Attachments: [FY 17-18 Proposed Budget Presentation](#)

Lori Walker, Chief Fiscal Officer for HHSA, provided a presentation about the FY 2017-18 Proposed HHSA Budget. Further discussion about the administrative costs, fund balances, unpredictability of MHSA funding, recommended levels of fund balances, and spending budgeted funds also occurred. Commissioner Clavere expressed concern for the high fund balance, and the Behavioral Health Division (BHD) advised they are working to expend budgeted funds while maintaining an adequate fund balance to continue operating programs at the current level in the event that funding decreases. The impact of potential reduction in In-Home Supportive Services (IHSS) State funding on the BHD was discussed, however the new State budget filled the funding gap for FY 2017-18 so the impact will be minimal, if any.

4. 17-0581 Eligibility of El Dorado County Jail Mentally Ill Inmates for Assisted Outpatient Treatment

Katy Eckert, HHSA Assistant Director, contacted Nevada County regarding the Assisted Outpatient Treatment eligibility criteria related to incarcerated individuals. Nevada County changed their jail criteria approximately 1.5 years ago and their jail is no longer considered a forensic mental health unit. HHSA is also seeking information from Placer County. Captain Noren, El Dorado County Sheriff's Office, advised that California Forensic Medical Group (CFMG) is contacting its legal department for further clarification. A "Mental Health Unit" is not defined in statute. Captain Noren will follow-up with other counties. In the event the El Dorado County Jail receives funding through SB 844, the proposal includes expanding the Jail to include a medical and mental health unit, but it is not clear if the mental health unit will qualify individuals for Assisted Outpatient Treatment eligibility.
