Crisis Intervention Teams (CIT) (Jamie Samboceti and Sabrina Owen)

- SLT - The MDT meeting was abbreviated this month as many of the participating agencies were unable to attend - SLT Police, Probation and the Sheriff's CIT. It is hoped that attendance issues can be resolved in the coming months to ensure better collaboration and communication.
- WS - The meeting this month was attended by Licensed Clinician Angie Larrigan for Mental Health. She will remain backup for CIT. The team feels it is successful in collaborating, sharing information as appropriate, partnering to see clients in the field and communicating under urgent circumstances.

Psychiatric Health Facility (Patricia Charles-Heathers)

- There were **46** Admissions in June, 2016; **22** Admissions were El Dorado County residents and **24** were Out of County residents.

Beginning in July 2016, we will provide a report on the Informal Grievances/Complaints that the PHF receives and addresses. We are pleased with the work being done at the PHF to reduce the wait time from packages sent to a response and admission.

Mental Health Services Act (MHSA) (Laura K. Walny)

- FY16/17 MHSA Innovation Plan is scheduled for presentation to the Mental Health Services Oversight and Accountability Commission (MHSOAC) on August 25, 2016.
- Suicide Prevention Week is September 5 – 11th with a targeted focus on older adults. The Statewide Prevention and Early Intervention investment administered by CalMHSA under the umbrella Each Mind Matters (EMM) and

suicideispreventable.org has distributed a Suicide Prevention Toolkit for 2016. We will be utilizing the toolkit as we partner with NAMI, HHSA's Older Adult and Public Health Programs to develop a public awareness campaign for Suicide Prevention Week, as well as build on additional awareness activities throughout the year for West Slope and South Lake Tahoe. Please see the following sites for additional information: <http://www.eachmindmatters.org/>; <http://www.suicideispreventable.org/>.

- As a result of the California Board of Behavioral Sciences 2015 regulatory changes, the Board will no longer be accepting applications for new Continuing Education (CE) Providers. CE Providers with Board-issued valid provider numbers, such as County Mental Health, may continue to offer continuing education courses until their licenses expire. Mental Health's license is valid until April, 2017. In order to continue offering continuing education qualified training to staff, MH will need to apply to and be approved by each individual Board recognized approval agency (i.e. National Association of Social Workers, National Board for Certified Counselors, American Psychological Association, California Association of Marriage and Family Therapists, etc.) MHSA staff are presently researching the requirements and applications processes and costs for each Board so we may continue to offer continuing education qualified training for staff.
- The WET Needs Assessment is in draft form and currently under review with anticipated rollout by calendar year end.
- MHSA staff are preparing the Community Program Planning Process (CPPP) for the Three-Year Program and Expenditure Plan for the Fall, 2016. As we know, obtaining representative feedback can sometimes be a challenge so we invite the Mental Health Commission to share their ideas with regards to the process. We will be updating last year's survey based on feedback previously received and will be reaching out to our community partners as we plan and begin scheduling different stakeholders meetings.

relapsed and work even more closely with the treatment providers to make quicker interventions. This meeting was productive in generating some new procedures that will hopefully prevent client relapses in the future. South Lake Tahoe team is reporting that 2 long term clients have turned the corner and are making great strides in their program. One client is back in school and the other has found employment. Both clients are staying clean and sober.
