

Grants System Application

Application Information

Applicant: El Dorado County
 Cycle Name: Local Government Waste Tire Enforcement Grants
 Cycle Code: TEA19
 Grant ID: 13381
 Grant Funds Requested: \$ 46,932.00
 Matching Funds: - (if applicable)

Application Due Date: 11/30/2011
 Secondary Due Date: 12/29/2011
 Request Advance Payment: No

Project Summary: El Dorado County Environmental Management (EMD) respectfully requests TEA Grant funding to implement a used tire generator inspection and enforcement program. There are currently 133 facilities with TPIDs operating in El Dorado County. EMD last requested, received and implemented a Tire Enforcement Grant Fund in 2005 (TEA 11). The number of used tire generating businesses with TPIDs has increased from 65 in 2005 to 133 today. The majority of requested grant funds will be used to conduct routine facility compliance inspections. We anticipate a small percentage of businesses will require re-inspections and enforcement actions be taken when necessary. Current enforcement options include issuing notices of violation, conducting office hearings and referring cases to the EDC District Attorneys office for prosecution. Grant funds will also be use to provide inspector training, equipment and to reimburse EMD for eligible transportation and administrative costs related to the program.
