

**Behavioral Health Division Update
Mental Health Commission
May 24, 2017 Meeting**

ASSISTANT & DEPUTY DIRECTOR UPDATES

(Katy Eckert & Jamie Samboceti)

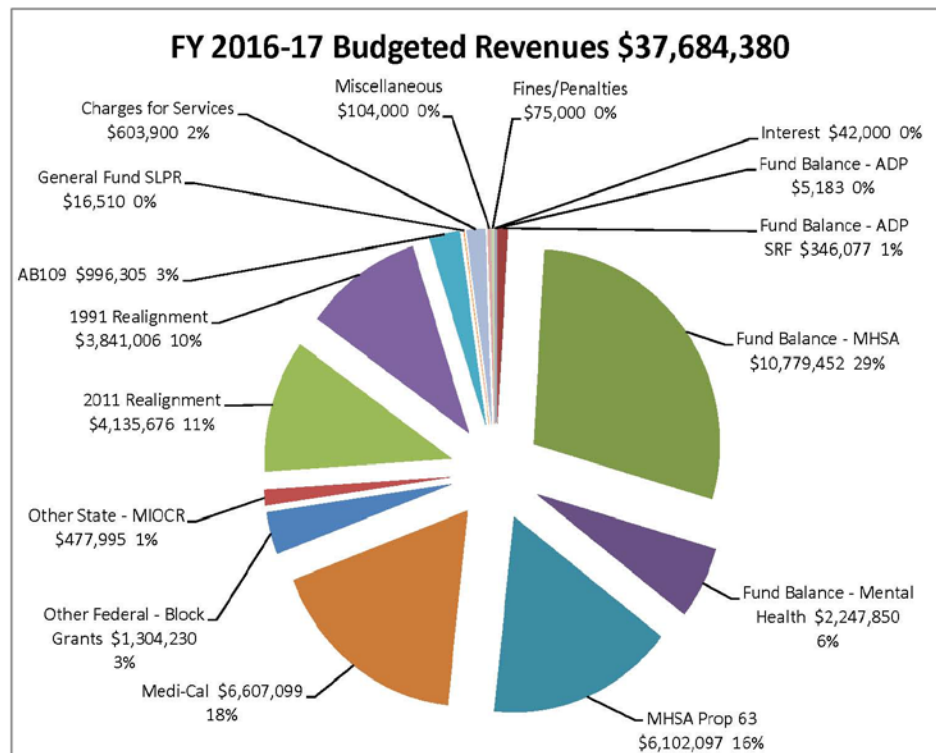

- Adult System of Care is moving forward. Jamie Samboceti is now Deputy Director supervising Behavioral Health, Public Guardian, APS, and IHSS.
- Per Captain Jackie Noren regarding the Jail Expansion Grant for Services SB844: "The preliminary results are in and we came in second after Plumas. The next steps are: the final approval of the Board of State and Community Corrections (BSCC) Executive Board on June 8 and then our BOS approval." This is exciting for our community in assisting folks coming out of the jail with a plan. HHSA will participate in a Re-entry Program in the new wing.
- Stay tuned for the continued format updates to this report. Let us know what you like, what you think could be removed and what else you might like to see. This month we have added a few new graphs. Also note that some data (such as the Performance Improvement Metrics) will be shared quarterly.
- HHSA is moving forward in development of a provisional Drug Medi-Cal Organized Delivery System Pilot Program implementation plan. The goal will be to expand and enhance substance use treatment options for the Medi-Cal population of our county. The provisional plan will need to be submitted by September 1, 2017 and then negotiations will start with the state on a contract. There is an array of required services, such as medication assisted therapy that we will be required to provide. If successful, actual implementation of this plan will likely be in Fiscal Year 2018-19.

EL DORADO COUNTY HHSA STAFFING:

- New Hires:
 - Iohana Tapia, MFTI, WS PES and access
- Promotions: None
- Recruitments:
 - SLT .5 Limited term MH Worker and Extra help MH worker and Clinician
 - Sr. Department Analyst, MHSA Project Team
 - MH Clinician for the Access Team (due to the lack of a sufficient number of candidates in the last recruitment)
- Resignations: None
- Position Changes: None

EL DORADO COUNTY BEHAVIORAL HEALTH FINANCIAL UPDATE:

Current Fiscal Year:

Highlights:

- Most funding coming into Behavioral Health is tied to delivery of services for specified programs.
- Base funding levels for individual counties are now set for 2011 Realignment.
- The county budgets full use of fund balance on the revenue side and an appropriation for contingencies on the expense side to allow flexibility throughout the year.
- MHSA Revenues are paid at an estimated rate all year long, a true up occurs in the July/August timeframe. The true up can either greatly increase or decrease revenues received for the year.

Areas of Concern:

- When the economy slows down and sales tax receipts drop statewide, we will experience a reduction in 1991 & 2011 Realignment.
- When the economy slows and California millionaire's income levels drop, MHSA revenues will likewise drop.
