Dear BOS,

**Vote "NO" on the Marble Valley and Lime Rock developments.**

How could you possibly approve additional homes to an area that does not have enough water for the existing residents?

Sustainable growth is what we want and not more greedy developers in our county. Remember who voted you into office.

Leslie & Jesse Davis

Dear Supervisors,

Please listen to your constituents on the issue of changing the character of our county.

Water - We have limited water for the existing residents. We have received telephone calls from El Dorado Water indicating there is a significant issue; and we are ordered to conserve 30%. Is that for any new projects that you decide we should have? Who are you serving? How can you in good conscience encourage developers to invest additional amounts on home projects when YOU KNOW your current residents are being limited.

Character – We are making it clear that the citizens are revolting against your decisions. We want a low density, rural community. The community we moved to, the area we love. It must be obvious that no one can get re-elected while you have your hands in the developers pants. We are watching your decisions and will use our vote, and collective voice to protect our homes.

Please, stop destroying our county, our neighborhoods, our community. Your actions indicate that you do not care. Your actions show your lack of respect for your citizens. I pray you will stop this county carnage.

Joanne Pryor
