**PETITION TO EL DORADO COUNTY BOARD OF SUPERVISORS
AND
CITY OF PLACERVILLE CITY COUNCIL**

Whereas: HangTown Haven has proven over an extended period of time to be a clean, sanitary, safe, well operated and unobtrusive facility in which homeless people can live;

Whereas : HangTown Haven has proven to require *no cost and minimal* effort by the City of Placerville;

Whereas: There are many homeless people in Placerville and in El Dorado County living with minimal shelter and inhumane, unsafe and unhealthy conditions;

Whereas: Homeless people *living* outside of HangTown Haven *often* create *a nuisance in the community and* dangerous public health and wild fire conditions;

Therefore: the undersigned residents of the area petition the Board of Supervisors of El Dorado County and the City Council of the City of Placerville to take the following actions:

- 1) Allow HangTown Haven to continue to operate *until an acceptable alternative location can be found and activated.*
- 2) Jointly work with representatives of the non-profit organizations working with the homeless community to evaluate sites that *might provide a permanent facility or facilities for all homeless people living in the greater Placerville area.*
- 3) Develop a *permanent facility or facilities modeled after* HangTown Haven for all homeless people living in the area.
- 4) Expand the eligibility requirements for Hangtown Haven to include the greater Placerville area.

**PETITION TO EL DORADO COUNTY BOARD OF SUPERVISORS
AND
CITY OF PLACERVILLE CITY COUNCIL**

Whereas: HangTown Haven has proven over an extended period of time to be a clean, sanitary, safe, well operated and unobtrusive facility in which homeless people can live;

Whereas : HangTown Haven has proven to require *no cost and minimal* effort by the City c Placerville;

Whereas: There are many homeless people in Placerville and in El Dorado County living with minimal shelter and inhumane, unsafe and unhealthy conditions;

Whereas: Homeless people *living* outside of HangTown Haven *often* create *a nuisance in the community and* dangerous public health and wild fire conditions;

Therefore: the undersigned residents of the area petition the Board of Supervisors of El Dorado County and the City Council of the City of Placerville to take the following action:

- 1) Allow HangTown Haven to continue to operate *until an acceptable alternative locati can be found and activated.*
- 2) Jointly work with representatives of the non-profit organizations working with the homeless community to evaluate sites that *might provide a permanent facility or facilities for all homeless people living in the greater Placerville area.*
- 3) Develop a *permanent facility or facilities modeled after* HangTown Haven for all homeless people living in the area.
- 4) Expand the eligibility requirements for Hangtown Haven to include the greater Placerville area.

**PETITION TO EL DORADO COUNTY BOARD OF SUPERVISORS

1) Allow HangTown Haven to continue to operate at 1688 Broadway *until an acceptable*

.alternative location can be found in the city or county and activated.

2) Jointly work with representatives of the non-profit organizations working with the homeless community to evaluate sites that *might* provide a permanent facility or facilities for responsible homeless people living in the greater Placerville area.

3) Develop a permanent facility or facilities modeled after HangTown Haven for all homeless people living in the greater Placerville area.

**PETITION TO EL DORADO COUNTY BOARD OF SUPERVISORS
AND
CITY OF PLACERVILLE CITY COUNCIL**

Whereas: HangTown Haven has proven over an extended period of time to be a clean, sanitary, safe, well operated and unobtrusive facility in which responsible homeless people can live;

Whereas: HangTown Haven has proven to require *no cost and minimal* effort by the City of Placerville;

Whereas: There are many responsible homeless people in Placerville and in El Dorado County living with minimal shelter and inhumane, unsafe and u conditions;

Whereas: However, some homeless people *living* outside of HangTown Haven *often create a nuisance in the community and* dangerous public health and wild fire conditions;

Therefore: The undersigned or e-mail residents of the area petition the Board of Supervisors of El Dorado County and the City Council of the City of Placerville to take the following actions:

Hi Ron,

Yes, we support the petition. Hangtown Haven meets a serious need in our area in a very cost effective way. There are many more in our area who would benefit from another site being opened.

We volunteer at one of the Nomadic Shelters and have noticed that some of our guests work and need a safe place to sleep at night until they can save up enough to start over.

Subject: Homeless Issues #55

"Homeless Issues" is the Newsletter of the Homeless advocates in El Dorado County.

I was reminded that HangTown Haven is only approved by the City of Placerville, **to be in existence only until November of this year. What then?????**

One **estimate of providing services to the homeless population** is that the savings our community would see (over the eighteen months because of Hangtown Haven being in operation and for the average thirty people we will have during that period) is: $\$27,504 \times 30 \times 1.5(\text{years}) = \$1,237,680$. **Wow! Could that be true?** Many will say that it applies only to LA and not to here. Maybe. It would be interesting to see how they arrived at their numbers.

Applying our numbers, I would estimate that the total cost for Hangtown Haven for the eighteen months beginning last July would be approximately \$40,000. This makes the average cost per person per month: $\$40,000 / 30 / 18 = \74 , far less than the "supportive housing" figure shown in the LA report. **Financially, our "tent city" is the way to go.** We have no idea what our community's

corresponding costs are for a homeless person living on the street.

Another way to look at this is **that our community would save: \$27504X30=\$825,120 a year for the thirty people living at the haven if we had a shelter.** Consequently, we could build one spending \$825,120 a year for it and still break even.

Some have asked **about staying in a tent in 20 degree weather.** Well, warm up the tent! ;>) The safest method is to get a metal coffee cans, attach a handle, and put large rocks into them. Then place them by the fire that is going during the day. The fire heats up the rocks and the can. When you turn in for the night, put the heated can and rocks in your tent. Cuddle up in your combination of sleeping bag and blankets. **The can of rocks, warms up the tent,** and in the morning the rocks and can will still be a little warm. Yes, it does work. And thank you, to those who have donated wood to keep that fire going. We can always use more as that fire goes from 6:00 AM until 10:00 PM every day. You are not only warming the hearts of others; you are warming the whole body. Metal coffee cans would be appreciated. Metal not plastic ;>)

HangTown Haven is **accenting the need to wash ones hands often to decrease the spread of germs** that could cause health problems for The Haven as well as those who go to the Nomadic Shelter at night. HangTown Haven is a safe, organized, and responsible Haven for those in our community who have the least. **I want to congratulate the greater community volunteers** who give up three hours a week to assist the HangTown Haven Community Council in the effort of keeping it safe and organized. If you want to volunteer, contact Don Rake at ... don.rake@yahoo.com

I was given a Petition to review and would like to pass it onto you. This Petition addresses where and what will happen in November when the City of Placerville says we can no longer have HangTown Haven at our present location. I will send out the Petition soon after you receive this newsletter. **I pray you will return the Petition by e-mail to me with a statement saying that you concur and support the Petition.** This newsletter goes out to 600 persons and I would love to end up with at least 500 responses.

To those who might be receiving this newsletter for the first time, you can go to the web site below and read all the other 54+ newsletters going back five years, and see the progression and regression of the Homeless Issues in El Dorado County.

I agree with this!!! The Haven is well run and I actually think, in an ideal location. There are bathing facilities, laundry, grocery stores and restaurants nearby, easy walking distance. What be be the advantage of putting a facility in the middle of nowhere. I support the Haven and would ask for your co-operation to allow it to remain where it is. Thank you, Mr and Mrs Ray Bolduc, Placerville

**PETITION TO EL DORADO COUNTY BOARD OF SUPERVISORS
AND
CITY OF PLACERVILLE CITY COUNCIL**

Whereas: HangTown Haven has proven over an extended period of time to be a clean, sanitary, safe, well operated and unobtrusive facility in which responsible homeless people can live;

Whereas: HangTown Haven has proven to require *no cost and minimal* effort by the City of Placerville;

Whereas: There are many responsible homeless people in Placerville and in El Dorado County living with minimal shelter and inhumane, unsafe and u conditions;

Whereas: However, some homeless people *living* outside of HangTown Haven *often create a nuisance in the community and* dangerous public health and wild fire conditions;

Therefore: The undersigned or e-mail residents of the area petition the Board of Supervisors of El Dorado County and the City Council of the City of Placerville to take the following actions:

- 1) Allow HangTown Haven to continue to operate at 1688 Broadway *until an acceptable*

alternative location can be found in the city or county and activated.

2) *Jointly work with representatives of the non-profit organizations working with the homeless community to evaluate sites that might provide a permanent facility or facilities for responsible homeless people living in the greater Placerville area.*

3) *Develop a permanent facility or facilities modeled after HangTown Haven for all homeless people living in the greater Placerville area.*

To Whom It May Concern,

I agree with the statements and suggestions from Job's Shelters of the Sierra to keep Hangtown Haven in its present location for an indefinite period while a more permanent solution to the homeless situation is found.

Sincerely,

Hi Kathy,

I thought I'd give what little input I can so that you know that I actually exist!

I don't live in Placerville, so I certainly can't speak to how residents may feel about it, but from what I have read, HangTown Haven seems to be a positive model. I remember reading in the Bee that Sacramento, I think it was, was looking at HangTown Haven as a possible model. It would be sad to see something simply disappear that looks so promising and that others are looking to for inspiration. Certainly, HangTown Haven seems to be a success in many ways, and one doesn't hear many success stories about the homeless problem.

Thanks for all you do.

Ron,

Enclosed are copies of your petition signed by members of the League of Women Voters of El Dorado County as well as e-mail concurrences from members. Please accept our gratitude for the work you have done to assist the homeless to survive with a modicum of safety and decency in Placerville.

I want you to know I attended Museum Day today and as I was leaving the Indian Museum at Sutter Fort, I overheard a man behind me explaining to another about the incredible job Placerville had done in providing HangTown Haven. Word does get around.

Sincerely,
