Requested Date of Publication: 09/21/2015

Dear Char,

You let me know that you have not received a Proof of Publication from our newspaper for the referenced public notice. It was then I discovered that the referenced notice did not print in our paper on 9/21/15. You did attempt to get this Notice published, per your email dated 9/15/15. After sending my email receipt of your initial request, I must have mis-filed your message, an error on my part that prevented publication.

As you have requested, we will publish this same notice in our next issue, 10/2/15 and provide proof of that publication subsequently.

I truly apologize for any trouble or inconvenience that this error may have caused you, your agency and the County.

Sincerely,

Kirsten Mattos
