Dear Supervisors,

I request that you follow through on your Board action of June 20, 2017 and fund Community Planning as part of the 2017-18 budget. I further request that you support the community of Shingle Springs in its Community Planning efforts. In 2013 and 2014, many hours of volunteer time was spent in good faith working with County staff, but the community effort was placed on hold until the County made funding available. Now is the time to pick up where we left off and work with the Shingle Springs community to protect OUR quality of life in Shingle Springs with a Community Plan.

Sincerely,

Liane Bowen  
Shingle Springs, CA 95682

Cc: Clerk of the Board <edc.cob@edcgov.us>, don.ashton@edcgov.us, roger.trout@edcgov.us

Dear Supervisors,

I request that you follow through on your Board action from the June 20, 2017 to fund Community Plans if additional fund balance was found during the budget process.

**Here is the Board's action from June 20, 2017:**

A motion was made by Supervisor Ranalli, seconded by Supervisor Frentzen to consider Community Planning as a priority in the amount of \$150,000 if fund balance comes in higher than staff anticipates.

Yes: 5 - Veerkamp, Frentzen, Ranalli, Novasel and Hidahl

The Chief Administrative Officer's (CAO) September 13, 2017 letter states that "El Dorado County ended FY 2016-17 with approximately \$12.8 million dollars more than anticipated in General Fund operating fund balance."

Shingle Springs residents worked diligently in 2013 and 2014 toward the goal of a Community Plan to provide clarity for residents, business owners, and developers on the future of Shingle Springs.

Those efforts were made in good faith working with County staff and Supervisors, and with the promise by the Community and Economic Development Advisory Committee to make Community Plans a priority as part of the "LUPPU and Beyond" efforts. Much of the community's efforts were documented and can be found here: <http://www.shinglespringscommunityplan.org>

Additionally, funding Community Plans will allow Supervisor Ranalli to fulfill his campaign promise for full support:

"Your community visioning and implementation plan and funding is the process by which Shingle Springs can articulate their sense of place and how it differs from Cameron Park. I wholeheartedly support this effort and enthusiastically embrace the rail town history carrying forward into the plan and up to and including architectural and form base design standards as Shingle Springs evolves. As your Supervisor, I will prioritize and sponsor the items for Board of Supervisor's agenda and I will, in cooperation with the community, see it through to adoption and implementation."

Now is the time to pick up where we left off and work with the Shingle Springs community to protect our quality of life in Shingle Springs with a Community Plan.

Thank you,

Lori Parlin on behalf of the

Supervisors—

Please support **funding for community plan development**. During the June 20, 2017 Board meeting, the Board unanimously committed to prioritizing funding for community plans under the 2017-2018 budget, if funding was available. Because the General Fund operating fund balance came in higher than expected, it is anticipated funding for community plan development is now back on the table.

This funding availability has given community members hope that the hours already spent developing a community plan can finally pay off. Our community has something unique to offer, and I believe the community looks forward to developing those aspects that will not only enhance life for residents, but also increase the County's attractiveness to visitors. Community members are excited to see their community develop under a cohesive vision.

I thank you in advance for your support of this important matter.

Cheryl Langley

Dear Supervisors,

On June 20,2017 you unanimously approved a motion to make Community Planning a priority with a modest and initial recommendation of \$150,000. The CAO has since published on 9/13/2017, that the General Fund FY 2016-2017 ended with approximately \$12.8 million above their estimate.

This is a perfect opportunity to allow Shingle Springs to complete the 100's of hours spent getting our community involved in this process. It's been effectively on hold for three years waiting for County support.

Community Plans are an integral part of our General Plan and a significant contributor to weighing the pros and cons of future development. If this county is going to grow with the support of our communities these Community Plans need to be completed and implemented.

Thank you for supporting your communities.

Shelley Wiley
