

**EL DORADO COUNTY
APPLICATION FOR APPOINTMENT TO COUNTY
COMMISSIONS, COMMITTEES, OR ADVISORY BOARDS**

This form is used for consideration of appointments made by the County Board of Supervisors. Please complete this form and attach a resume if available. Return completed form to:

Clerk of the Board of Supervisors
County Government Center
330 Fair Lane
Placerville, CA 95667

1. Date : **6-19-14**
2. Committee, Commission, Board or principle area of interest:

Economic Development Commission

3. Application by: **Sue Taylor**
Resident of Supervisorial District: **III**

4. List all County board, commissions or committees of which you are now or have been a member. Indicate dates of service.

Permit Process Ad Hoc Committee

8-21-08 until dissolved

5. Summary of qualifications related to group(s) listed above. (What experience or special knowledge do you bring to your area of interest?)

I have years of experience working in the development world. I worked for California Department of Forestry's Engineering Department and McGuire Engineering, before going into business for myself. My background is preparing commercial and residential plans for construction. I do all aspects of the plans, including grading, landscaping, laying out the internal and external ADA components, utilities, road, building design and construction drawings. I have a good rapport and understanding of local government agencies involved with development.

I have worked with land and business owners to bring their projects to reality. Those businesses include;

Boeger Winery – Tasting Room & Cater kitchen

T.I. for Los Hermanos – Pollock Pines

T.I. for Rood Building on Main Street, City of Placerville

Mixed Use Building on Cedar Ravine, City of Placerville

D&D Sheet Metal – Merchant Circle

Applied Control Electronics – Merchant Circle

T.I for Snowline Hospice then Mental Health (same building), City of Placerville

T.I. For Automotive Excellence – Missouri Flat

Worked on Design Standards for Tyrolian Homes in Incline Village, Nevada

I was assigned the task to bring organization and technology into the EDC Facilities Department. I started the process of getting all the county buildings and site plans into a computerized system. While employed by the County, I

designed the parking plan for the county soup kitchen, designed and help to implement ADA improvements on the Veteran’s Hall and worked on many other county building plans for needed remodels and repairs. I donated and assisted with processing plans for Hangtown Trade School. I have a good relationship with local District III communities and work well with the public.

6. Affiliations with professional and/or community groups:

While being involved with the Builders Industry Advisory Committee I came to know many of those involved in the planning and building process including Building Association Presidents and County Officials. I work with many contractors and engineers within El Dorado County. I have served as secretary for the Child Abuse Council. I've been a member of Apple Hill. I have also served on C.O.R.E. (Camino Organized for Rural Environment) as a community group working with developers.

7. Why do you seek appointment?

I feel that I have a well rounded understanding of El Dorado County involving the Economic and Environmental issues. I think that there is a need to look at the impact to our historical, cultural, agricultural and recreational resources along with the needs of existing communities when looking at economic opportunities. There has been too much focus on future box store and housing development at the expense of our existing residents, businesses and resources. We need more balance.

8. Applicant’s Name: **Sue Taylor**

Mailing Address:
Camino, CA 95709
Phone:

9. Occupation & Title: **Sue Taylor Design (Owner)**

10. Other Remarks:

I love this county and it’s history and opportunities. I have served this county in many capacities because I believe in giving back what I have received by having the privilege of living here. I hope that our future will give my grandchildren those same experiences.

11. **See resume for other information**

Appointees to Boards, Commissions or Committees are not considered to be County employees for purposes of benefits, such as Workers Compensation, health insurance, etc.

Sue Taylor

6-19-2014

Community experience

I have been a member and active Leader of W.I.T. (Women In Technology). Duties included running workshops for high school students, planning field trips, organizing meetings and sponsoring workshops for college students. Volunteered and worked for W.E.E.C.A.R.E. & El Dorado Play Therapy, setting up books and process of collections. (Non-profit organizations). For over 20 years I served as a volunteer backpacking leader teaching

Young Women ages 12-18 how to survive and respect our wilderness. I coordinated the Day of Community Service involving 14 service projects throughout El Dorado County in 2013 and 11 service projects in 2014 including cleanup of Coloma State Park, a ranch to be used for the 4-H club clean-up of property owned by Habitat for Humanities, the community garden in Pollock Pines and numerous other projects.

Technical Experience

Teaching Assistant, AutoCADD, California State University, Sacramento, for Academic Talent Search. At McGuire Engineering I have created an organized file system in the network for storing prototypes, projects, details & other necessary folders for the office. Created spreadsheets for time management and cost estimating forms. Developed AutoCADD prototypes for American River College, California Department of Forestry, McGuire Engineering and El Dorado County Facilities Department.
