Mark,

We have received your continuation request and we will forward it to the Planning Commission as they have the authority to approve or deny the request. You should be present at the hearing to answer any questions the Commission may have.

Aaron: Taking into consideration the fact that you have received additional comments from residents in the area that are raising questions regarding the need for a new Verizon cell site at this location, I would like to request a continuation of this hearing to 3/24/16 to allow time for Verizon to analyze the info provided and prepare additional information to share at the next hearing.

Please confirm that this request has been received/granted and let me know if I still need to attend the hearing this Thursday February 25<sup>th</sup>.

Sincerely,
