

S15-0006/Georgetown Divide Community Signs – As approved by the Board of Supervisors on December 15, 2015

Conditions of Approval

1. **Project Description:** This Special Use Permit approval is based upon and limited to compliance with the project description, the Conditions of Approval set forth below, and the following hearing exhibits:

Exhibit B	Pilot Hill Community Sign Location/Site Plan
Exhibit C	Pilot Hill Community Sign Elevation
Exhibit E	Pilot Hill Community Sign Visual Simulation
Exhibit F	Greenwood Community Sign Location/Site Plan
Exhibit G	Greenwood Community Sign Elevation
Exhibit I	Greenwood Community Site Plan
Exhibit J	Garden Valley Community Sign Location/Site Plan
Exhibit K	Garden Valley Community Sign Elevation

Any deviations from the project description, conditions, or exhibits shall be reviewed and approved by the County for conformity with this approval. Deviations may require approved changes to the permit and/or further environmental review. Deviations without the above described approval will constitute a violation of permit approval.

The project description is as follows:

County-owned community identity signs to be located at the following locations:

104-250-10 Pilot Hill
074-100-28 Greenwood
060-690-41 Garden Valley

The three signs would have a sign size of 40 inches high by 46 inches wide with a height of 80 inches. The message of the signs shall be limited to Exhibits C, H, and L.

The grading, development, use, and maintenance of the property, the size, shape, arrangement, and location of structures, parking areas and landscape areas, and the protection and preservation of resources shall conform to the project description above and the hearing exhibits and conditions of approval below. The property and any portions thereof shall be sold, leased, or financed in compliance with this project description and the approved hearing exhibits and conditions of approval hereto. All plans must be submitted for review and approval and shall be implemented as approved by the County.

2. **Hold Harmless Agreement:** In the event of any legal action instituted by a third party challenging the validity of any provision of this approval, the developer and landowner

agree to be responsible for the costs of defending such suit and shall hold County harmless from any legal fees or costs County may incur as a result of such action.

The applicant shall defend, indemnify, and hold harmless El Dorado County and its agents, officers, and employees from any claim, action, or proceeding against El Dorado County or its agents, officers, or employees to attack, set aside, void, or annul an approval by El Dorado County. County shall notify the applicant of any claim, action, or proceeding and County will cooperate fully in the defense.

3. **Notice of Exemption Fee:** A \$50.00 administration fee is required by the County Recorder to file the Notice of Exemption. The applicant shall pay this fee to El Dorado County, and shall submit said fee to Planning Services upon project approval.
4. **Permit Implementation:** Pursuant to County Code Section 130.22.250, implementation of the project must occur within twenty-four (24) months of approval of this Special Use Permit, otherwise the permit becomes null and void. It is the responsibility of the applicant to monitor the time limit and make diligent progress toward implementation of the project and compliance with conditions of approval.
5. **Archeological Resources:** The following shall be incorporated as a note on the grading/improvement plans:

In the event archeological resources are discovered during grading and construction activities, the applicant shall ensure that all such activities cease within 50 feet of the discovery until an archaeologist can examine the find in place. If the find is determined to be a “unique archaeological resource”, contingency funding and a time allotment sufficient to allow recovering an archaeological sample or to employ one of the avoidance measures may be required under the provisions set forth in Section 21083.2 of the Public Resources Code. Construction work could continue on other parts of the project site while archaeological mitigation takes place.

If the find is determined to be a “unique archeological resource”, the archaeologist shall determine the proper method(s) for handling the resource or item in accordance with Section 21083.2(b-k). Any additional costs as a result of complying with this section shall be borne by the project applicant. Grading and construction activities may resume after appropriate measures are taken or the site is determined a “nonunique archeological resource”.

Planning Services shall verify the inclusion of this notation on the building plans prior to the issuance of a building permit.

6. **Human Remains:** The following shall be incorporated as a note on the grading/improvement plans:

In the event of the discovery of human remains, all work shall cease and the County Coroner shall be immediately notified in compliance with Section 7050.5(c) of the Health and Safety Code and Section 5097.98 of the Public Resources Code. The Coroner shall make his or her determination within two working days from the time the person responsible for the excavation, or his or her authorized representative, notifies the Coroner of the discovery or recognition of the human remains. If the Coroner determines that the remains are not subject to his or her authority and if the Coroner recognizes the human remains to be those of a Native American or has reason to believe that they are those of a Native American, he or she shall contact the Native American Heritage Commission by telephone within 24 hours.

Upon the discovery of the Native American remains, the landowner shall ensure in accordance with generally accepted cultural or archaeological standards or practices that the immediate vicinity where the Native American human remains are located is not damaged or disturbed by further development activity until the landowner has discussed and conferred with the most likely descendants regarding their recommendations, in compliance with Section 5097.98 of the Public Resources Code. The descendants shall complete their inspection and make their recommendation within 48 hours of their notification by the Native American Heritage Commission. The recommendation may include the scientific removal and nondestructive analysis of human remains and items associated with Native American burials or other proper method(s) for handling the remains in compliance with Section 5097.98(b-h). Any additional costs as a result of complying with this section shall be borne by the project applicant. Grading and construction activities may resume after appropriate measures are taken.

The Planning Division shall verify the inclusion of this notation on the building plans prior to the issuance of a building permit.
