Subject: Mather Airport Expansion Health issues

To: jim.mitrisin@edcgov.us

Dear Clerk of the Board:

May I please go on record as opposing the Mather Airport Expansion because of my concern for the health of all El Dorado County residents. Having worked in a Cardiovascular Department of Alta Bates Hospital in Berkeley years ago, I remember learning of the importance of a good night's sleep on heart health. Interrupted sleep over time can and will cause early heart disease and heart attacks in the population experiencing interrupted sleep due to airport noise throughout the evening hours. Any cardiologist will confirm this statement as fact.

While the expansion of Mather Airport may be great from an economic standpoint for Sacramento County, all my experience tells me that the heart health of all the citizens of both El Dorado County and Sacramento County will be at stake. Therefore, I ask that you do all in your power to stop this expansion.

Many thanks,

Joan Darling

Dear Supervisors:

I urge you to initiate legal action against Sac county for the faulty EIR for the Mather Master Plan. You all know very well that with the EIR adopted, the individual pieces of the master plan may be streamlined with very little resistance; *that is the whole point*. Sac County BOS Chairman Yee accepted that, *but you should not*.

This EIR is vulnerable: they neglected to include the most basic alternative of routing the cargo over flights to Sac international. Reference the letter from the San Francisco attorney hired by Folsom, and remember:

- Our county stands to lose a LOT of property tax dollars along the effected flight path.
- The schools and public areas of El Dorado Hills (the CSD / ball fields) in the flight path will TRULY be impacted by the noise
- El Dorado County as a rural retreat, along with its reputation as such, is about to be quashed

Our Sac neighbor has poisoned the well, and we sincerely hope you won't just shrug your shoulders and walk away. County residents need to see you stand up for them, or Mather will join a lengthening list of projects that residents resent, AND that they attribute to this Board. *Please let us celebrate the fact that you will take action on this!*

Ellen Van Dyke

Please include my letter to the board for the meeting on Mather

Thanks,

Reg Hearn

Hello Members,

It's time for EDC BOS to step up again. Sacramento has taken so much from us already - our tax dollars, our water, our electricity....please don't let them steal our peace and quiet too.

As residence of Serrano for 15 years we have been most aware of the noise impact from UPS flights arriving at Mather. I can almost set my clock at 4:15pm, 8:15pm and again at 3:15am, as they fly almost directly overhead. With the recent action by the Sacramento BOS we are starting to plan to leave our beautiful area. I know, from my 38 year aviation career, what it is like for those living near the UPS hub in Louisville, Ky. The thought of a flight every

14-1183 Public Comment

BOS Rcvd 9-8-14

five minutes or so all night long is unbearable.

Instead I just ask you to do what we elected you to do - represent the interests of your constituents. We need your help more than ever now.

The Sacramento County BOS could care less about the impacts in our county. After all we do not get to vote in their election.

Thank you for your consideration-

Reg and Sue Hearn

Hello EDC BOS-

Regarding the proposed expansion of the airport at Mather and the resulting increase in noisy air traffic over our homes....it is high time for EDC BOS to step up. Sacramento has taken so much from us already - our tax dollars, our water, our electricity....please don't let them steal our peace and quiet too.

Many others have documented in very thorough detail the reasons that expanding Mather is a terrible idea so I won't waste your time repeating that info here.

Instead I just ask you to do what we elected you to do - represent the interests of your constituents.

What would the Sacramento County BOS do if the shoe were on the other foot?

Thank you for your consideration and attention to this matter-

Reply-To: Jessica Disney <jdkiwi2004@yahoo.com>

To: "edc.cob@edcgov.us" <edc.cob@edcgov.us>, "bosone@edcgov.us" <bosone@edcgov.us>, "bosthree@edcgov.us" <bosthree@edcgov.us>, "bosfour@edcgov.us" <bosfour@edcgov.us>, "bosfive@edcgov.us" <bosfive@edcgov.us>

I purchased my home in El Dorado Hills because I wanted to be away from city and air traffic noise. I have lived here for 10 years and the past 6 years have been in Serrano. I am so disappointed in the lack of interest or even unawareness of our County Supervisors regarding the expansion of Mather Airfield being turned into a major hub for freight traffic for the Pacific Rim which includes all Asian Countries and the South Pacific air traffic to and from the US.

Sacramento County will reap the benefits from increased tax revenues and El Dorado County will reap the noise pollution and lack of sleep as this air traffic increases. They are projecting up to 300,000 flights per year in the master plan and they fly directly over OUR heads as they come in for a landing. We will also have our level of safety degraded as so many extra flights come in for the approach.

Please stand up for your constituents to save our property values, which in turn relate to El Dorado County tax revenues by fighting this plan. It is time for the El Dorado County BOS to take the lead **and at least file the challenge law suit.**

Sincerely,
Jessica Disney

El Dorado County Board of Supervisors,

I fully support you taking legal action against the County of Sacramento in regards to the Mather Airport Master Plan and FEIR. The Sacramento County BOS's have not and will not listen to words. The only way to stop the air cargo jet noise associated with Mather Field is through the court system. Please vote to begin litigation to this effect.

Will you also include my comments in the record of your September 9, 2014 meeting minutes.

Sincerely,

Mike Coffman

Hello Board Members,

I would like to urge you to take legal action against Sac county on the Mather Field expansion.

Below are three Google Earth images.

Image 1 shows that the approach path is directly over Oak Ridge High School, Rolling hills middle school, and the CSD complex.

Image 2 shows the flight path directly over the most expensive part of Serrano. This will have a big impact on property values (and tax revenues to the county). Please note that there are many more expensive homes to be built in this area. Will real estate disclosures be required here?

Image 3 shows the flight path directly over the older hilly section of El Dorado Hills. The green area (unbuilt so far) has been approved for homes. Again, will a disclosure be needed to sell these homes?

Thank you for anything you can do to stop this terrible project.

Don Van Dyke

Please consider taking legal action against Sacramento County to stop the proposed Mather field expansion. Mather field expansion and the concomitant increase in air traffic will have a negative impact on property values and quality of life in the surrounding areas of Folsom, El Dorado Hills, and Rescue. The Sacramento County Board of Supervisors approved the expansion based on a faulty EIR that failed to adequately address the impacts to surrounding areas.

I attended the August 26th board meeting where this was approved. The board took comments from many concerned citizens, and legal representation from the city of Folsom. In the end, none of the comments, concerns, or questions were addressed, and the measure passed 3 to 1. It seems that legal action is the only thing that gets their attention. That is why I am urging you to get involved.

Sept 9, 2014 - BOS Meeting Item #29. 14-1183

ATTN: James S. Mitrisin, Clerk of the Board

To Whom It May Concern.....I live in Rescue, El Dorado County. The back of my property up on a hill faces Folsom Lake.

The planes coming in now are so low & extremely loud that I formally protest Mather becoming the jet cargo hub of the Pacific Rim.

Send the "jets" in from the west over SACRAMENTO, then they can enjoy the noise along with money they will receive!

Carole Perusse
