Dear Board,

I am in the process of re-locating to Pilot Hill, CA. I am shocked at the lack of cell phone connectivity in this area. I have yet to complete a phone call without it being dropped.

My biggest concern for me is the safety aspect during emergency situations such as fire or medical incidents and the ability to contact help when needed; or the reverse calling, if the calls cannot be completed.

Therefore I am requesting that you please grant the Conditional Use Permit for Site 6-Zee Estates S17-0016/AT&T, as it would greatly enhance the connectivity, alleviate anxiety and enable quicker response time during emergencies, as well as, provide clearer and consistent communication for the community.

Thank you for your consideration in this matter.

Elaine Gee
