APPEAL BEING MADE TO: Board of Supervisors Planning Commission

ACTION BEING APPEALED (Please specify the action being appealed, i.e., approval of an application, denial of an application, conditions of approval, etc., and specific reasons for appeal. If appealing conditions of approval, please attach copy of conditions and specify appeal.)

Denial of Conditional Use Application S17-0016, specifically site #1 Cool located at 3100

Triple Seven Road, Cool, CA 95614, is being requested for an appeal.

The Alt. Site Analysis is in compliance with El Dorado County Zoning Ordinance.

The Alternative Site Analysis clearly states reason's why the alternative sites would not suffice for AT&T's coverage needs. Additional properties were reviewed but received no response from the owners. The access route is adequate for the commercial activity and would be further reviewed and approved during the Building Permit process.

Access Rights are available, however, Access Rights are considered a civil matter and not a legal required jurisdictional matter.
