

**Behavioral Health Division Update
Mental Health Commission
February 28, 2018 Meeting
(December 2017 Data)**

ASSISTANT & DEPUTY DIRECTOR UPDATES
(Katy Eckert & Jamie Samboceti)

- See January 2018 Data report for updates.

EL DORADO COUNTY BEHAVIORAL HEALTH DIVISION STAFFING:

 - Mental Health Clinicians - Extra Help
- **Separations:**
 - None
- **Position Changes:**
 - None

EL DORADO COUNTY BEHAVIORAL HEALTH FINANCIAL UPDATE:

Highlights:

- Most funding coming into Behavioral Health is tied to delivery of services for specified programs.
- Base funding levels for individual counties are now set for 2011 Realignment.
- The county budgets full use of fund balance on the revenue side and an appropriation for contingencies on the expense side to allow flexibility throughout the year.
- MHSAs Revenues are paid at an estimated rate all year long, a true up occurs in the July/August timeframe. The true up can either greatly increase or decrease revenues received for the year.

Areas of Concern:

- When the economy slows down and sales tax receipts drop statewide, we will experience a reduction in 1991 & 2011 Realignment.
- When the economy slows and California millionaire's income levels drop, MHSAs revenues will likewise drop.

Crisis Intervention Teams (CIT) (Angie Larrigan and Sabrina Owen)

- **SLT:**
 - There are no updates from the CIT for December, however the Behavioral Health staff continue to work closely with law enforcement to respond to community needs and engage individuals in mental health and/or substance use services.
- **WS:**
 - BHD continues to work collaboratively with CIT in effort to provide both effective and appropriate service to those we serve as a team.
 - We are preparing for the implementation of the Psychiatric Emergency Response Team (PERT), which is a partnership with EDSO to provide mobile crisis services to those in need. We predict the PERT team will significantly reduce the amount of individuals placed on inappropriate WIC 5150 72 hour holds and offer resources aligned with the needs of those encountered. We have identified a MH Clinician for the position and have established a schedule which reflects the peak days and times crisis services are needed. Program to be started on January 20, 2018.

OUTPATIENT SERVICES

(Sabrina Owen and Karen Naegeli (SLT); Lesly Van Sloten and Rhapsody Flores (WS))

Wellness Center Activities:

Tahoe:

- Participants enjoyed a festive party that included gifts for all. Many participants left with a warm shirt, jackets, gloves and socks, many of which were gifts from an anonymous community donor as well pajama bottoms, scarfs and calendars which were purchased from donations from staff. All of the food was prepared by Younghee and Anastasia and was delicious.

West Slope:

- Immediately following the Fall Festival, Peer Leaders got on the bandwagon and began decorating the Wellness Center and planning the Holiday Event. Peers Leaders met every Thursday from 12:00-1:00pm and organized the music, activities, set-up, clean-up and food preparation and delivery. They did the menu planning and assisted with the grocery shopping. Peer Leaders began baking desserts for the event the week before and freezing them. Peer leaders who are also in the band, "The Dry Mangoes" represented the band at the event planning meetings.
- On December 12th, The Wellness Center and the Client Band, "The Dry Mangoes" put on a Holiday Sing-A-Long with all the extra fixings such as a chili and coleslaw bar, a homemade dessert bar, a hot chocolate bar and a cookie decorating station. The entire extravaganza was organized and delivered by Peer Leaders. It was a great party for all (65 attendees) and the best lesson learned was, "We need a larger space to hold events." The Wellness Center is just too small to hold community events.
- On December 14th, Adult Outpatient Staff put on a Peer Leader Appreciation Christmas Luncheon for all graduates of the Peer Leadership Academy. Lunch (Homemade lasagna, green salad, garlic bread, and homemade peppermint chocolate cheesecake) was served home-style. We all listened to holiday music, played holiday games and engaged in light conversation as equals who work or volunteer at the Wellness Center.

ICM Activities:

Tahoe:

- Clients decorated the t-houses to reflect the holiday season.

West Slope:

- ICM and TTP clients were treated to a full Holiday lunch on December 26th. ICM staff and clients cooked the meal together. There were over 30 clients in attendance.
- TTP residents received pajama bottoms on Christmas Day. Staff also made sure that all clients were busy by watching movies and doing meal preparation on Christmas Day.

Children's Services (Angie Larrigan)

- EDC BH continues to participate in the implementation of the Continuum of Care Reform.
- EDC BH has been meeting regularly with EDC CWS to develop a Children and Youth System of Care (CYSOC) in order to provide prompt, effective and efficient service to the children and youth in our community.
-

TAY DBT/FEP Program (Sabrina Owen and Lesly Van Sloten)

Tahoe

- There are two active DBT groups at STHS and Tallac. A third has scheduled to begin at the California Conservation Corps at their request following a presentation on TAY services and ACES. The group was postponed due to CCC members being involved in late season firefighting and is scheduled to start in January.
- Discussion has begun recently on offering a substance use focused DBT skills group at STHS following a request by the vice principal on how to support intervention efforts with at risk youth.
- Anastasia is currently seeing three FEP clients and four individuals/families from her DBT groups.

Placerville

- Currently, Kate has 4 DBT Groups at Independence High School and 2 DBT Groups at Charter community school. She also holds individual sessions with group participants on both campuses and has ongoing family therapy with one client and his family. All groups are going well. One group morphed into an all-male group which has turned out to be beneficial for all group participants. During the holiday break, Kate planned a hike for all participants to attend, unfortunately, due to poor weather; the hike had to be cancelled. A last minute bowling event was planned in its place, however, it had to be cancelled due to several Clients coming down with the flu and unable to attend. And as noted above in SLT, Kate is working with each school to address substance use in all of her DBT groups.
- WS has 1 client and her family actively engaged in the FEP Program. Kate meets with the Client and her family at least 1x/week and is using the NAVIGATE Model

of Coordinated Specialty Care. A second Client is currently being assessed for appropriateness of the FEP Program and will most likely transfer into the program shortly.

- A side note: One of the initial Clients in the FEP Program (2016) graduated from FEP Services last year and moved into the Adult Outpatient Program. Currently she is ready to be moved to our Medication Maintenance Program and will most likely transition back into the community with PCP coordination. This case is clear positive progression and a good representation of the effectiveness of this program.
