Subject March 3 Animal Shelter agenda item

Suzanne and Supervisors--I am writing on behalf of the over 200 PAWED members, and many interested parties in the community who have followed the new animal shelter project for the past five years. I was just informed late this morning that there is an item on tomorrow's Board agenda regarding the new animal shelter project. Upon review of Richard Collier's report to the Board, I have serious concerns about the proposed new direction of this project. We have not been previously informed of this, and it certainly could have a significant impact on this project.

Due to the lateness of the notice of this agenda item and the content of the report and recommendations, which we have not had time to discuss or understand and which are certainly not merely an "update", we are requesting that this agenda item be rescheduled so that we have sufficient time to notify our members and other interested parties and can be present for the discussion. Thank you for your consideration,

Charlene Welty, President
People for Animal Welfare in El Dorado County (PAWED)
