RE: Light of the Hills Lutheran Church
File # Z06-0038/S98-0013R
Special Use Permit for Parcel #109-

161-31-100

Dear Supervisors:

I, the undersigned resident of Cameron Estates, strongly object to the granting of a special use permit to the above mentioned church for the purpose of establishing soccer and softball fields on parcel # 109-161-31-100. I chose to live in Cameron Estates so I could live in a rural, residential, setting away from all the noise and commotion of every day living. If the church is allowed to proceed with their plans, the additional noise, traffic congestion and safety of our community will be greatly effected. The church has stated publicly that the field will be open to the public and this is not conducive to rural living.

Please do not approve this special use permit.
