I would like to see expanded notification so we would hear about potential problems like the San Stino project that would affect a wide area. Thank you.

I have been following the discussion regarding the expanded notification efforts relative to new development. It seems perfectly reasonable for the County to hire a "mailing house" to conduct the mailings, saving the more valuable county staff time and eliminating the appearance of impropriety by asking the developer or their consultants to conduct the notifications.

Good Work.

Thanks,

Paul Cowdery,

Dear Commissioners,

Please support the expansion of public notice of development projects in El Dorado County.

Sincerely,
