**SCOPE OF WORK**

**1. Introduction**

The California Secretary of State has been awarded grant funds from the United States Department of Health and Human Services, Administration for Children and Families, Administration on Developmental Disabilities, Voting Access for Individuals with Disabilities (VOTE) under Section 261 of the Help America Vote Act (HAVA). These funds provide for improving accessibility to and participation in the elections process for individuals with the full range of disabilities. As California's Chief Elections Officer, the Secretary of State (SOS) will oversee the VOTE grant process to distribute funds to counties.

**A. VOTE Grant Program**

The purpose of this Grant Agreement is to provide "El Dorado" ("County") with federal reimbursement funds ("HAVA funds") in accordance with the Secretary of State VOTE Grant Program. Catalog of Federal Domestic Assistance (CFDA) Number 93.617, administered by the U.S. Department of Health and Human Services (DHHS), to assist in implementing HAVA Section 261, subject to the provisions of this Agreement and all requirements of state and federal law, regulations and procedures.

1. The program representatives during the term of Agreement will be:

For County: Bill Schultz

For State: Debbie O'Donoghue – (916) 653-6173

**A. Use of Grant Funds**

In accordance with the County's approved Accessibility Program Plan, Exhibit A-1, the approved funds in the amount of \$7,000.00 are to be used for one or more of the following activities:

1. Assessing Accessibility - Make polling places, including the path of travel, entrances, exits, and voting areas of each polling facility, accessible to individuals with disabilities.
2. Equipment and Activities to Improve Accessibility - Provide the same opportunity for access and participation (including privacy and independence) to individuals with disabilities as for other voters.
3. Training Materials and Programs - Train elections officials, poll workers, and election volunteers on how best to promote the access and participation of individuals with disabilities.
4. Educational and Informational Materials - Provide individuals with disabilities with information about the accessibility of polling places.

Exhibit A-1 describes the county's proposed use of grant funds in one or more of the four categories above, timelines for completion and cost associated with each category.

In the County's approved Accessibility Program Plan, please note the following:

- o The funding and items/activities requested by the County for Category 2, Equal Opportunity in the amount of \$7,000.00 for online website poll worker training by the Information Technology Department, were moved to the correct category they fell under, which is Category 3, Accessibility Training.
- o Proposed funds requested for Category 2, Equal Opportunity, in the amount of \$43,000.00 for Democracy Live, Inc. for online sample ballot and video were not approved. Not enough detail or information was given to justify the need of the proposed funds.

VOTE Grant Program

Accessibility Program Plan

Applicant is required to complete a detailed and descriptive Accessibility Program Plan. The Accessibility Program Plan must provide clear and concise descriptions, be in Arial 12 point type, and may not exceed a total of five pages, which includes cover page, table of contents, exhibits, etc. Please be sure your Accessibility Program Plan answers the following questions:

1. What specific activities to improve access to voting or voting information and materials do you intend to make?

A. Will provide an addition to our Election Department Website to provide Accessibility Information and training to our Poll Workers for tips and procedures to help our disabled community at the Polling Place. This would be completed by our own County Information Services Dept. and would cost less than \$7,000.00.

~~B. We would contract with Democracy Live, Inc. to provide a video presentation from candidates and an Accessible Sample Ballot Lookup program which would also be placed on our Website and will allow disabled voters the opportunity to watch and listen to the candidates and contests on the ballot. Closed captioning is also offered. This would cost \$43,000.00.~~

~~The total cost of the two programs would be \$50,000.00.~~

2. Why are these activities and improvements necessary?

Our ability to train poll workers to help disabled voters would be greatly enhanced if they could access the training via our own website. We desire to design our program uniquely for our own county, and plan to do this with our own County Information Services staff.

What accessibility problems exist in your county?

Being a rural, mountainous county, we are trying to comply with ADA and HAVA requirements at our polling places. By offering adequate online training for our poll workers concerning how to help disabled voters in and around our polling places we could greatly improve the disabled voter's experience in our county. An audio/video sample ballot with closed captioning extends the universe of voter information to all voters, not just those with disabilities.

3. How did you assess the need for specific activities and/or improvements in your county?

We work with a group of disabled voters who belong to Disability Rights California, a 501 3(c) company, and invite them to observe polling places and provide us with feedback after the election, and we also meet with them once a quarter. This is invaluable to us, and one of their recommendations was to provide more training to our poll workers via our website and place voter information that is accessible to the disabled community on the website.

4. How will these activities and improvements mitigate existing conditions and help people with disabilities have equal access to voting and voting materials?

Our current sample ballot provides limited interactive accessibility for voters with disabilities. An accessible video sample ballot will provide greater access to the ballot, candidate and issue information in a multi-media format without the voter relying on a third party to read the voting information to them. This accessible guide will allow voters with disabilities access to voting information without loss of privacy or independence.

5. Who do you propose will do the work? Please give the title, job duties, experience or qualifications of each county staff member tasked for each activity or improvement

County Recorder/Clerk/Registrar of Voters will act as Project Manager  
County I.T. Staff providing Online Website Poll Worker Training:  
Information Technology Manager  
Information Technology analyst II

~~Democracy Live, Inc. will be responsible for implementing the Accessible Sample Ballot and Candidate Video presentations. The Democracy Live Sample Ballot has been reviewed and approved for Section 508 compliance. The Federal Dept. of Health & Human Services has approved the use of this technology for funding under Section 261 of the Help America Vote Act.~~

6. If a contractor will be employed for the purpose of executing a specific activity or improvement, what experience or qualifications will the contractor possess to execute the proposed activity or improvement?

~~Democracy Live, Inc. possesses proprietary software solutions that will enable the County to provide accessible video, audio and closed captioning sample ballot information for each election, under ADA Section 508. Democracy Live, Inc. has deployed this technology in multiple jurisdictions, including a statewide deployment in November 2008.~~

7. What is the total amount of money requested?

Online Website Poll Worker Training by our I.T. Dept. \$7,000.00  
~~Democracy Live, Inc for online Sample Ballot and Video, \$43,000.00~~

8. What is the detailed cost associated with each activity within each category?

The County is applying for ~~\$50,000.00~~ in Category 2 – Equal Opportunity funding.

9. What is your timeline for completion?

March 1, 2010 is the date for deployment of these programs on our website.

9. What have you done in the last five years to improve polling place accessibility in your County?

We have implemented a new voting system in accordance with HAVA including TSX Touch screen voting machines for disabled voters. We have trained staff to conduct surveys, updating as needed the list of facilities that are available and accessible for voting. A variety of polling place accessibility items have been purchased including wheelchair accessible voting booths and legs for existing booths and also signage. The County has trained its precinct officials and employees for correct procedures for interacting with and assisting voters with disabilities. The County outreach staff has made a presence throughout the community, educating voters on the use of our accessible voting unit.

11. What percentage of your operating budget have you dedicated to accessibility and why? Please list any limitations or restrictions.

The County spends approximately 4 – 6 % of its annual budget on accessibility materials and activities. This funding provides for testing and maintenance of the voting equipment, precinct officer training and updated training manuals for each election. Year-round polling place surveying and outreach to voters with disabilities is also part of this budget component.

SECRETARY OF STATE POLICY REGARDING POLITICAL ACTIVITY IN THE WORKPLACE

The Secretary of State is the state's chief elections officer. It is, therefore, imperative that staff in the Secretary of State's Office, and those who contract with the Secretary of State's Office, refrain from engaging in any political activity that might call into question the office's impartiality with respect to handling election issues. Accordingly, the policy of the Secretary of State's Office with respect to political activity in the workplace, a copy of which will be given to every employee in the Secretary of State's office and incorporated as an attachment to contracts with the Secretary of State's Office, is as follows:

No employee of or contractor with the Secretary of State's Office may be involved with political campaign-related telephone calls, letters, meetings or other political campaign-related activities on state-compensated or federal-compensated time. Requests by employees to switch to alternative work schedules, such as 4-10-40 or 9-8-80 work weeks, or to take vacation in order to accommodate political campaign-related activities or to attend political campaign functions, will be judged in the same manner and on the same basis as any other requests of this nature (i.e., existing needs of the office and discretion of the division chiefs).
5. The receipt or delivery of political campaign contributions or photocopies thereof on state property is strictly prohibited, as is the use of office time or state resources (e.g., intra-office mail or fax machines) to solicit or transmit political campaign contributions.
6. No employee of or contractor with the Secretary of State's Office may authorize any person to use his or her affiliation with the Secretary of State's Office in an attempt to suggest that the employee's or contractor's support or opposition to a nomination or an election for office or a ballot measure is of an "official," as distinguished from private, character.
