

Still Finding Gold In El Dorado County

February 2, 2018

County of El Dorado
Air Quality Management District
330 Fair Lane
Placerville, CA 95667
Attn: Mr. Dave Johnston, Air Pollution Control Officer

Dear Mr. Johnston,

I am writing in regard to the AQMD grant for our very successful Stay and Play program. This program has a proven track record of getting cars off the road by providing group transportation to events throughout El Dorado County with safe and reliable approved vehicles. We are respectfully requesting an amendment to extend our current grant for the un-used balance to continue to provide this excellent service.

We appreciate your consideration of our request.

Sincerely,

Laurel Brent-Bumb, A.C.E.
Chief Executive Officer
