

**Behavioral Health Division Update
Behavioral Health Commission
August 22, 2018 Meeting
July Data**

ASSISTANT & DEPUTY DIRECTOR UPDATES

(Katy Eckert & Jamie Samboceti)

- Updates at the PHF: There are some changes happening in the near future with Telecare. The Regional Director, Asha George and the Medical Director, Dr. K. Singh will be leaving sometime in the next few weeks. Telecare is hard at work at developing a transition plan and is in close contact with us here at HHSA.
- Updates about Drug Medi-Cal: We continue to hear that there are delays on the state side about developing contracts with counties, including ours. The last we heard is to not expect a contract prior to December. Regardless of the delays, we are continuing to take steps forward to prepare for implementation including a current RFQ to solicit contractors to provide services and putting required policies and procedures in place. We will keep you posted as things progress.
- The ACCEL/Opioid Coalition is hosting "Treatment & Prevention Convention: Tackling El Dorado County's Opioid Crisis" on Thursday, September 27, 2018 from 2:00 pm to 6:00 pm at the El Dorado County Fairgrounds in the Marshall Reception Hall. Please see the attached flyer for more information. Interested providers and community members are welcome to attend. Please RSVP at https://tackling_el_dorado_counties_opioid_crisis.eventbrite.com.

EL DORADO COUNTY BEHAVIORAL HEALTH FINANCIAL UPDATE

General Information:

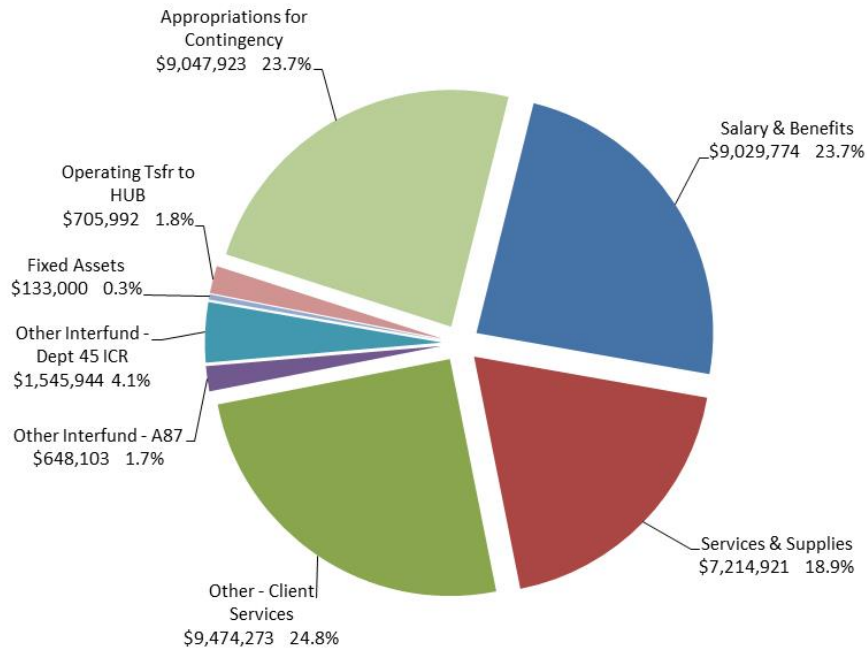

- Most funding coming into Behavioral Health is tied to delivery of services for specified programs.
- Base funding levels for individual counties are now set for 2011 Realignment.
- The County budgets full use of fund balance on the revenue side and an appropriation for contingencies on the expense side to allow flexibility throughout the year.
- When the economy slows down and sales tax receipts drop statewide, we will experience a reduction in 1991 & 2011 Realignment.

Specialty Mental Health Services

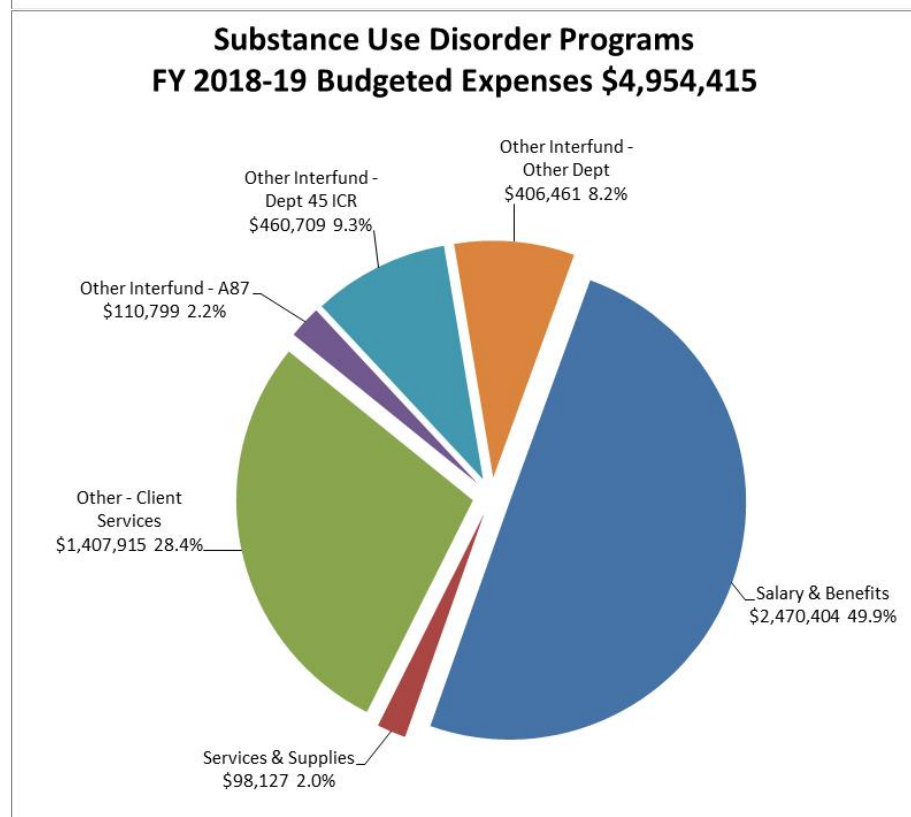

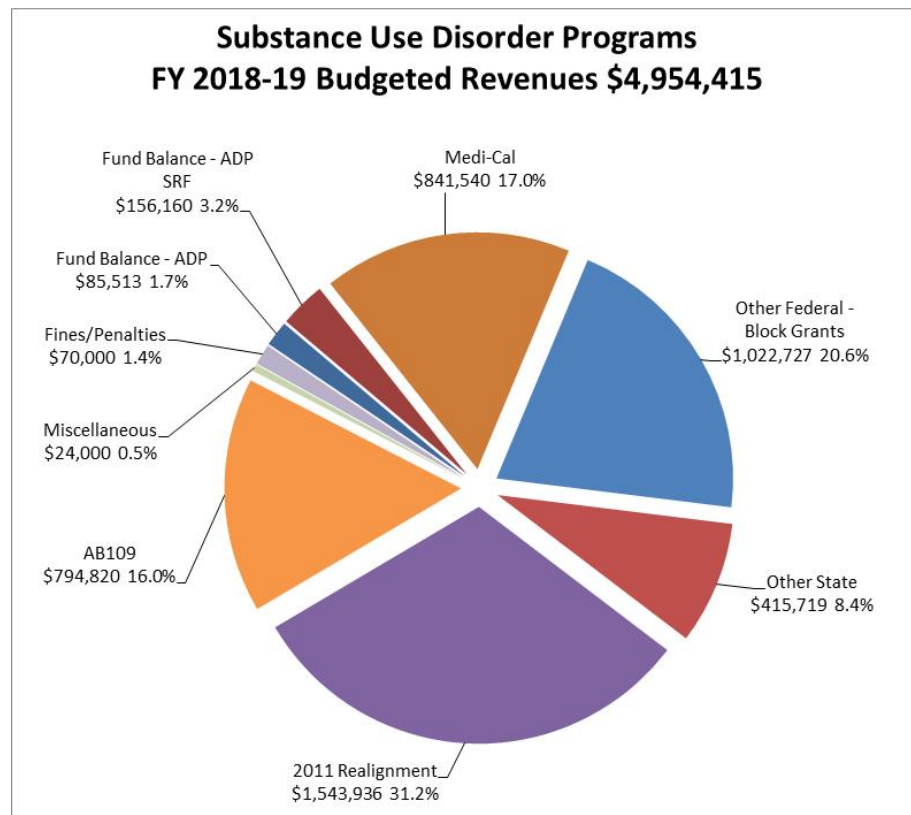

- MHSA Revenues are paid at an estimated rate throughout the year, and a true up occurs in the July/August timeframe. The true up can either greatly increase or decrease revenues received for the year.
- When the economy slows and California millionaires' income levels drop, MHSA revenues will likewise drop.

**Specialty Mental Health Services
FY 2018-19 Budgeted Expenses \$37,799,930**
