

Afternoon Brian and Kris,

I live up in that beautiful County of ours and I highly support the operation of the full-size Placerville and Sacramento Railroad trains on the Placerville Branch in El Dorado County. It is a regional treasure that has enormous potential as a scenic heritage railroad. Please help P&SVRR continue preserving California's rich railroad history by allowing them to operate full-size trains in ED County!!

Please count me in!!

Cathie McCall Navratil
