EL DORADO COUNTY BEHAVIORAL HEALTH FINANCIAL UPDATE

General Information:

- Most funding coming into Behavioral Health is tied to delivery of services for specified programs.
- Base funding levels for individual counties are now set for 2011 Realignment.
- The County budgets full use of fund balance on the revenue side and an appropriation for contingencies on the expense side to allow flexibility throughout the year.

- When the economy slows down and sales tax receipts drop statewide, we will experience a reduction in 1991 & 2011 Realignment.

Specialty Mental Health Services

- MHSA Revenues are paid at an estimated rate throughout the year, and a true up occurs in the July/August timeframe. The true up can either greatly increase or decrease revenues received for the year.
- When the economy slows and California millionaires' income levels drop, MHSA revenues will likewise drop.

Several FSP individuals are being evaluated for and /or have been encouraged to accept T-house placement. For various reasons, some whom have been offered

have declined. Co-occurring substance use and unwillingness to engage in substance use treatment (concurrently) is the primary barrier to them accepting this level of support. The t-houses require the clients to refrain from all substance use while residing there.

WS currently has a short wait list with 2-3 clients expected to transition to Independent Living in early December and several people expected to step down from higher level placements.

QUALITY ASSURANCE & PATIENT RIGHTS

Patients' Rights Advocate (Christina Hammel)

Certification hearings are held at the PHF on Mondays and Thursdays (except holidays).

- 20 Certification Notices were served.
- 0 client discharged prior to the hearing date
- 1 clients converted to voluntary prior to the hearing
- 19 hearings were held

Quality Improvement/Utilization Review (Angelina Larrigan / Ren Strong)

- EDC BH has created a concurrent review tool to provide authorization for initial and continued stay IP PHF hospitalizations.
- EDC is in the process of finalizing a comprehensive inpatient PHF chart review tool.
- EDC BH implemented the mandatory use of the Adult Needs and Strengths Assessment (ANSA). ANSA is a multi-purpose tool developed for adult behavioral health consumers to support decision making, including level of care and service planning, to facilitate quality improvement initiatives, and to allow for the monitoring of outcomes of services. Additionally, ANSA was developed from a communication perspective with the vision of treatment plans including the application of evidence-based practices.
- EDC BH implemented the mandatory use of the Adverse Childhood Experience (ACE) questionnaire during the initial intake and assessment process on the West Slope (Tahoe already uses the ACE questionnaire). The ACE questionnaire is a 10-item self-report measure developed to identify childhood experiences of abuse and neglect. The study posits that childhood trauma and stress early in life, apart from potentially impairing social, emotional, and cognitive development, indicates a higher risk of developing health problems in adulthood.

PROGRAM ACTIVITY UPDATES

ALCOHOL AND DRUG SERVICES / SUBSTANCE USE DISORDERS (Salina Drennan)

Tahoe:

- Prevention staff meets weekly with 15 7th graders to help them develop life skills, and monthly with several middle and high school students to conduct peer reviews of informal probation cases

West Slope:

- Behavioral Health Court graduated a client who read an essay crediting the BHC program with giving him his life back and providing the skills for positive change

MENTAL HEALTH SERVICES ACT (MHSA) (Heather Longo/Tami Smith)

- The MHSA team attended and hosted Community Program Planning Process (CPPP) meetings for the MHSA Three-Year Program and Expenditure Plan for Fiscal Years 2020/21 - 2022/23. Meetings were held in Garden Valley, Placerville, Diamond Springs, South Lake Tahoe (via video-conference), and El Dorado Hills. Three individuals with lived experience presented at two of the meetings. MHSA also met individually with community members and service providers regarding input on the Three-Year Plan.
- The Wellness Center Peer Leaders hosted a MHSA Community Program Planning meeting at each Wellness Center.
- The MHSA team hosted a PEI Providers meeting to discuss the purpose, goals, and strategies of PEI projects.
- MHSA worked with a MHSA Housing provider to update the waitlist for the 1-bedroom apartment and to certify potential tenants. A tenant was selected and moved in during November.

OUTPATIENT SERVICES

(Sabrina Owen (SLT); Doris Jones and Nicole Cable (WS))

Wellness Center Activities:

Tahoe:

- A Thanksgiving feast for SLT wellness was held on November 21. Staff made lots of tasty dishes and wellness participants assisted with the party planning, food preparation and clean-up. We were excited to see many familiar faces as well as some new ones too.
- Thanks to the Western Slope Wellness Center for having us at their Thanksgiving feast held earlier in November. Great to see our friends on the Western Slope and enjoy a great meal with them.
- Due to requests we have decided to change our Saturday Friends and Fitness group from clients only group to a Wellness activity. Wellness participants can now join in the activities which include a physical activity (hiking, walks) usually outdoors with friends which aids in managing depression and reduces isolation.

West Slope:

- The Peer Leaders hosted an MHSA Community Program Planning meeting.
- Community Meal was hosted by the Wellness Center program on November 19, 2019 with over 100 guests in attendance. Special shout out to WS Staff for signing up to prepare delicious dishes and set-up, serve and clean up the event. The Dried Mangoes provided wonderful music to accompany the meal and a Wellness Client shared his special Thanksgiving Day Poem. SLT staff and clients joined us!

ICM Activities:

Tahoe:

- Clients continue to learn skills to manage their diagnosis' and life stressors to achieve their personal goals

West Slope:

- With all 4 WS t-houses at capacity, ICM staff are working extra hard to teach critical rehabilitation skills and provide support to clients learning to live independently as well as having fun and exciting outings on the weekends. Highlights for November outings included hiking, fishing, and indoor movies and mall trips when the weather wasn't cooperative.

Children's Services (Angie Larrigan)

- Direct referrals from EDC CWS to EDC BH has reduced the time it takes a beneficiary to be screened for SMHS medical necessity criteria and appropriately dispositioned to indicated support services.
- Monthly Children's SMHS Contract Provider Meetings continue to take place and are well attended by Sierra Children and Family Services, New Morning Youth and Family Services, Summitview Child and Family Services, and Stanford Youth

Solutions. The meetings focus on quality assurance, utilization review, resource sharing, and networking.

- A new focus for children's services surrounds Assembly Bill (AB) 2083. The intent of AB 2083 is to build upon the current Continuum of Care Reform implementation effort by developing a coordinated, timely, and trauma-informed system-of-care approach for children and youth in foster care who have experienced severe trauma, implementing related memoranda of understanding at the County level, and establishing a joint interagency resolution team at the State level to assist counties in serving those children and youth. More updates on this topic are expected soon.
- EDC BH is eager to implement the use of AVATAR EHR to Summitview Child and Family Services. Currently, Summitview is compiling data to determine how many AVATAR licenses will be needed.

TAY DBT/FEP Program (Sabrina Owen and Doris Jones)

Tahoe

- DBT groups in STHS have expanded due to demand. There are now four active DBT skills groups at STHS and one at Tallac. Staff have additionally attended a recent Early Psychosis Symposium to learn about recent advances in treatment and best practices.

West Slope

- An RFP for DBT/FEP services on the West Slope has been issued.
