RE: Caltrans Federal Transit Administration, Section 5310-Enhanced Mobility of Seniors and Individuals with Disabilities Funding Application for Specialized Transportation Services

Dear Mr. Hasty:

The County of El Dorado Health and Human Service Agency (HHSA) is pleased to support the Tahoe Transportation District's application for operations associated with specialized transportation services for the Tahoe region.

Residents of South Lake Tahoe and Myers must travel out of the area for specialty medical and dental appointments and other government services not available in South Lake Tahoe. Availability of specialized transportation to assist South Lake Tahoe area seniors and individuals with disabilities in accessing services in Sacramento, Reno, Placerville, and other areas of western El Dorado County is a valuable resource. The health and social improvements of this service will translate to benefits for the greater community.

Should you have any questions regarding HHSA's support of the Tahoe Transportation District's specialized transportation services grant application, please feel free to contact me.

Sincerely,

Don Ashton, M.P.A.
Director
