Re: Amendment to Forensic DUI Analysis Contract

Dear Mr. Pierson,

In light of recent changes to the vehicle code and an increase in drug-DUI cases, the Bureau of Forensic Services (BFS) has updated its standard contract for DUI analysis services.

The existing contract requires BFS to analyze blood and urine samples in every instance, and only conduct drug analysis where the BAC result is below 0.08 percent. The amended language allows our laboratories to commence drug analysis immediately when no alcohol content is suspected, bypassing the otherwise-required testing for alcohol. Without the modifications, much needless alcohol analysis will continue in drug-DUI cases, driving up turn-around times and backlog.

Attached for your review, please find form 'STD. 213A' and attachments 'Exhibit A – SCOPE OF WORK', 'Exhibit B – BUDGET DETAIL AND PAYMENT PROVISIONS', and 'Exhibit D – SPECIAL TERMS AND CONDITIONS,' amending our existing forensic DUI agreement. A copy of your existing agreement has also been provided for comparison.

If there are any edits that need to be made prior to you being able to sign, please contact the BFS Forensic Alcohol Program at 916-227-3791 or alcohol.billing@doj.ca.gov. We can update the documents accordingly and provide you a revised version for final signature.

Sincerely,

A handwritten signature in blue ink, appearing to read "Barry Miller".
