3	Support efforts to attract reliable <u>high speed Internet access</u>	The lack of reliable high speed internet access has stunted capital investment in our existing communities and their business parks particularly as you move further east, and particularly home- based businesses. High speed access will continue to have a dramatic effect on our ability to attract new business while retaining existing businesses to the county. Recommend start-funds be made available for businesses wireless devices.	7	Ad hoc committee members: -David Orr -Noah Briel -Possibly, Charlie Downs	MAYBE	YES	YES	YES
