and returning to a more normal and less restrictive setting within the shortest amount of time possible.
2. To assist severely emotionally disturbed (SED) children to gain the social and functional skills necessary for age-appropriate development and social integration.
3. To assist caregivers in gaining an understanding of the social and psychological needs of their children and developing the skills necessary to support their children's development and eventual return to the family home and community.

1. To provide the most effective treatment plan for a youth, tailored to meet the youth's abilities and needs, and geared toward improving his/her capacity for success in their home and school environments.
2. To reduce the frequency and severity of maladaptive behaviors which interfere with home, school, and community adjustment and replace these behaviors with positive productive skills.
3. To develop each youth's capacity to function as an independent individual commensurate with developmental age. Skills in this area include decision-making, problem solving and the use of good judgment and reasoning.

4. To increase each youth's ability to assume responsibility for participation in the treatment process. This includes the ability to identify and understand one's current problems, as well as the recognition of one's own role in the self-management of emotional disorders.

Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

No waiver of any breach of this Agreement shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Agreement shall be taken and construed as cumulative; that is, in addition to every other remedy provided therein or by law. The failure of County to enforce at any time the provisions of this Agreement, or to require at any time performance by the Contractor of any of the provisions, shall in no way be construed to be a waiver of such provisions nor to affect the validity of this Agreement or the right of County to enforce said provisions.

- B. Bankruptcy: This Agreement, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- C. Ceasing Performance: County may terminate this Agreement in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part upon seven (7) calendar day's written notice by County without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to Contractor, and for such other services, which County may agree to in writing as necessary for Agreement resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise.
- E. Transfer of Care: Prior to the termination or expiration of this Agreement and upon request by the County or State of California DHCS-DMH, the Contractor shall assist in the orderly transfer of beneficiaries' mental health care. In doing this, the Contractor shall make available to County or the State of California copies of medical records, patient files, and any other pertinent information, including information maintained by any subcontractor, necessary for efficient case management of

beneficiaries, as determined by County within thirty (30) days request by the County. Costs of reproduction shall be borne by the County. In no circumstances shall a beneficiary be billed for this service.

However, all public entities shall comply with California Public Records Act (Government Code Sections 6250 et seq.) and the Freedom of Information Act (Title 5 of the United States Code Section 552), as applicable.

Permission to disclose information or documents on one occasion shall not authorize Contractor to further disclose such information or documents on any other occasions except as otherwise provided in the Agreement or required by law.

Contractor shall not comment publicly to the press or any other media regarding the data or documents generated, collected, or produced in connection with this contract, or the County or State's actions on the same, except to County or State staff or Contractor's own personnel involved in the performance of this Contract, or as required by law.

If requested by County, Contractor shall require each of its employees or officers who will be involved in the performance of this Agreement to agree to the above terms in a form to be approved by County and shall supply County with evidence thereof.

Each subcontract shall contain the foregoing provisions related to the confidentiality of data and nondisclosure.

After any data or documents submitted have become a part of the public records of the County or the State of California, Contractor may at its own expense and upon written approval by the County Contract Administrator, publish or utilize the same data or documents but shall include the following Notice:

LEGAL NOTICE

This report was prepared as an account of work sponsored by the Department of Mental Health (Department), but does not necessarily represent the views of the Department or any of its employees except to the extent, if any, that it has formally been approved by the Department. For information regarding any such action, communicate directly with the Department at P.O. Box 952050, Sacramento, California, 94252-2050. Neither said Department nor the State of California, nor any officer or employee thereof, or any of its contractors or subcontractors makes any warranty, express or implied, or assumes any legal liability whatsoever for the contents of this document. Nor does any party represent that use of the data contained herein, would not infringe upon privately owned rights without obtaining permission or authorization from any party who has any rights in connection with the data.

B. Provisions Relating to Data

“Data” as used in this Agreement means recorded information, regardless of form or characteristics, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work; or be usable or be used to define a design or process; or support a premise or conclusion asserted in any deliverable document called for by this Agreement. The data may be graphic or pictorial delineations in media, such as drawings or photographs, charts, tables, mathematical modes, collections or extrapolations of data or information, etc. It may be in machine form, as punched cards, magnetic tape, computer printouts, or may be retained in computer memory.

“Generated data” is that data, which Contractor has collected, collated, recorded, deduced, read out or postulated for utilization in the performance of this Agreement. Any electronic data processing program, model or software system developed or substantially modified by the Contractor in the performance of this Agreement at State expense, together with complete documentation thereof, shall be treated in the same manner as generated data.

“Deliverable data” is that data which under terms of this Agreement is required to be delivered to the County. Such data shall be property of the County.

Prior to the expiration of any legally required retention period and before destroying any data, Contractor shall notify the County of any such contemplated action; and County may within thirty (30) days of said notification determine whether or not this data shall be further preserved. The County shall pay the expense of further preserving this data. County shall have unrestricted reasonable access to the data that is preserved in accordance with this Agreement.

Contractor shall use best efforts to identify and furnish competent witnesses to testify in any court of law regarding data used in or generated under the performance of this Agreement.

ARTICLE XXVII

Indemnity: Contractor shall defend, indemnify, and hold the County, its Officers, employees, agents, and representatives, or State of California or its officers or employees, harmless against and from any and all claims, suits, losses, damages and liability for damages of every name, kind and description, including attorneys’ fees and costs incurred, brought for, or on account of, injuries to or death of any person, including but not limited to workers, County employees, State of California employees, and the public, or damage to property, or any economic or consequential losses, which are claimed to or in any way arise out of or are connected with the Contractor’s services, operations, or performance hereunder, regardless of the existence or degree of fault or negligence on the part of the County, the Contractor, subcontractor(s) and employee(s) of any of these, except for the sole, or active negligence of the County, its officers and employees, or as expressly prescribed by statute. This duty of Contractor to indemnify and save County and the State of California harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XXVIII

Litigation: County, promptly after receiving notice thereof, shall notify the Contractor in writing of the commencement of any claim, suit, or action against the County or State of California or its officers or employees for which the Contractor must provide indemnification under this Agreement. The failure of the County to give such notice, information, authorization or assistance shall not relieve the Contractor of its indemnification obligations. The Contractor shall immediately notify the County of any claim or action against it which affects, or may affect, this Agreement, the terms and conditions hereunder, or the County or State of California, and shall take such action with respect to said claim or action which is consistent with the terms of this Agreement and the interest of the County and State.

ARTICLE XXIX

Debarment and Suspension: Contractor shall comply with the provisions of Title 2, CFR, Section 180 as implemented by Title 2 CFR Section 376, and Executive Orders 12549 and 12689, "Debarment and Suspension," which excludes parties listed on the General Services Administration's list of parties excluded from Federal procurement or non-procurement programs from having a relationship with the Contractor.

A. Debarment and Suspension Certification:

By signing this Agreement, the Contractor agrees to comply with applicable Federal suspension and debarment regulations and Contractor further certifies to the best of its knowledge and belief that it and its principals or affiliates or any sub-contractor utilized under the agreement:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency;
2. Have not within a three year period preceding this application/proposal/agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in the above Paragraph B;
4. Have not within a three (3)-year period preceding this Agreement had one or more public transactions (Federal, State or local) terminated for cause or default;
5. Shall not knowingly enter in to any lower tier or subrecipient covered transaction with any person(s) who are proposed for debarment under Federal regulations or are debarred, suspended, declared ineligible or voluntarily excluded from participation in such transactions, unless authorized by the State; and
6. Shall include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier or subrecipient covered transactions.

The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

If Contractor knowingly violates this certification, in addition to other remedies available to the Federal and State Governments, County may immediately terminate this Agreement for cause or default.

ARTICLE XXX

Insurance: Contractor shall provide proof of a policy of insurance satisfactory to the County of El Dorado Risk Manager and documentation evidencing that Contractor maintains insurance that meets the following requirements:

- A. Full Workers' Compensation and Employers' Liability Insurance covering all employees of Contractor as required by law in the State of California; and
- B. Commercial General Liability Insurance of not less than \$1,000,000 combined single limit per occurrence for bodily injury and property damage;
- C. Automobile Liability Insurance of not less than \$1,000,000 is required in the event motor vehicles are used by the Contractor in the performance of the Agreement.
- D. In the event Contractor is a licensed professional, and is performing professional services under this Agreement, professional liability (for example, malpractice insurance) is required with a limit of liability of not less than \$1,000,000 per occurrence.
- E. Contractor shall furnish a certificate of insurance satisfactory to the County of El Dorado Risk Manager as evidence that the insurance required above is being maintained.
- F. The insurance will be issued by an insurance company acceptable to Risk Management, or be provided through partial or total self-insurance likewise acceptable to Risk Management.
- G. Contractor agrees that the insurance required above shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of the term of the Agreement, or for a period of not less than one (1) year. New certificates of insurance are subject to the approval of Risk Management and Contractor agrees that no work or services shall be performed prior to the giving of such approval. In the event the Contractor fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.
- H. The certificate of insurance must include the following provisions listed hereunder (including an endorsement page for the "additional insured" language), stating that:
 1. The insurer will not cancel the insured's coverage without thirty (30) days prior written notice to County, and;
 2. The County of El Dorado, its officers, officials, employees, and volunteers are included as additional insured, but only insofar as the operations under this Agreement are concerned. This provision shall apply to the general liability policy.
- I. The Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.
- J. Any deductibles or self-insured retentions must be declared to and approved by the County, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the County, its officers, officials, employees, and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

- K. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to the County, its officers, officials, employees, or volunteers.
- L. The insurance companies shall have no recourse against the County of El Dorado, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.
- M. Contractor's obligations shall not be limited by the foregoing insurance requirements and shall survive expiration of this Agreement.
- N. In the event Contractor cannot provide an occurrence policy, Contractor shall provide both insurance and evidence of insurance to County that shall cover claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- O. Certificate of insurance shall meet such additional standards as may be determined by the contracting County Department either independently or in consultation with Risk Management, as essential for the protection of the County.

ARTICLE XXXI

Interest of Public Official: No official or employee of County who exercises any functions or responsibilities in review or approval of services to be provided by Contractor under this Agreement shall participate in or attempt to influence any decision relating to this Agreement which affects personal interest or interest of any corporation, partnership, or association in which he/she is directly or indirectly interested; nor shall any such official or employee of County have any interest, direct or indirect, in this Agreement or the proceeds thereof.

ARTICLE XXXII

Interest of Contractor: Contractor covenants that Contractor presently has no personal interest or financial interest, and shall not acquire same in any manner or degree in either: 1) any other contract connected with or directly affected by the services to be performed by this Agreement; or, 2) any other entities connected with or directly affected by the services to be performed by this Agreement. Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed by Contractor.

ARTICLE XXXIII

Conflict of Interest: The parties to this Agreement have read and are aware of the provisions of Government Code Section 1090 et seq. and Section 87100 relating to conflict of interest of public officers and employees. Contractor attests that it has no current business or financial relationship with any County employee(s) that would constitute a conflict of interest with provision of services under this Agreement and will not enter into any such business or financial relationship with any such employee(s) during the term of this Agreement. County represents that it is unaware of any financial or economic interest of any public officer or employee of Contractor relating to this Agreement. It is further understood and agreed that if such a financial interest does exist at the inception of this Agreement either party may immediately terminate this Agreement by giving written notice as detailed in the Article in the Agreement titled, "Default, Termination and Cancellation".

A. Gratuities and Contingency Fees

The County, by written notice to the Contractor, may terminate the right of Contractor to proceed under this Agreement if it is found, after notice and hearing by the County or the State of California, that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the County or the State of California with a view toward securing a contract or securing favorable treatment with respect to the awarding, amending, or performing of such contract.

In the event this Agreement is terminated as provided in the paragraph above, County shall be entitled (a) to pursue the same remedies against Contractor as it could pursue in the event of the breach of the Agreement by the Contractor, and (b) as a predetermined amount of liquidated damages, to exemplary damages in an amount which shall not be less than three times the cost incurred by Contractor in providing any such gratuities to any such officer or employee.

The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

Contractor warrants by execution of this Agreement that no person or agency has been employed or retained by it to solicit or secure this Agreement upon a contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees of Contractor, for the purpose of securing business. For breach or violation of this warranty, the County shall have the right to annul this Agreement without liability, paying only for the values of the work actually returned, or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

B. Use of State Funds

Contractor, including its officers and members, shall not use funds received pursuant to this Agreement to support or pay for costs or expenses related to the following:

1. Campaigning or other partisan activities to advocate for either the election or defeat of any candidate for elective office, or for or against the passage of any proposition or ballot measure; or,
2. Lobbying for either the passage or defeat of any legislation.

This provision is not intended and shall not be construed to limit any expression of a view, opinion, or position of any member of Contractor as an individual or private citizen, as long as State funds are not used; nor does this provision limit Contractor from merely reporting the results of a poll or survey of its membership.

C. Conflict of Interest Certification

In accordance with State of California laws and State of California Departmental policy, no employees (including contractors) shall participate in incompatible activities, which are in conflict with their job duties. In addition, State law requires employees whose positions are designated in the State Conflict of Interest Code to file statements of economic interest.

In signing this Agreement, Contractor certifies that they have read and understand Government Code 19990.

ARTICLE XXXIV

California Residency (Form 590): All independent Contractors providing services to the County must file a State of California Form 590, certifying their California residency or, in the case of a corporation, certifying that they have a permanent place of business in California. The Contractor will be required to submit a Form 590 prior to execution of an Agreement or County shall withhold seven (7) percent of each payment made to the Contractor during term of the Agreement. This requirement applies to any agreement/Agreement exceeding \$1,500.00.

ARTICLE XXXV

ARTICLE XXXVII

ARTICLE XXXVIII

Authorized Signatures: The parties to this Agreement represent that the undersigned individuals executing this Agreement on their respective behalf are fully authorized to do so by law or other appropriate instrument and to bind upon said parties to the obligations set forth herein.

ARTICLE XXXIX

Partial Invalidity: If any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will continue in full force and effect without being impaired or invalidated in any way.

ARTICLE XL

Force Majeure: Neither the County, the State of California, nor the Contractor shall be deemed to be in default in the performance of the terms of this Agreement if either party is prevented from performing the terms of this Agreement by causes beyond its control, including without being limited to: acts of God, interference, rulings or decision by municipal, Federal, State or other governmental agencies, boards or commissions; any laws and/or regulations of such municipal, State, Federal, or other governmental bodies; or any catastrophe resulting from flood, fire, explosion, or other causes beyond the control of the defaulting party. If any of the stated contingencies occur, the party delayed by force majeure shall immediately give the other party written notice of the cause of delay. The party delayed by force majeure

shall use reasonable diligence to correct the cause of the delay, if correctable, to complete performance under this Agreement.

ARTICLE XLI

EXHIBIT B – AGREEMENT #001-S1310

CONFIDENTIALITY AND INFORMATION SECURITY PROVISIONS

i. CONFIDENTIALITY AND INFORMATION SECURITY PROVISIONS.

A. The CONTRACTOR shall comply with applicable laws and regulations, including but not limited to Sections 14100.2 and 5328 et seq. of the Welfare and Institutions Code, Section 431.300 et seq. of Title 42, Code of Federal Regulations, and the Health Insurance Portability and Accountability Act (HIPAA), including but not limited to Section 1320 d et seq. of Title 42, United States Code and its implementing regulations (including but not limited to Title 45, CFR, Parts 142, 160, 162 and 164) regarding the confidentiality and security of individually identifiable health information (IIHI).

B. Permitted Uses and Disclosures of IIHI by the Contractor.

i) *Permitted Uses and Disclosures.* Except as otherwise provided in this Agreement, the CONTRACTOR may use or disclose IIHI to perform functions, activities or services identified in this Agreement provided that such use or disclosure would not violate Federal or State laws or regulations.

ii) *Specific Uses and Disclosures Provisions.* Except as otherwise indicated in the Agreement, the Contractor may:

(1) Use and disclose IIHI for the proper management and administration of the Contractor or to carry out the legal responsibilities of the Contractor, provided that such use and disclosures are permitted by law.

(2) Use IIHI to provide data aggregation services to COUNTY or State. Data aggregation means the combining of IIHI created or received by the Contractor for the purposes of this contract with IIHI received by the Contractor in its capacity as the Contractor of another HIPAA covered entity, to permit data analyses that relate to the health care operations of COUNTY and State.

C. Safeguards. Contractor shall develop and maintain an information privacy and security program that includes the implementation of administrative, technical, and physical safeguards appropriate to the size and complexity of the Contractor's operations and the nature and scope of its activities. The information privacy and security program shall reasonably and appropriately protect the confidentiality, integrity, and availability of the IIHI that it creates, receives, maintains, or transmits; and prevent the use or disclosure of IIHI other than as provided for by this Agreement. The Contractor shall provide County or State with information concerning such safeguards as County or State may reasonably request from time to time.

The Contractor shall implement administrative, technical, and physical safeguards to ensure the security of County or State information on portable electronic media (e.g., floppy disks, CD-Rom, etc.) and in paper files. Administrative safeguards to be implemented shall include, but are not limited to training, instructions to employees, and policies and procedures regarding the HIPAA Privacy Rule. Technical safeguards to be

implemented shall include, but are not limited to, role based access, computer passwords, timing out of screens, storing laptop computers in a secure location (never leaving the equipment unattended at workplace, home or in a vehicle) and encryption. Physical safeguards to be implemented shall include, but are not limited to, locks on file cabinets, door locks, partitions, shredders, and confidential destruct.

D. The CONTRACTOR shall implement appropriate authentication methods to ensure information system access to confidential, personal (e.g., IHHI) or sensitive data is only granted to properly authenticated and authorized persons. If passwords are used in user authentication (e.g., username/password combination), the Contractor shall implement strong password controls on all compatible computing systems that are consistent with the National Institute of Standards and Technology (NIST) Special Publication 800-68 and the SANS Institute Password Protection Policy. The Contractor shall:

i) Implement the following security controls on each server, workstation, or portable (e.g., laptop computer) computing device that processes or stores confidential, personal, or sensitive data:

(1) Network-based firewall and/or personal firewall

(2) Continuously updated anti-virus software

(3) Patch-management process including installation of all operating system/software vendor security patches

ii) Encrypt all confidential, personal, or sensitive data stored on portable electronic media (including, but not limited to, CDs and thumb drives) and on computing devices (including, but not limited to, desktop computers, laptop computers and PDAs) with a solution that uses proven industry standard algorithms.

iii) Prior to disposal, sanitize all County and State confidential data contained in hard drives, memory devices, portable electronic storage devices, mobile computing devices, and networking equipment in a manner consistent with the National Institute of Standards and Technology (NIST) Special Publication 800-88.

The Contractor shall not transmit confidential, personal, or sensitive data via e-mail or other Internet transport protocol over a public network unless, at minimum, a 128-bit encryption method (for example AES, 3DES, or RC4) is used to secure the data.

E. Mitigation of Harmful Effects. Contractor shall mitigate, to the extent practicable, any harmful effect that is known to Contractor of a use or disclosure of PHI by Contractor or its subcontractors in violation of the requirements of this Agreement.

F. Reporting of Improper Disclosures. Contractor shall report to County and State within twenty-four (24) hours during a work week, of discovery by Contractor that PHI has been used or disclosed other than as provided for by this Agreement.

G. Agents and Subcontractors of the Contractor. Contractor shall ensure that any agent, including a subcontractor to which the Contractor provides PHI received from, or created or received by the Contractor on behalf of County or State, shall comply with the same

restrictions and conditions that apply through this Agreement to the Contractor with respect to such information.

- H. Internal Practices. Contractor shall make Contractor's internal practices, books and records relating to the use and disclosure of PHI received from County or State, or created or received by the Contractor on behalf of County or State, available to the County or State, or to the Secretary of the U.S. Department of Health and Human Services, in a time and manner designated by County or State or by the Secretary, for purposes of determining the County or State or Contractor's compliance with the HIPAA regulations.
- I. Notification of Electronic Breach or Improper Disclosure. During the term of this Agreement, Contractor shall notify the County and State immediately upon discovery of any breach of Medi-Cal IIHI and/or data, where the information and/or data is reasonably believed to have been acquired by an unauthorized person.
