Subject Re: Development on Uplands Way and Malcolm Dixon

Mr. Proud:

Thank you for your comments and suggestions on this proposed project. I will see that Supervisor Dupray and the Board Clerk receive your email.

Subject Development on Uplands Way and Malcolm Dixon

I wanted to write this to inform you of my and my neighbor's opposition to the rezone and development of this area.

I request that you and all of the BOS drive to the North Uplands Way Cul-De-Sac to see where this new road would be on the quiet street end. The idea to dump all of the new traffic into a very quiet area is disturbing. The traffic hazards alone will deny this project. The destruction of ag open space and oak woodland and wildlife will deny this project. The fact that Malcolm Dixon is a 20 foot wide no center-line road should deny this project.

The only viable access is Salmon Falls Road. The very safety of the residents demand a no-vote on the Farren project. The 5 acre zoning must be maintained here. I request that the BOS drive these areas and then we are confident that projects will receive a No vote.

Sincerely,

David Proud and residents of Uplands and Peggy Lane
