We support the suggested expansion of public notice on projects to better involve the public in the process, with the addition of making the Public Outreach Plans mandatory. It's just COMMON sense! Thanks for your consideration.

Tom & Liane Bowen

Dear Board of Supervisors:

I have been involved in community outreach for many years through my work, as well as involvement with my community, and it is clear that past efforts to engage the public have often not been enough to adequately notify community members of proposed projects and plans. Sufficient public outreach is necessary to inform people regarding proposals that will impact their property, businesses, neighborhoods, and communities at large. I urge you to support the suggested expansion of public notice on projects with the addition of making the Public Outreach Plans mandatory.

Sincerely,

~Jennifer Quashnick

As a citizen of El Dorado County and a concerned resident I fully support the expansion of public notice on projects to better involve the public in the process.

I also strongly support in making the Public Outreach Plans mandatory, instead of optional.

Expanding the public notice, and making the Public Outreach Plans mandatory, is crucial to your constituents. It would truly be a sign that you understand our needs and how we are affected, whether good or bad, by your decisions.

You know, It's not too late to show the citizens of El Dorado County that you have a heart for the common people!

Thank you,

Karen Warner  
El Dorado County

Dear Supervisors:

Thank you, in advance, for **VOTING YES** on expanding and greatly improving upon the public project notification process.

Yes ... I trust you will vote the correct way on this issue, as it is an obvious **WIN, WIN for all parties involved** (meaning a win for the public, and a win for the developers).

Please take the next step and make this expanded project notification process **MANDATORY**. Again, it is obviously the right thing to do -- and again, a **WIN, WIN for all parties involved**.

***Bottom-line: If the process is not mandatory, how can the public trust the process?***

Respectfully,

Jeannette Maynard  
El Dorado County Resident

Dear Board of Supervisors,

We do support the suggested expansion of public notice on projects to better involve the public in the process, with the addition of making the Public Outreach Plans mandatory.

Thank you for help in the matter,

Ray & Jenny Monteiro,

Residents of Shingle Springs
