SECTION II – FINANCIAL STATEMENT FINDINGS

Our audit did not disclose any significant deficiencies, material weaknesses or instances of noncompliance material to the basic financial statements. We have also issued a separate Memorandum on Internal Control dated March 18, 2019 which is an integral part of our audits and should be read in conjunction with this report.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Our audit disclosed the following findings and questioned costs required to be reported in accordance with Uniform Guidance.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Continued)

Finding reference number:	SA2018-001 Compliance with Title III Reporting Requirements
CFDA number:	10.665
CFDA Title:	Schools and Roads - Grants to States
Name of Federal Agency:	Department of Agriculture

Federal Award Identification Number: N/A

Name of pass-through Entity: California Department of Finance

Criteria: Section L, Reporting, of the Agency Program Requirements for CFDA 10.665 contained in the 2 CFR § 200, Appendix XI, Compliance Supplement requires the submission of a *County's Certification of Title III Expenditures and Unobligated Funds* financial report to the grantor by February 1 subsequent to the calendar year in which funds were expended.

Condition: The County did not submit the *County's Certification of Title III Expenditures and Unobligated Funds* financial report to the grantor for the period ending December 31, 2017 until March 8, 2018.

Effect: The County is not in compliance with the reporting requirements of the Compliance Supplement.

Cause: County staff were unaware of the reporting requirement until February 2018 and by then was already late in filing the reports for the period ending December 31, 2017.

Identification as a repeat finding: Yes, since 2017.

Recommendation: The County should develop procedures to ensure compliance with all grant reporting requirements.

View of Responsible Officials and Planned Corrective Actions:

This finding was noted in the 2017 SEFA audit and the Corrective Action Plan has since been implemented. The report for the period ending December 31, 2018 was filed timely by the February 1 deadline.

Please also see the Corrective Action Plan separately prepared by the County.

Contact person: Laura Schwartz, Deputy Chief Administrative Officer.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Continued)

Finding reference number: SA2018-002 Timeliness of Reimbursements

CFDA number: 20.205; 20.219

CFDA Title: Highway Planning and Construction

Name of Federal Agency: Department of Transportation

Federal Award Identification Numbers: CMLN-5925(141); CML-5925 (131); CML-5925 (125); CML-5925 (144); CML-5925 (145); HSIPL-5925 (147); BRLS-5925 (126); BRLS-5925 (050); BRLS-5925 (051); BRLS-5925 (086); BRLO-5925 (098); BRLS-5925 (096); BRLO-5925 (094); BRLO-5925 (090); BPMP-5925 (105); BRLO-5925 (109); BRLO-5925 (108); BRLS-5925 (112); BRLO-5925 (103); BRLO-5925 (101); BRLO-5925 (100); CML-5925 (129); CML-5925 (132); STPL-5925 (164); STPL-5925 (161); STPL-5925 (160); 0317000310L-N CA2017-2 ER 32L0(090); 0317000310L-N CA2017-2 ER 32L0(092); 0317000249L-N CA2017-2 ER 32L0(034); 0317000307L-N CA2017-2 ER 32L0(089); RT-09-007

Name of pass-through Entity: California State Transportation Agency – California Department of Transportation; California Natural Resources Agency – Department of Parks and Recreation

Criteria: The Program Supplement's Special Covenants or Remarks for the California Department of Transportation (CalTrans) projects require recipient agencies to submit invoices at least once every six months commencing after the funds are encumbered for each phase by the execution of the Program Supplement Agreement or by the State's approval of an applicable Finance Letter. If no costs have been invoiced for a six-month period, recipient agencies must submit, for each phase, a written explanation of the absence of project activity. Otherwise, the project becomes inactive and is listed on the CalTrans website as an inactive project and is at risk of being defunded.

Condition: We noted that the County did not submit invoices to the State for reimbursement at least once every six months across the forty-eight projects. Specifically, we noted the following:

- Payroll charges incurred in September 2017 were not invoiced until six months after they were
 incurred for nine projects.
- Payroll charges incurred in September 2017 were not invoiced until a year or more after they were incurred for eighteen projects.
- Payroll charges incurred in September 2017 have not been invoiced to date for one project.
- Payroll charges incurred in February 2018 were not invoiced until six months after they were incurred for sixteen projects.
- Two expenditures incurred in May and June 2018 have not been invoiced to date for one project.
- Three expenditures incurred from September 2017 through December 2017 were not invoiced until October 2018 for one project.
- Three expenditures incurred from December 2017 through March 2018 were not invoiced until January 2019 for one project.
- Three expenditures incurred from September 2017 through December 2017 were not invoiced until October 2018 for another project.
- Two expenditures incurred in July and August 2017 were not invoiced until July 2018 for one project.
- Two expenditures incurred in September 2017 were not invoiced until May 2018 for one project.
- Expenditures incurred from June 2017 through June 2018 were not invoiced until October 2018 for one project.
- Expenditures incurred from July 2017 through June 2018 were not invoiced until October 2018 for one project.

We also noted that there was one project listed on the State's website as inactive as of March 14, 2019, although the project had incurred expenditures during fiscal year 2018.

Effect: The County is not in compliance with the terms of the Program Supplement's Special Covenants or Remarks for the projects.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Continued)

Cause: We understand the delay in submitting the invoices was due to the conversion of the County-wide financial system which went live on January 1, 2018. During the conversion, the County's system that supported the County's Capital Improvement (CIP) Program did not work with the new financial system. Furthermore, the delay was also due to key personnel retiring from the Department during the year.

Recommendation: The County must develop procedures to ensure that invoices are submitted every six months for each project, or the required written explanation is provided to the grantor.

View of Responsible Officials and Planned Corrective Actions:

During Fiscal Year 2017/2018 there were invoices that were delayed. The El Dorado County, Community Development Services Department of Transportation Road Fund Indirect Cost rates were not approved until January 18, 2018. No bills could be sent out until the rates were approved by Cal Trans. The new County-wide Financial System (Tyler Munis - FENIX) went live on January 1, 2018, which brought challenges because there was a manual interface that was needed to get data into the format to be able to bill. The fiscal year did not officially close until October 2018 to be able to bill for costs through June 30, 2018. The Legacy systems that support the Capital Improvement Program (CIP) did not work with the new financial system. The Project Billing Module in Tyler Munis - FENIX, which is designed to support the CIP projects were delayed and still have not been implemented. The County-Wide time entry system, KRONOS did not go live until December 2018. KRONOS is the only system that talks to FENIX in order to be able to pull labor hours to bill project costs out of FENIX. In addition to the above, key personnel retired from CDS.

Please also see the Corrective Action Plan separately prepared by the County.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Continued)

Finding reference number: SA2018-003 Project Closeout

CFDA number: 20.205

CFDA Title: Highway Planning and Construction

Name of Federal Agency: Department of Transportation

Federal Award Identification Number: 0317000324L-N CA2017-2 ER 32L0(102)

Name of pass-through Entity: California State Transportation Agency – California Department of Transportation

Criteria: The Program Supplement's Special Covenants or Remarks for the California Department of Transportation (CalTrans) projects require that recipient agencies submit the final report documents that collectively constitute a "Report of Expenditures" within 6 months of project completion.

Condition: We noted that the County submitted the final report documents and "Report of Expenditures" in February 2019 for a project that was completed in June 2018.

Effect: The County is not in compliance with the terms of the Program Supplement's Special Covenants or Remarks for the grant.

Cause: We understand the delay in submitting the final report documents was due to the conversion of the County-wide financial system which went live on January 1, 2018. During the conversion, the County's system that supported the County's Capital Improvement (CIP) Program did not work with the new financial system. Furthermore, the delay was also due to key personnel retiring from the Department during the year.

Recommendation: The County must ensure that the final report of expenditures is provided to CalTrans within six months of project completion. In the event delays cannot be avoided, communication should be made to CalTrans.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2018

NOTE 1: **REPORTING ENTITY**

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all federal award programs of the County of El Dorado (County), with the exception of the federal award programs of the El Dorado County Transportation Commission, the Children and Families Commission, and the El Dorado County Transit Authority, which were subject to separate audits by independent auditors. The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included in the Schedule.

NOTE 2: BASIS OF ACCOUNTING

The accompanying Schedule includes the federal grant activity of the County. The County's financial statements are presented in accordance with accounting principles generally accepted in the United States of America. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200 (2 CFR Part 200), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Non-Cash Assistance. The Schedule contains values for the following non-cash assistance, which is not presented in the financial statements:

10.576 Senior Farmers Market Nutrition Program – Coupons in the amount of \$5,000 are reported at the value of coupons distributed.

NOTE 3: RELATIONSHIP TO FINANCIAL STATEMENTS

The expenditures reported in the accompanying Schedule agree, in all material respects, to the associated expenditures reported within the County's fund financial statements. Specifically, with the exception of federal award expenditures reported on the cash basis, federal award expenditures accounted for under governmental fund types use the modified accrual basis of accounting while those accounted for under proprietary fund types use the accrual basis of accounting. Federal award expenditures that are required to be reported by the federal cognizant agency on the cash basis have been reported on the Schedule on the cash basis. Any differences between the cash and modified accrual basis of accounting for these expenditures are immaterial.

NOTE 4: LOANS WITH CONTINUING COMPLIANCE REQUIREMENT

The following program loan balances and transactions relating to these programs are included in the County's financial statements. Loans outstanding at the beginning of the year and loans made during the year (if applicable) are included in the federal expenditures presented in the Schedule on pages 6, 7, and 17. Loans with continuing compliance requirements and funded through federal programs, for which the federal government is at risk, carried the following balances as of June 30, 2018:

Federal CFDA Number	Program Title	from	Balance of Loans from Previous Years			Repayments New Loans					
10.766	Community Facilities Loans and Grants	\$	-	\$	-		\$	1,170,529	\$	1,170,529

	TOTAL	\$ 10,46	5,068	\$	203,657		\$	1,453,281	\$	11,714,692	

- a) Principal loan repayments received to date (including repayments on new loans), for which the federal government imposes continuing compliance requirements.
- b) Value of loans made during the year, exclusive of repayments.

NOTE 5: PASS-THROUGH GRANTOR AWARD NUMBER

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the grantor award number assigned by the pass-through entity. When no grantor award number is shown, the County has either determined that no grantor award number is assigned for the program or the County was unable to obtain a grantor award number from the pass-through entity.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors of the County of El Dorado Placerville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the County of El Dorado as of and for the year ended June 30, 2018, and have issued our report thereon dated March 18, 2019. Our report included an emphasis of a matter paragraph disclosing the implementation of new accounting principles. Our report also includes a reference to other auditors who audited the component unit financial statements of the El Dorado Transit Authority (EDCTA), Children & Families Commission (First 5), and the El Dorado County Transportation Commission (EDCTC) as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we and the other auditors did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have also issued a separate Memorandum on Internal Control dated March 18, 2019 which is an integral part of our audit and should be read in conjunction with this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Supervisors of the County of El Dorado Placerville, California

Report on Compliance for Each Major Federal Program

The County of El Dorado's basic financial statements include the operations of the El Dorado Transit Authority (EDCTA), Children & Families Commission (First 5), and the El Dorado County Transportation Commission (EDCTC), discretely presented component units, which expended federal awards that are not included in the Schedule of Expenditures of Federal Awards for the year ended June 30, 2018. Our audit, described below, did not include the operations of these component units because the component units engaged other auditors. However, the First 5 and EDCTC did not incur federal expenditures equal to or greater than \$750,000 for the year ended June 30, 2018.

We have audited the County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2018. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items SA2018-001, SA2018-002 and SA2018-003. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to the noncompliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items SA 2018-002 and SA 2018-003 that we consider to be significant deficiencies.

The County's response to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the governmental activities, the business-type activities, each major fund and the aggregate discretely presented component units and the remaining fund information of the County as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 18, 2019, which contained an unmodified opinion on those financial statements. Our report includes a reference to other auditors who audited the component unit financial statements of the El Dorado County Transit Authority (EDCTA), Children and Families Commission (First 5) and El Dorado County Transportation Commission (EDCTC). Our report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Supplementary Statements

The Statements of the California Governor's Office of Emergency Services and the Board of State and Community Correction Grants have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.
