To the Board of Supervisors of El Dorado County:

PUBLIC RECORDS ACT REQUEST RE: COUNTY COMPUTER ENTERPRISE RESOURCE PLANNING (ERP) SOFTWARE SYSTEM ACQUISITION KNOWN BY THE COUNTY AS "PHOENIX" AND MORE SPECIFICALLY DESCRIBED AS TYLER TECHNOLOGIES "MUNIS" SOFTWARE SYSTEM

Dear Board,:

I hereby request copies of the following documents/records of the County of El Dorado as such records are defined by Government Code 6252:

All documents relating to analyzing the County's current financial software system, its annual costs for software licensing, hardware upgrade and maintenance cost, consulting and all documents related to the County's needs analysis and decision for replacement of software and hardware, staff costs; as well as:

All writings and communications relating to the County's procurement for any and all computer software, hardware, consulting services, data conversions, systems integration work provided in preparation for the final software acquisition decision approved by the Board of Supervisors on March 26, 2013, as referenced by the El Dorado County Board of Supervisors Agenda Item number 13-0318 on that date.

A list of all vendors solicited regarding this acquisition, all vendors considered, approved, disqualified and analyzed.

County vendor selection guidelines and/or methodology, invoices to date for purchased software and services from Tyler Technologies its software and/or user licenses.

Thank you for your assistance in this matter.

Very truly yours,

Sue Taylor
