RE: S15-0014/T-Mobile Keetak Street; Revised Staff Report Exhibit H- Visual

**Simulations** 

The purpose of this memorandum is to provide the Planning Commission with a revised Staff Report Exhibit H – Visual Simulations to replace the existing Staff Report Exhibit H. The revised visual simulations reflect the replacement of the pre-fabricated equipment shelter originally submitted with the project and depict the proposed equipment shelter with green metal roof with gable ends and tan siding to match the existing fire station building on the adjacent parcel. The replacement of the equipment shelter was necessary for the project to comply with the architectural requirements outlined in the Meyers Community Plan.
