EDC Clerk:

Below is an email we sent to our EDC Supervisor, Mike Ranalli, regarding the El Dorado Disposal rate hike which the board will be discussing tomorrow.

Thanks for your work.

Hi, Mike,

Tomorrow the EDC Board of Supervisors will consider a rate change for the El Dorado Disposal (EDD).

EDD just recently took over from Sierra Disposal. Didn't EDD do a complete cost analysis before bidding for the job? If not, they are negligent. If so, they knew what they were getting into. So why should we raise our rates for them?

Sure, we have new trash cans and new recycling containers. But those were for EDD's convenience. Everyone I know was just fine with using our own cans and putting recycling in blue plastic bags.

In fact, many people complained on What's Happening on the Divide that they can no longer get these larger cans to the roadside without a pickup truck. Elderly and disabled people are especially hard hit.

In addition, EDD plans to have recycling pick up only every other week, thus reducing their costs.

We say no to a rate hike.

Best wishes,

Nancy & Eileen
