Hi Shiva and Elaine,

A couple weeks ago, I was contacted by CDA Environmental Management Director Greg Stanton to arrange a meeting between us (GFFSC), his staff and El Dorado Disposal.

We met at Building C on Wednesday. It was an extremely productive meeting. We ultimately agreed that a survey would be sent out by El Dorado Disposal (via attaching to trash bins) in Area B along with the GFFSC sending out notices to everyone in the community (via the CSD's water bill) encouraging everyone to participate in the survey.

I'm not only encouraged by everyone's participation, but also want to thank you and Elaine for initiating this (almost a year ago) and keeping this on your radar.

Removing green waste on a bi-weekly basis out of our community is huge – year around – not only during fire season.

Thanks again and I'll keep you in the loop.

Take care and stay cool!

(BTW, as you've likely heard, we had a 45 acre wildland fire at Mt. Aukum and Grizzly Flat Roads this afternoon – CALFIRE and Pioneer making a great stop. I feel this is just the beginning of a long/hard fire season. Removing the green waste from South County will help!!).

Mark

Mark,

Thank you for the update and I appreciate the efforts of the EDC and El Dorado Disposal staff.

Regards,

**Shiva Frentzen**
