

**ADDENDUM A: MCIP Administrative Costs for SFY 2017-18**

The Medi-Cal County Inmate Program (MCIP) Agreement is a one-year contract giving counties the option to participate on an annual basis.

The methodology for calculating each county's nonfederal share of administrative costs was developed by DHCS, in consultation with the California State Association of Counties, County Health Executives Association of California, California Association of Public Hospitals and Health Systems, and the California State Sheriffs' Association. For SFY 2017-18, the nonfederal share of administrative costs allocated to each county will be based on the following:

- 30% of the total administrative costs will be distributed evenly to participating counties over 50,000 in population. \*
- 70% of the total administrative costs will be allocated to participating counties pro-rata based on population. \*

*\*Population data will be obtained from the California Department of Finance, Demographic Estimates*

DHCS will invoice participating counties for the nonfederal share of administrative costs six months after the close of the SFY based on calculated administrative costs per the methodology above, not exceeding the estimated amounts in the MCIP agreements.
